NEAR 50 LIVES AND MILLIONS DAMAGE STORM'S TOLL

Indiana State Library

20 KNOWN DEAD AT CINCINNATI ALONE

Still Other Victims Believed to Be Buried Under Ruins of Five Buildings Which Collapsed There.

Terrific Visitation of Wind and Rain Sweeping from Nebraska to Ohio Leaves Lifeless Forms and Wreckage in Its Wake.

According to figures compiled early today more than two score persons were killed and several score injured by the violent wind and rain storm which extended from Nebraska to Ohio last night. The property damage is estimated at several millions of dollars.

The greatest loss occurred in Cincinnati and vicinity where fully twenty persons are known to be dead and fifteen missing, twelve of the dead there being deck hands who were drowned by the capsizing of the towboat Convoy, on the Ohio river.

In eastern Missouri, the storm assumed the proportions of a tornado, demolishing a large area in St. Charles, a town of about 11,000 people.

St. Peters, a town of 300 inhabitants, and Gilmore, a village of 100, were almost wiped out by the tornado. In St. Charles and St. Peters there was no loss of life, while in Gilmore only one person was killed.

In Lincoln and Custer counties, Nebraska, wind and hail caused heavy damage to crops and in the village of Callaway several buildings were unroofed. There had been no loss of life reported early today.

In southern Illinois the storm was severe, causing heavy damage in many localities. At Mound City the business part of the town was flooded.

In central and southern Indiana three persons were killed and many injured. Telegraph and telephone service was demoralized, buildings were unroofed and crops damaged by the heavy wind and rain.

TOTAL WILL GO YET HIGHER.

Twenty Known Dead in the Storm Near Cincinnati.

Cincinnati, O., July 8.—Twenty people are known to have lost their lives in the terrific wind and rain storm that swept this portion of the Ohio valley last night. That this total of fatalities will be increased during the next few hours appears certain as no fewer than ten of those reported as missing are believed to be under the ruins of five buildings that collapsed on Sixth street west of Mound.

The estimate of property damages increases as the day grew older and a committee of business men have placed their figures well above the million mark.

The list of dead include twelve men of a crew of eighteen of the towboat Convoy which went down during the storm. None of the bodies had been recovered, but those who escaped from the sinking vessel are positive that twelve men stuck to the boat too long and went down with her.

Equally Severe There.

The storm was equally severe over northern Kentucky and the property damage on that side of the Ohio river will almost equal that suffered by this city. Only one death has been reported from the Kentucky side of the river today.

Reports from Lexington, Ky., say that the storm throughout the central part of the state was the most severe in years, many buildings in the country being leveled, while a large number of crops have been ruined. No fatalities have been reported from that section, however.

Reports from the smaller cities of southern Ohio indicate that while the storm was severe in these localities yet little property damage was done, although crops suffered heavily.

Six Turn Up Later.

Six of the twelve members of the crew of the tow boat Convoy reported as missing, were located later today.

They had clung to pieces of wreckage from the boat when she went down and floated several miles below the city, landing on the Kentucky side of the river. They remained there all night and walked back to this city today. They reported that the other six men had disappeared when the boat went down and are believed to have been lost.

As definite reports began to filter in today from the suburbs, where telephonic communication was slowly being established the list of missing which at last reports last night indicated between fifteen and twenty, was increasing.

Cincinnati awoke this morning to find railroad service partially paralyzed, its wire communication with the outside world hampered to such an extent that only press wires were available, its streets litered with fallen trees, signs, roofs of houses and other wreckage that had been tossed there by the wind. Numerous church spires were blown down and the wreckage in the streets not yet removed the street car service is decidedly limited.

Kentucky Towns Hit.

From the other side of the Ohio river, in Newport, Covington, Fort Thomas and Fort Mitchell, Ky., come reports of collapsed houses and the street car service to those cities has been entirely suspended.

In the outlying districts of Cincinnati the property damage which was un-

(Continued on Page 9, Column 2.)

LANE SAYS VOTERS WILL MAKE CHOICE

C. R. Lane was asked Thursday by a Sentinel reporter regarding a report that he is to have opposition in the nomination next year as the republican candidate for congress to which he made the following statement:

"I know nothing of any so-called leaders opposing me or that I will have any opposition for the nomination. This is a free country and I will be a candidate for the nomination and I am perfectly willing to take my chances with any others who may enter the race. The nomination will be made by means of a primary and not by a convention as heretofore. It will be bestowed therefore by the rank and file of the voters upon the candidate of their choice and not by an organization of leaders. The primary cannot be held until next March so that there is plenty of time for the voters to make up their minds about the nomination."

GRAND JURY ACCUSES FIVE MONTENEGRINS

Chicago, July 8.—Five Montenegrins, including three commissioners of the king of Montenegro and a former charge d'affaires at Constantinople, were named in indictments returned by the federal graand jury today charging conspiracy to violate the neutrality laws of the United States.

The indicted men are: Jovo Matanovich, Savo Gjourashkovich, B. Martanovich, Anto V. Seferovich and P. M. Luburich. Matanovich and Luburich are under arrest at Portland, Ore.; Gjourashkovich and Martanovich at Bisbee, Ariz., and Seferovich in New York. It is alleged that they conspired to recruit soldiers for the Montenegrin army.

THE BILLION BUSHEL WHEAT CROP NEARER

Washington, July 8.—Prospects of a billion bushel wheat crop this year were increased during last month. Basing its estimate on July 1 crop conditions, the department of agriculture today placed the prospective total production at 963,000,000 bushels, compared with 950,000,000 bushels estimated from June 1 crop conditions.

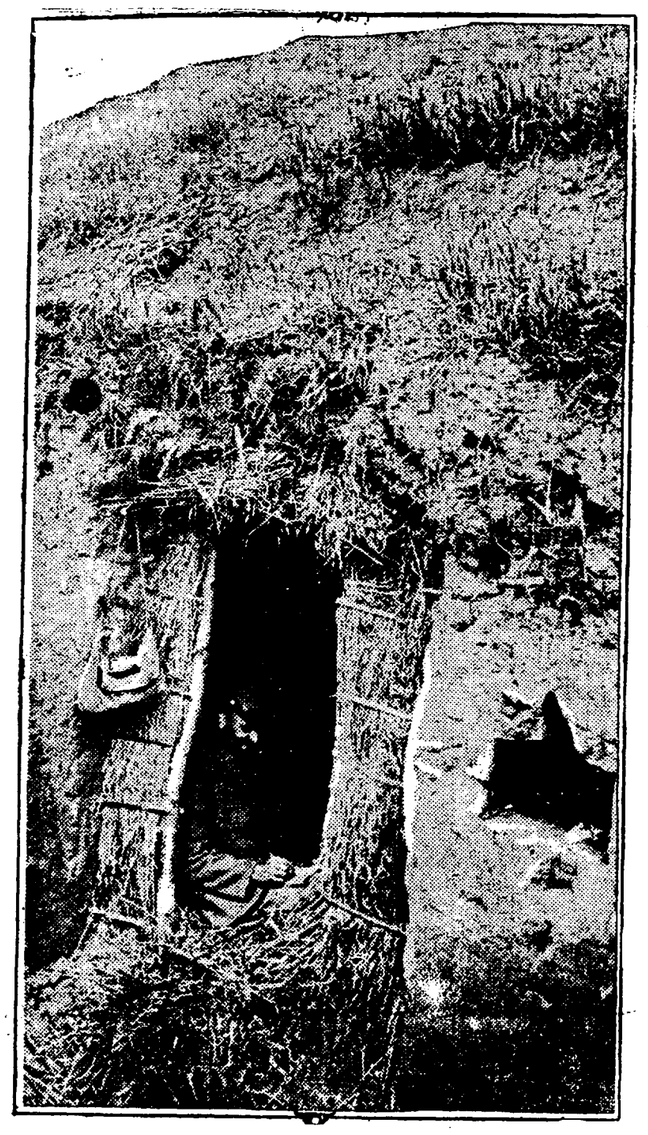
Corn, the nation's greatest crop, should yield 2,814,000,000 bushels with continued favoraable weather, the crop reporting board estimates from this month's condition figures. That compares with 2,672,804,000 bushels harvested last year.

TWO AMERICANS ARE SHELL-FIRE VICTIMS

Washington, July 8.—Two Americans, Richard Martin, either of Chelsea, Mass., or Providence, R. I., and John Mahoney thought to have lived at No. 321 Third avenue, New York, were killed by the shell fire of the German submarine which attacked the British ship Anglo-Californian.

Advices to this effect reached the state department today from Consul General Skinner, at London, who transmitted a report from the American consul at Queenstown. Eight members of her crew and her captain were killed and eight were wounded during the attack which occurred July 4. The Anglo-Californian escaped.

HOME! THERE'S NO PLACE LIKE HOME.



A French soldier's dugout on the fighting line at Neuvelle St. Vaast. He has thatched a doorway and fitted the interior to be as homelike as possible. Note the window in the clay of the trench wall. The soldier himself is sitting in the doorway writing a letter home.

SAYS RICH MEN WANT HIM KEPT IN ASYLUM

Harry Thaw Insists He Has No Animosity Against W. T. Jerome.

New York, July 8.—When Harry K. Thaw took the stand today for cross examination in his sanity trial, he was asked if he had ever said he had no animosity against Wm. Travers Jerome. "That statement is absolutely correct said Thaw."

"When did you first learn that any rich men were interested in keeping you in Matteawan?" he was asked.

"Well in April—I was examined by alienists in February and March." Thaw began indicating later he meant April, 1908. He said that at a habeas corpus hearing at White Plains in 1912 questioning of his sanity "there had been considerable opposition to him." He had been told, he declared, that Jerome had received "financial support" to keep him in the institution and that newspaper articles had intimated it. He read a statement from a newspaper quoting Jerome as saying "certain people would only be too glad to have this fellow adjudged a lunatic."

MAKES NO ANSWER TO GERARD INQUIRY

Washington, uJly 8.—President Wilson has deecided there will be no answer to Ambassador Gerard's inquiry for instructions concerning the tentative draft submitted to him by the German government of its note on submarine warfare and that no comment will be made by the United States until Germany's formaal reply is delivered.

James W. Gerard, the American ambassador in Berlin, conferred at noon today with Dr. Alfred Zimmerman, the German under-secretary of foreign affairs, on the subjecct of the German reply to the American note regarding the Lusitania incident. The conference was for a further discussion of the German tentative proposals from an American standpoint.

Ambassador Gerard's message transmitting the draft of the German note was of such a character as not to require an answer, and the American government has now determined that it cannot enter into any discussion or negotiations until Germany's proposals are formally submitted.

DR. JAMES B. M'EVOY DIES VERY SUDDENLY

Prominent Physician Passes Away Following Three Days' Illness.

Dr. James B. McEvoy, one of the well known physicians of the city, died at his home, 1906 Lafayette street, at 7 o'clock Wednesday evening following a brief illness of but three days' duration. He had been bedfast for that length of time, but his condition was not regarded

DR. JAMES B. M'EVOY.

as serious until Monday evening. Many of his intimate acquaintances were not aware of the fact that he was sick and the news of his death comes as a great shock. Death came at the age of 41 years and was due to a complication of diseases.

Dr. McEvoy was born in Kalamazoo, Mich., February 4, 1874, but moved to

(Continued on Page 9, Column 5.)

RABBI SCHWARTZ TO OCCUPY THE PULPIT

Samuel Schwartz, rabbi at Jacksonville, Fla., has been invited by the trustees of Achduth Veshalom congregation to occupy their pulpit and officiate tomorrow, Friday evening.

Services will be held at the usual hour, 7:45 o'clock.

INDIANA GETS SHARE OF IT

Central and Southern Sections of State in Pathway of Storm.

VINCENNES CENTER OF TORNADIC BLOW

At Least Three Lives Are Lost in Indiana and Illinois.

Indianapolis, Ind., July 8.—Three persons are dead, more than fifty reported injured and property damage to the extent of one million dollars as results of the storm which swept central and southern Indiana and Illinois last night.

At Lawrenceville, Ill., a few miles from Vincennes, Clara Riley, 17, was crushed to death when the Riley home was rdemolished. Her father, Tom Riley, was buried inthe debris and is not expected to recover. Meager reports have been received from Lawrenceville, but it is said that all the principal buildings in the city were partially wrecked.

A prisoner at the state penal farm at Greencastle, named Gibbons, sentenced from Terre Haute, was struck by lightning and killed. Floyd Oakes, an electrician, was killed while attempting to repair a wire at Martinsville. Some sections of Indianapolis were flooded and property damage to railroads, trolley lines and telegraph and telephone systems is reported from many sections of the state. Five Indianapolis homes were struck by lightning, but no one was injured seriously.

Little news has been received from Bicknell, Emison, Bruceville and other towns near Vincennes, but the damage is known to have been heavy. More than a score of persons are reported to have been injured in this section.

A water circus between Evansville and Henderson, Ky., on the Ohio river, was seriously damaged. Twelve persons were blown into the water, but all were rescued.

rop damage is heavy.

VINCENNES IS HIT.

Nearby Illinois Towns Also Suffer Heavily in Storm.

Vincennes, Ind., July 8.—One person is known to have been killed, fifty others are reported injured and property damage is estimated at half a million dollars in the tornado which swept over this city and adjoining territory last evening.

Miss Clara Riley, 17 years old, Lawrenceville, Ill., was crushed by the falling walls of her home when lightning struck the structure at 5 o'clock Wednesday evening. The house was a two story brick structure and was demolished. Her father was struck by falling bricks and is expected to die. Other members of the family escaped with minor injuries.

With the city in darkness last night it was impossible to get an estimate of the damage done here. Little news has been received from Lawrenceville, Bicknell, Emison, Bruceville and the nearby towns but the damage is known to have been heavy. Lawrenceville suffered heavily and reports from there this morning indicate that the property dam-

(Continued on Page 9, Column 3.)

SAYVILLE WIRELESS TAKEN OVER BY U.S.

Action Necessary Because of Alleged Violations of Neutrality.

Washington, July 8.—The United States government today took over the Sayville, L. I., wireless station, the only remaining privately operated direct means of communication between the United States and Germany.

Secretary Daniels announced that Captain Bullard, in charge of the naval radio, had gone to take over the station and would continue its operation with naval forces.

There will be no cange, so far as the public is concerned. Messages will be accepted as heretofore. The only difference will be that naval operators instead of commercial employes will man the keys. The charges collected by the navy will be paid to the owning company.

Today's action, which was taken under an executive order issued by President Wilson, giving the navy authority to take over "one or more" stations, was deemed necessary because of alleged violation of neutrality by the company's operators. It has been charged that when the navy censors had left the wireless room for a minute or two unneutral messages had been sent and that only by a difficult and trying supervision could neutrality be properly protected.

IS IT AN ANSWER TO HOLT'S DIRE THREAT?

British Liner Minnehaha, Far at Sea With Ammunition Aboard, Fights Fire Caused by an Explosion.

New York, July 8.—Frank Holt's last warning voiced by his wife while he lay a suicide in his cell in the Nassau county jail that a steamship would sink at sea July 7, was answered by an explosion on board the British liner Minnehaha, heavily laden with explosives and inflammable materials, 570 miles southeast of Halifax late yesterday.

News of the explosion and resultant fire was received here today by wireless from her captain. The Minnehaha had no passengers aboard. Her crew of approximately 100 men had brought the flames under subjection this afternoon the captain said in his dispatch, and the vessel was heading for Halifax. She was due to arrive there tomorrow morning.

Holt Threat Recalled.

Whether Frank Holt's threat that on July 7 a ship "would sink, God willing" had anything to do with the explosion was not made clear by the captain's message.

The Minnehaha's cargo included several thousand cases of loaded shrapnel shell, tuluol, cartridges and other munitions and approximately 5,000 barrels of oil. The fire aboard the Minnehaha was caused by an explosion, according to a wireless message received at 12:40 p. m. today from Captain Claret. At that time the fire was said to have been mastered. Captain Claret's message read as follows:

"Fire caused by explosion. Now under control by suffocation and steam. Much smoke in holds. Deemed it expedient to make for Halifax. Due off Chebucto Head 9 a. m. Friday. Advise agents."

Much Ammuntion Aboard.

The message came via Cape Race. The ship had sufficient ammunition aboard, by the line's admission, to sink her should the flames reach it, but whether the blaze in her hold was started by a bomb which Holt had placed there was a matter of pure conjecture. It was possible that he had done so, an official said, but one man's guess on that point was as good as another's, he added.

"We do not open and examine every package or parcel taken aboard," an official of the line said. "But we exercise all reasonable precautions to prevent the placing of bombs aboard our ships."

Still Seek for Bombs.

Police authorities continued today their investigations to ascertain whether Frank Holt had planted bombs on board any steamships now on their way across the Atlantic ocean. As a result of wireless warnings, reassuring messages had been received from the captains of the Saxonia and Philadelphia in mid-Atlantic saying that those steamships had been searched for bombs and nothing found. These were the two vessels mentioned by Holt in his letter

(Continued on Page 9, Column 5.)

TRACTION FOREMAN IS FATALLY HURT

W. J. Kronmiller, of Huntington, is Struck on Back by Falling Pole.

Stumbling as he was endeavoring to get out of the way of a falling pole, William Jacob Kronmiller, of Huntington, aged 42 years, a ground foreman for the Fort Wayne and Northern Indiana Traction company, was struck across the back by the post at 9 o'clock Thursday morning, sustaining injuries from which he died a few minutes after he had reached St. Joseph hospital in this city.

The accident occurred ten miles west of the city on the Huntington line about a quarter of a mile west of the Homestead stop. Mr. Kronmiller, assisted by several other workmen, all from Huntington, had lifted the post out of the hole and when it started to fall all ran for a place of safety. The unfortunate man stumbled and fell directly underneath the falling object and before he could get out of the way it struck him, breaking his back.

He was rushed to the hospital in this city, but he passed away shortly after arriving. Coroner Edward Kruse held an inquest.

Mr. Kronmiller resided on West Market street in Huntington and besides his wife is survived by his mother, Mrs. Gottlieb Kronmiller, of that city; four brothers and four sisters—Mrs. C. A. Buchanan, of Tacoma, Wash.; Mrs. J. W. Klumpp, of New York; Mrs. Otto Gemmer and Mrs. Catherine Kohlbacher, both of Huntington; John, of Florida; Gottlieb, of New Mexico; Louis, of Cleveland, and Henry, of Huntington.

RUSSIANS ARE NOW STRONGER

Heavy Reinforcements Are Brought Up Against Austrian Foe.

LATTER FORCED TO ASSUME DEFENSIVE

Violent Fighting With Hand Grenades Goes Forward on West Line.

Today's War News Given in Summary.

At the moment when the Teutonic march through southern Poland was beginning to threaten first Lublin and then Warsaw it has been brought to a halt. Official statements from each side agree that at the one point—in the angle north of Krasnik—where the Russian lines were still displaying weakness, they have been strengthened. It now appears that Grand Duke Nicholas' forces are holding their ground all along the extended front.

Determined attempts by the Austro-German forces to drive the Russians out of what remains to them of Galicia are continuing. Petrograd reports assaults by great forces east of Lemberg, but declares they were repulsed with heavy losses to the attacking army.

Apparently there is a lull in the furious fighting along the Austro-Italian front after the recent determined attacks by the invading forces. Official statements from Rome, however, declare continued advances are being made on the Carnac plateau, where the progress is described as "slow but certain."

The Italian cruiser Amilfi has been sunk in the upper Adriatic by an Austrian submarine. Most of the crew were saved.

London, July 8.—So great has been the weight of reinforcements brought up by Russia along the stretch of territory between the rivers Vistula and Bug, notably in the vicinity of Krasnik, that the Austro-Hungarians for the moment have been forced to assume the defensive and to pause in their rush toward Lublin and the railways running from that city to Warsaw.

The sector on the eastern front where the Russians are making a stand is held almost exclusively by Austrians, and observers here see in the Russian attack not only a desire to keep their line intact in this important part but a deliberate blow at the Austrians who, ac-

(Continued on Page 9, Column 4.)

LAST MINUTE NEWS

REPORTS ADRIATIC SAFE AT HER DOCK

New York, July 8.—The Dow Jones news bureau published late today a statement that the White Star liner Adriatic, had docked safely at Liverpool at 2 o'clock this afternoon. No word had been received by the line at the time this statement was published. Much apprehension has been felt for the vessel's safety following a rumor that she had been marked for destruction by a submarine.

MANY VIOLATIONS OF NEUTRALITY CHARGED

San Francisco, July 8.—More than twenty indictments charging various violations of nuetrality were voted here today by the federal grand jury.

"THE BRIDGE OF SIGHS!"

RAINS DAMAGE GROWING CROP

Farmers Bid Fair to Lose Thousands of Dollars as Result. . .

MUCH DEPENDS ON FUTURE WEATHER

Fair and Warmer is Prediction for Thursday Night and Friday.

The continued rains are playing havoc with the crops in Allen county and unless there is an immediate change in weather conditions the farmers of the country bid fair to lose thousands of dollars.

"If the rain continues much damage will be done," declared Charles S. Bash Thursday. "I don't believe much damage has been done up to the present time and I am inclined to believe that the situation has been somewhat exaggerated. But if the rain continues there will be a different story to tell."

According to Clarence Henry, county agricultural agent, much wheat is down throughout the entire country, but he does not believe any great amount of damage has been done up to the present time. One farmer estimated that the crops in Allen county have already been [illegible]ed to the extent of $100,000, but [illegible]s believed that he has placed his figures much too high.

D. O. McC[illegible] superintendent of the schools of the county, who does considerable traveling throughout the county, was a visitor in Adams township Wednesday and he reports that the farmers there are greatly concerned over the effect the excessive rains will have.

Many farmers have had the same experience as Andrew Blume, residing on the St. Joe road. He started cutting his wheat three or four days ago, but was compelled to stop on account of the rain before he had gone very far.

Big Loss is Inevitable.

Farmers, elevator and mill owners and commission buyers all declare that a big loss is inevitable if present weather conditions continue. Oats are being damaged by the rains through being knocked to the ground, where reapers will not pick it up or where the grain will rot and sprout. Few farmers made their entire clover hay crop without some damage because of the rain. Corn fields are weedy and the fields too soft for plowing. The crop situation a couple of days ago was most encouraging, but not so much can be said at the present time. The result of the present weather conditions is entirely speculative.

Patrick McDonough, government weather prognosticator, offers some encouragement, however, in his forecast issued Thursday. He predicts fair and warmer weather Thursday night and Friday and that is what the farmers need and need badly.

The Wabash is planning to handle a mighty big crowd to Toledo next Sunday on the excursion.

MONEY

$5 TO $100

Why not now; if you need it—for a vacation or any purpose. Repay as you would save it, a little each week or month, if you like.

FIND NO BOMBS, BUT FEAR IS NOT ALLAYED

Holt Infernal Machines on Ships Difficult of Detection.

New York, July 8.—Anxiety over the safety of the two trans-Atlantic liners, Saxonia and Philadelphia, on which Frank Holt confessed placing bombs before they sailed from this port for Liverpool on July 3, was not wholly relieved by wireless reports from the two vessels that the cargoes had been searched and no bombs found. The bombs were supposed to have been timed to explode yesterday.

When Holt's letter, written to his wife and telling of the placing of explosives on one vessel, was transmitted to the state and navy department officials they immediately sent out wireless warnings to the ships in mid-ocean.

May Yet Explode.

Police officials here point to the fact that the bombs were more than likely concealed in boxed cargo or in some other place where it would be almost impossible to find them.

This theory is strengthened by the announcement that infernal machines were found concealed in the cargo of three ships carrying supplies to the French army last May. The bombs had failed to explode on account of faulty construction.

It was at first reported that the navy department had sent a fast cruiser to overtake the imperiled vessels at sea, but this was denied by navy officials after communication by wireless had been established with the liners.

Tells Wife of Plan.

The text of Hoit's letter, telling his wife of the plan to blow up the ships and which was telegraphed to the navy department at Washington, was as follows:

"A steamer leaving New York for Liverpool should sink, God willing, on the 7th. It is the Philadelphia or the Saxony (Saxonia), but I am not quite sure, as these left on the second or third."

On the margin of the letter was written:

"Tear this off until after this happens."

VACATION SEASON AT THE POSTOFFICE

The vacation season is on at the postoffice, every person who has been in the employ of the government for a year being entitled to fifteen days, with pay.

Carrier Charles Rau is spending his vacation at Rome City. Stephen G. Allegeier, clerk in the outgoing mail department, has gone to Detroit. F. A. Herr, night mail clerk, is taking his vacation, and Clerk J. E. Dye, of the day force, has been transferred to night duty during his absence. Louis Nicklas, carrier on city route No. 7, is spending his fifteen days at Lake James. John H. Craig, assistant stamp clerk, is ill at his home, 2108 Cornell street.

The contract for painting the rooms on the second and third floors of the federal building has been awarded to J. P. Sullivan, of Chicago. The custodian of the federal building will readvertise for bids for the repair of the down spouts, which have leaked, destroying much of the plaster in the rooms on the second and third floors.

MEETS AT GOSHEN NEXT YEAR.

Indiana Municipal League Chooses Columbus Man President.

Logansport, Ind., July 8.—The Indiana Municipal League, in session here, selected Goshen as its 1916 convention city. The following officers were elected:

H. K. Volland, mayor, of Columbus, president; Milo Feightner, city attorney of Huntington, first vice-president; Henry Schelch, mayor of Shelbyville, second vice-president; William Crockett, city comptroller of Lafayette, third vice-president; William A. Books, city clerk of Goshen, secretary; Elmer Dean, city clerk of Columbus, assistant secretary; E. G. McMahan, city comptroller of Richmond, treasurer.

AUSTRIANS TORPEDO AN ITALIAN CRUISER

Rome, July 7.—(Via Paris July 8.)—The Italian armored cruiser Amalfi was torpedoed and sunk at dawn this morning by an Austrian submarine while taking part in a reconnaisance in the upper Adriatic, it was officially announced tonight by the ministry of marine. Most of the members of the crew were saved. The text of the statement follows:

"A reconnaisance in force was accomplished last night (July 6) in the upper Adriatic. The Amalfi, which took part in the reconnaisance, was torpedoed at dawn this morning by an Austrian submarine and soon listed heavily to port.

"The commander before giving orders to the crew to jump overboard cried, 'Long live the king, long live Italy!' The entire crew, drawn up along the stern, echoed the shout, giving remarkable exhibition of courage and discipline.

"The commander, who was the last to leave, slipped overboard shortly before the Amalfi sank. Nearly all officers and crew were saved."

The Amalfi, which was completed in 1908 had a displacement of 9,958 tons and was 426 feet long. Her complement in times of peace was 684.

Pola, the Austrian naval stronghold, is situated in the upper Adriatic at the extremity of the Istria peninsula, about 55 miles southeast of Triest. It is probable the reconnaisance referred to in the Italian statement was in this section of the Adriatic.

WOULD PREVENT BOND SALE.

Railroads Seek to Stop Vigo County Road Plan.

Terre Haute, Ind., July 8.—Judge Bridwell, of the Sullivan circuit court, as special judge in the superior court, hear darguments on the demurrer filed by the county commissioners of Vigo county to the complaint of the Vandalia and Big Four railroads, in which they seek to enjoin the commissioners from disposing of the bonds for the eleven Harrison township roads, which were part of the Donn Roberts good roads plan here.

The contracts for the roads were let last summer, and the bonds issued, but aside from a few that were disposed of to property owners interested in one or two of the roads, they have never been sold, although advertised twice for sale. Judge Bridwell took the case under advisement and announced that he would make his ruling within a week or two.

Abe Weiner, who has been representing the Ackerman-Weiner company, wholesale produce dealers, has returned from an extended trip through Tennessee, Florida and Georgia.

CAR TRACK VANISHES WHILE HEARING IS ON

Fort Wayne Company Will Not Pave Street for Jitneys at Logansport.

Logansport, Ind., July 8.—While General Manager Greenland, of the Fort Wayne & Northern Indiana Traction lines, spoke before the board of works meeting yesterday in protest against extending the paving of Broadway from Twenty-sixth street to Spencer park a force of men, brought from Fort Wayne, was tearing up the street car lines from Twenty-sixth street to the park. By noon the entire street car line had been removed.

This action abruptly terminates the car line at Twenty-sixth street and cuts off communication with the principal park of the city, a distance of ten blocks. The street car company hold its right-of-way from Twenty-sixth street to the park under lease and had no franchise. Recently the territory was purchased by two realty companies, which attempted to extend the Broadway paving to the park but citizens remonstrated. The additions then were taken into the city and the paving is to be done under the municipal plan.

"We are through paying for paving over which the city permits the jitneys to travel and compete with us," said Mr. Greenland. "We don't object to the jitney, but we do object to paying for paving streets for the jitneys."

MAKES A PASSING GRADE.

Henry Schone, of the undertaking firm of Schone & Ankenbruck, received a telegram from his son, Julian Schone, of Chicago, Thursday morning, that the latter had successfully passed the Illinois state embalmers' examination. The young man is well known in this city.

The Rev. E. Q. Laudeman was the speaker at the noon meeting today at the Pennsylvania east car shops.

10 KILLED; MANY HURT IN A TROLLEY WRECK

Queenstown, Ont., July 8.—Ten persons were killed and a score injured last evening, when a trolley car on the International Railway's line jumped the track at a curve on the sharp incline leading from Queenstown Heights, into the village and rolled down a steep embankment. The car was carrying a crowd of Toronto excursionists to the boat landing here.

The car was so completely crushed that the work of extricating the injured was distressingly slow. There were about 35 passengers on the car and only 1 or two escaped injury. Eight dead were taken from the wreckage, and two of the injured, one of them a girl of 16, died while being carried from the car to an ambulance at Niagara Falls.

Passengers said that the car seemed to buckle in the center before it leaped the rails. The car was virtually in two sections when it stopped.

Owing to the inaccessibility of the spot there was a long delay in getting the dead and injured into Queenstown and Niagara Falls. Special cars were rushed from both ends of the line.

OLD TWINS BACK TO CRADLE.

Women to Celebrate 86th Anniversary in "Original" Fashion.

Leonardsville, N. Y., July 8.—Women twins, the Misses Glover, aged 86, will celebrate their birthday by being rocked in their original cradle.

Several applications for membership will be balloted upon at the next meeting of the Woman's Relief Corps.

Out-of-town people are welcome to buy their Christmas Presents as per our "CHRISTMAS SAVING FUND PLAN." Next time you are in Fort Wayne come in and let us explain it to you. We sell goods to people who live in Cleveland, Pittsburgh, Indianapolis, Chicago, California, West Virginia, and at a time in Mexico. Our store is opposite the Court House, east side—Foster's!

MONKEYSHINES.

An ice cream social will be given by the children of the Hamilton playground on Friday afternoon.

AMERICAN IGNORANCE OF PHILIPPINES HAMPERING GROWTH OF FAR EAST COLONY.

Filipino girls imbibing progressive ideas of home making at San Fernando public school, and Enrique Sinio, winner in the first insular corn campaign contest.

San Francisco, July 8.—The biggest job confronting the 8,000,000 Filipinos today is the dissipation of the astounding ignorance regarding them. In a material way, this idea—that they are still a lot of half-naked savages inhabiting a jungle—is costing the Philippines many millions annually in suppressed opportunities and undeveloped resources.

To acquaint the American public with the real Filipino of today—an enlightened, alert and progressive colonial—is the mission of the insular commission which recently arrived here.

Through a splendid industrial exhibit and a general educational campaign launched here, these government officials have already done much to bring this about.

How many Americans know that—

Over a million natives speak English well?

The cost of their government is borne entirely by the Filipinos through an annual per capita tax of $2, probably the lowest per capita tax in any civilized country?

An agricultural bank is conducted as a branch of the insular treasury, to facilitate agricultural operations by making loans easily?

More than 621,000 native children attend public school?

The parcels post and postal savings bank were first successfully tried out in the Philippines?

* * *

In clinching and carrying forward the transformation of Uncle Sam's far eastern colonies, the work of the insular bureau of education has been remarkably effective.

Under the directorship of Crone the schools today, from Manila to the farthest mountain barrio, have, through their industrial, academic and athletic program, become a powerful factor in the home and civic life of the Filipino.

Over 400 splendid concrete school buildings, on a par with the best in the United States, have been erected in the larger provinces, built almost entirely by students.

They are in the highest sense of the word social centers as well as institutes of learning, and are rapidly nationalizing a hitherto polyglot people.

Manual training, the planting and care of school and home gardens, agricultural and food campaigns, playground and sport activities, as well as a wide range of industrial work, has elicited astonishing response.

"Centralization of management," asserts Charles H. Magee, assistant director of education, in the islands, "is responsible for this phenomenal progress. Not alone is this rule in our own department, but in the many co-related government activities.

"Call it paternalism, bureaucracy, government ownership or what you will, centralized control has produced results in the Philippines and has been quickly appreciated and supported by a people trained to it.

"It is a new message to the young west from the 'effete and hoary' east—the experiment ground in the world in government, philosophy and other great human movements which make for a better and more enlightened world."

FREE COUPON

NEWS OF FORT WAYNE'S NEIGHBORS

DEATH CAME SUDDENLY.

Decatur, Ind., July 8.—After an illness that did not extend 30 minutes in duration, Dwight Wilder, aged 50 years, a well known farmer of Root township, residing just east of the village of Monmouth, died from a stroke of apoplexy. He had apparently been in the best of health up to the very moment of the attack and all day was busy about his farm with not a single indication that his end was so near. The attack came on while he was in his home with his family and a physician was at once called but before his arrival he was dead. The deceased was a son of Mr. and Mrs. Edmon Wilder, early settlers of Adams county, who established their home in the vicinity of Monmouth many years ago. Here he was born, and all his life was spent on the farm where he died, it having passed to him upon the death of the parents.

HUNTINGTON PIONEER.

Huntington, Ind., July 8.—Oliver C. Hasty, whose funeral will take place this afternoon at 2:30 o'clock, at his home at 1319 West William street, was born in Preble county, Ohio, June 18, 1832, being eighty-three years old. Mr. Hasty came to Huntington at the age of fourteen and had lived in Huntington since that time. He married Miss Anna P. Gardner in 1853. Surviving him besides his widow are one son and five daughters. Mr. Hasty has been in the meat business for a number of years in Huntington. He was a member of the Central Christian church. He had taken an interest in public affairs, affiliating with the republican party all his life. At different times he greatly assisted the party's undertakings.

ROANOKE C. E. UNION MEET.

Roanoke, Ind., July 8.—The third quarterly meeting of the Christian Endeavor and Epworth league union of Roanoke will be held on the evening of July 11 in the Progressive Brethren church, from 6:15 o'clock to 7:30 o'clock. The program is:

Song—Congregation.
Prayer—The Rev. Vawter.
Duet—Progressive Brethren.
"The Gospel Age"—Fred Feighner.
Vocal Solo—Mrs. Wilbur Young.
"Soul Thirst Satisfied"—Mrs. Harry Wilson.
Piano Solo—Miss Lenore Dinius.
"God Our Strength"—The Rev. Teeter.
Quartet—Progressive Brethren.
"Wells of Salvation"—Miss Mary Sites.
Song—Congregation.
Benediction—The Rev. Teeter.

TRYING TO BORROW TROUBLE.

Montpelier, Ind., July 8.—Horses are being received daily now at the Montpelier race track preparatory to the races which will be held here July 21, 22, 23 and 24. Six animals were received there Tuesday. According to some of the "wet" residents of Montpelier, the fact that the saloons have been voted out there will put a damper on the races, for the events will not be backed as strenuously as would have been the case otherwise. The saloons will not go out of Montpelier, however, until after the races. Judging from the number of horses which have been received here the races this year ought to be fair at least.

WILL CLOSE BLUFFTON STUDIO.

Bluffton, Ind., July 8.—Announcement was made yesterday afternoon that Miss Anna Effinger will close her studio on West Cherry street and will embark into the five and ten cent store business at Normal, Ill. Miss Effinger recently returned from a trip to Normal, where she closed the deal for a room and completed other arrangements. Miss Effinger and John Hartle and wife, of this city, left this morning for Chicago, Ill., where they will look after the buying of stock and Mr. Hartle will assist in the opening of the store, on July 17th. Miss Effinger will close her studio in this city for at least two months.

WILLSHIRE MAN IS HURT.

Decatur, Ind., July 8.—Harry Simms, of Willshire, was the victim of a bad accident in the west part of the city. He had been a visitor at the George Krick home on West Elm street and was preparing to leave the city. As he was turning the corner he accidentally gave the reigns too hard a pull and his horse turned the corner abruptly, upsetting the buggy. The buggy is one of the storm protected buggies with glass sides and was badly broken in the fall. The splintered glass badly cut Mr. Simms about the face and a large sliver ran up his coat sleeve, literally laying the flesh open and requiring, it is said, twenty-five stitches to sew up the wound.

INJURED MAN IS IMPROVING.

Warsaw, Ind., July 8.—Edward Scoles, of Leesburg, who was seriously injured Tuesday, when a team which he was driving to a binder, became frightened and ran away, is now reported as slightly improved and resting easily. Scoles at the time was engaged in cutting wheat and when the binder choked up stopped to clean it out. As he was working with the machinery the three horses started to run and as they did so he jumped in front of them endeavoring to stop the frightened animals. He was knocked to the ground and after being trampled by the horses in their mad dash, the binder passed over his body.

TWO HELD FOR ROBBERY.

Van Wert, O., July 8.—As the result of a Fourth of July celebration which included a goodly amount of drinking, Alfred Ward and George Glossette are under arrest and may be forced to face a court on the serious charge of highway robbery. A story came to the ears of the local officers late Monday evening to the effect that two Syrians named Joseph Eiles and George Allaway, were attacked on the Ridge road, about four miles west of Delphos, and about $20, all of the money they had in their possession, taken from them. The two victims have identified Ward and Glossette as their assailants.

WHEAT CUTTING DELAYED.

Van Wert, O., July 8.—Rain has put the cutting of wheat off until the latter part of the week at least and probably even longer than that, making the threshing correspondingly late. In all probability the delivery date at the earliest will be two weeks hence. Should additional rain make its appearance the delay will be lengthened, as it is impossible to cut wet wheat. Rain during the time that the wheat is in shock will also tend to further delay the delivery. Under ordinary circumstances the first wheat would reach Van Wert market by July 10, while this season the grain will still be standing in the fields on this date.

CHANGES IN POLICE FORCE.

Columbia City, Ind., July 8.—Milo Yontz, of the Columbia City police force, has asked for two months' vacation, and the same has been granted him, and he will conduct his threshing machine during that time. He has secured Korah V. Pressler to fill his position while he is off duty. Mr. Pressler has been on the police force in this city before and understands the duties thoroughly. Mr. Yontz went to his father's, Dillon Yontz's farm, Wednesday afternoon where he has his machine stored.

FALLS FROM TRANSOM.

Bluffton, Ind., July 8.—Walter Shead, an employe at the office of the Bluffton Banner, will be confined to his home for several weeks, in consequence of an accident in which he fell and sustained a fracture of his left leg, above the knee. He had intended to go hunting and went to the office early to get a gun and, not having a key, was crawling through a transom to get into the office when he fell.

JAY COUNTY VITAL STATISTICS.

Portland, Ind., July 8.—Vital statistics for Jay county shown by the report of Dr. M. M. Moran, health commissioner, just filed for the months of April, May and June, this year, include during that time thirty-six marriages; eighty-four births and thirty-one deaths. There were but thirty-five contagious diseases during the period.

HAD A SANE FOURTH.

Montpelier, Ind., July 8.—For the first time in several years Montpelier has passed over Fourth of July without having any serious accident due to fireworks. There were several slight burns but the serious accidents which have made the celebration of Independence day a horror have not been reported.

VALUABLE MARE INJURUED.

Bluffton, Ind., July 8.—A valuable trotting mare belonging to Harry Isler was severely kicked by another horse, Tuesday, while in pasture at the Studabaker grove and it will probably be necessary that she be killed on account of the severe cuts and wounds she received. The mare was valued at $300, and Isler had been offered that sum two or three times.

Wayne circle, No. 54, Ladies of the G. A. R., will meet in App's hall on Calhoun street, Friday evening, at 7:30 o'clock in regular session in place of the reception that had been planned.

What Causes Sore Feet?

Aching, Burning, Sweaty Feet, Corns, Callouses and Sore Bunions.

Science has proven that nearly all foot troubles originate in the common cause of injured or congested tissues. The thousands of victims of daily foot torture will welcome this information of a simple home treatment (known to best foot doctors) that acts through the pores, removes the cause, and gives instant relief. "Dissolve two spoonfuls of Calocide compound in a basin of warm water. Soak the feet in this, gently rubbing the sore parts." The effects are marvelous. All pain goes instantly and the feet feel delightful. Corns and callouses can be peeled right off; bunions, aching feet, sweaty feet, get immediate relief. Don't waste time on questionable remedies; get the genuine Calocide from any drug store, but don't be persuaded to take something else instead. There is nothing even similar to Calocide. A twenty-five-cent package is said to be enough to cure the worst feet. Medical Formula laboratories, Dayton, O.

Miss Jessie Steward, of Fort Wayne, came Sunday and has accepted a position in the Samuel Markle restaurant.

Mrs. Josie Baltz, of Auburn, spent Monday at the Jacob Baltz home.

WOODBURN NEWS.

Woodburn, Ind., July 8.—Miss Josephine Faulkner was given a miscellaneous shower at the home of Miss Edna Augspurger on North Union street Thursday evening in honor of her approaching marriage to Chris Grieser. Sixteen friends of the bride-elect were present at this very happy affair and showed something of good will and affection for Miss Faulkner by taking a number of beautiful gifts to her. The porch was very pretty to see with a decoration in red, white and blue colors. The luncheon, which was carried out in the same colors, was served by Miss Nellie Doering and Miss Edna Augspurger. The bride-elect entertained the girls in the earlier part of the evening by hunting her gifts, which were scattered through the house, porch and yard. The remainder of the evening was spent in playing games and contests, prizes being won by Miss Olive Augspurger and Miss Hermine Habegger. Those present were the Misses Lila Neuenschwander, Bessie Leever, Ethel Cotner, Gladys Litzenberg, Edith Applegate, Rose Ehreman, Hermine Habegger, Frieda Waltke, Nellie Doering, Prudence Yaggy, Edna, Olive and Marie Augspurger, Vera Braun of Berne and Mrs. Ray Schockey.

A. A. Pointer, of Antwerp, O., was a business caller here Wednesday.

Marion Lodmer, a student of Winona college, was the guest of his parents Mr. and Mrs. P. F. Lodmer, over the Fourth.

The Misses Olive and Marie Augspurger, Bonita Hogue and Prudence Yaggy motored to Grabill Monday.

Mr. and Mrs. Ray Schockey were visitors at Payne, O., Saturday evening.

Miss Opal Applegate, of Hicksville, O., is the guest of John H. Applegate and family.

Austin Augspurger was a business caller at Paulding, O., Tuesday.

ANDREWS NEWS.

Andrews, Ind., July 8.—Mrs. Henry Hiebl, north of town, is very ill.

Mr. and Mrs. Henry Yentes, of Bippus, were Andrews callers Saturday.

Mr. and Mrs. W. D. Cole, of Huntington, spent a few days with relatives in Andrews.

Miss Ruth Hildebrand, of Mt. Etna, spent Saturday in Andrews.

Dr. Poinier is on the sick list.

Miss Ruby Ross, of Belden, spent Sunday with Miss Laura Needham.

Mrs. Willie Kramer, of Tipton, is visiting relatives here.

Misses Bethel Haley and Muriel Brown, of Roanoke, were Saturday and Sunday guests of Miss Haley's sister, Mrs. H. R. Wasmuth.

Chester Briggs and family, of Fort Wayne, spent a couple of days with Mrs. Briggs' brothers, Clarence, Gus and Mart Karst.

Miss Letta Tobey, of Decatur, Ill., was the guest over Sunday of her aunt, Mrs. J. H. Kaufman, and family. She was en route to Philadelphia, where she is to enter college.

Misses Inez Brewer and Neva Stouder are home from school from North Manchester for a few days.

Miss Pauline Wasmuth, of Roanoke, was a guest of Mr. and Mrs. C. E. Endicott a few days.

Miss Bernice Helms, of Huntington, was a caller here Saturday.

Mrs. John Torpey passed away Saturday morning after several weeks' illness.

Samuel Schofield has purchased the Bonewell property on South Main street.

Misses Helene, Ellen and Elizabeth Wasmuth, of Roanoke, spent last Friday and Saturday with their uncles and aunt, Messrs. H. R. and A. D. Wasmuth and Mrs. C. E. Endicott.

Mrs. Kate Cubberly has been suffering from dropsy the last week.

Guilford Mahoney, of Peru, was here Saturday.

E. C. Stouder was a Marion visitor Monday.

Mrs. Eli Wise has been very sick since Thursday.

Mrs. Jennie Reynolds, of Marion, visited at the Everett Brown home over Sunday.

Mrs. Hubert Young and children, of Huntington, visited her mother, Mrs. Thad Hart, this week.

Mr. and Mrs. Cecil Reed and son were Sunday visitors with Mrs. Reed's father, Deb Ross, near Belden.

Messrs. and Mesdames E. L. Taylor and D. C. Kilty spent Sunday at Webster Lake.

L. E. Knee has finished a cement barn on his residence lot this week.

Mrs. Ed Rudig is improving nicely after several weeks' illness.

Mr. and Mrs. C. E. Endicott and daughter are spending several days in Chicago, where Mr. Endicott is looking after business interests.

AWARD CONTRACT LATER.

Bids Are Opened for the Erection of the New Hope Hospital.

Bids for the general contract for the construction of the new Hope hospital were submitted, Wednesday afternoon, at 4 o'clock to the hospital officials by Architect Charles R. Weatherhogg. The contract, however, will not be awarded until the bids for the wiring, plumbing and heating have also been opened, which will probably not be until the middle of next week. The general and smaller contracts will be awarded at the same time.

HURT WHILE CRANKING AUTOMOBILE

A Common Cause of Accident.

EVEN WITH the increasing use of self-starting devices, a good many automobile users continue to suffer from severe injuries on account of "back-fire."

The accident insurance companies report a good many indemnities paid on account of this class of injuries. The Fort Wayne Mercantile Accident Association has met a large number of claims of this character, and the financial balm supplied by the local institution has helped wonderfully to lessen the hurt of many a crippled arm.

Among the automobile drivers who have been fortunate and unfortunate in this connection—fortunate in having accident insurance in the Mercantile at a time when they were unfortunate enough to get hurt in this way—may be mentioned: Dr. M. F. Whisler, of Wabash, Ind.; Dr. Harold O. Williams, of Kendallville, Ind.; James B. Farr, of Wabash, Ind.; Dr. Alva C. Surver, of Muncie, Ind.; J. K. Duff, of Lagrange, Ind.; Dr. John T. Wheeler, of Indianapolis; James M. Gloin, of Bay City, Mich.; Rev. H. S. Morrison, of Rugby, N. D., and others.

These claims have averaged $82 each while one reached $115 and another $135.

In this connection, it is interesting to note that the Fort Wayne Mercantile Accident Association pays $1,250 for the loss of a hand or foot by accident; $2,500 for the loss of one arm or leg; $5,000 for the loss of both eyes—in fact, its liberal provisions in cases of disability or death by accident make it the most attractive accident insurance at the lowest cost.

The Mercantile 'phone is No. 2494. Find out more about what it offers to you by calling this number.

THE SENTINEL'S DAILY SCRIPTURE READING.

Genesis 40:1-11.

1 And it came to pass after these things, that the butler of the king of Egypt and his baker had offended their lord the king of Egypt.

2 And Pharaoh was wroth against two of his officers, against the chief of the butlers, and against the chief of the bakers.

3 And he put them in ward in the house of the captain of the guard, into the prison, the place where Joseph was bound.

4 And the captain of the guard charged Joseph with them, and he served them; and they continued a season in ward.

5 And they dreamed a dream both of them, each man his dream in one night, each man according to the interpretation of his dream, the butler and the baker of the king of Egypt, which were bound in the prison.

6 And Joseph came in unto them in the morning, and looked upon them, and, behold, they were sad.

7 And he asked Pharaoh's officers that were with him in the ward of his lord's house, saying, Wherefore look ye so sadly today?

8 And they said unto him, We have dreamed a dream, and there is no interpreter of it. And Joseph said unto them, Do not interpretations belong to God? tell me them, I pray you.

9 And the chief butler told his dream to Joseph, and said to him, In my dream, behold, a vine was before me;

10 And in the vine were three branches; and it was as though it budded, and her blossoms shot forth; and the clusters thereof brought forth ripe grapes;

11 And Pharaoh's cup was in my hand; and I took the grapes and pressed them into Pharaoh's cup, and I gave the cup into Pharaoh's hand.

Bringing Back Flood Memories

Without doubt those tremendous downpours which are causing unseasonable floods in many sections of the country will serve to bring back to Fort Wayne people some rather unpleasant memories of this city in 1913, when for a week large sections of the city were overflowed, several lives were lost and property damaged to the extent of many thousands of dollars. At intervals during the past month Texas, Oklahoma, Arkansas, Kansas, Missouri and other states in that region have suffered heavily from floods. Wednesday night's storm at several points in Indiana amounted to a deluge that has sent streams out of their banks and the resultant damage will undoubtedly be very heavy.

We are apt to view with rather passive interest such conditions when they are remote from the particular section in which we chance to live. When they come nearer, a rather more definite focus is had upon the situation and we get a clearer view of the possibilities of such a visitation. It is true that every disastrous flood that has yet visited Fort Wayne has come with the winter thaws or in the very early spring season. At other seasons of the year we have regarded ourselves as immune from danger of this character and have declined to allow ourselves to become unduly excited over the prospect of high waters. The lesson of the present situation, however, is that there is no absolute security as to season, and no safety aside from that provided by intelligent and systematic precaution in the way of flood prevention.

Just at this time the proposal for the formation of a flood prevention district in Allen county under the provisions of the state law to deal with this problem is under way. Property-owners are being invited to sign the petitions which will authorize procedure under the law. The very recent experience of other sections of the country as told in the newspaper dispatches ought to stimulate a little livelier interest in flood prevention here. Have you signed that petition yet?

City Attorney Kistler, of Princeton, speaking before the convention of the Municipal League of Indiana at Logansport, is quoted as having declared that Indiana cities are the most beckward in the country in the matter of civic improvement. It will be the very general opinion of those who have looked into the matter at all that Mr. Kistler in his zeal to bring about improvement is making the indictment entirely too strong. It is true that there is in some quarters a rather sizeable element, and in perhaps all quarters a trace of it, that opposes civic improvement on the ground that it costs money and that the old manner of doing things is good enough anyway. That, however, is not the sentiment that rules in Indiana today. Our cities and towns are doing things. The improvement accomplished and in progress is pronounced. We may not actually lead the procesession in the matter of parks and playgrounds and beautification and other phases of civic improvement, but we are by no means trailing the civic parade.

And as if Uncle Sam is not confronted by a sufficiently large and varied assortment of problems in seeking to preserve strict neutrality during the war, Montenegrin reservists are being recruited by trainload to be shipped out of this country for service on the battlefields. Happily activity along this line came quickly under the eye of the federal authorities and organized effort at recruiting in this country will doubtless be promptly halted. Perhaps President Wilson is wondering as to the precise time when nothing more in the way of annoyance can happen because all of it has already occurred.

President Davidson, of the Indiana State Bar association, cites with profound regret what he believes is a growing disrespect for law, and lays the blame for the condition upon "useless, foolish and unjust laws." Still another reason might be listed—the course of some lawyers in attempting to make the laws fit the precise desires of their client, on whatever side of a case they may chance to be retained.

Doctors at a hospital in Aurora, Ill., have installed a phonograph in the operating room, and contend that the soothing effect of melody is distinctly beneficial to the patient at a time when he is naturally weak and depressed. Doubtless it will soon be quite the fashion to have one's appendix removed to rag-time if the surgeon can speed up his instruments to keep in step with the syncopated melody.

The fact that one prisoner has been struck by lightning and killed while at work on the new Indiana penal farm will doubtless be seized upon by other promising candidates for the place as a perfectly good reason why they should not be sent there.

As an inventor of theatrical climaxes, what a tremendous success that man Holt would have made in the field of the thriller drama!

THE DOCTOR'S HARD JOB.

(Kansas City Star.)

To the Star: We have just had a very bad sickness in our family. The doctor made a mistake in the nature of the disease, and before he got right his patient was nearly dead. Fortunately the patient recovered. But the case has shaken my faith in doctors. Isn't medicine all guess work? J. C.

J. C. doesn't tell the nature of the sickness that fooled the doctor, so the apportionment of blame is out of the question. It is quite possible that the doctor wasn't competent, for incompetent men get into medicine, just as they do into all other professions. But there is another side to the incident.

From the very nature of the practice of medicine there has got to be what J. C. calls a good deal of "guess work" in it. The human body is a very intricate and delicate machine. It is more. It is a very delicate and intricate machine which it is exceedingly hard to get into.

The automobile is a comparatively simple machine. All that is necessary to keep it running is to get a proper mixture of gas and air into its cylinders, with an electric spark at the proper moment to explode the mixture. But if J. C. has had any experience with automobiles, or if he has talked with any mechanic or other person who has had experience, he must know that often it is the hardest thing in the world to diagnose the trouble with the motor from the symptoms. The same symptoms of trouble may come from half a dozen different causes.

A man who had difficulty in starting his car told his troubles to the head of a large repair shop, and asked what was the matter. "I can tell you a lot better after I get into the engine," was the reply. "Maybe there is dirt in the carburetor. Maybe you have a sooty spark plug. Maybe there is a short circuit in the ignition system. Maybe there is a loose wire. I can't tell until I see."

The doctor is often in the position of this mechanic—except that he can't get into the machine to see what is the matter. He has to act on symptoms so indefinite that the mechanic would feel he had no basis to go on. If he could lift the hood of the human machine and inspect the machinery he would feel much more confident. Much advance has been made in recent years in diagnosis of human ailments. Various tests have been perfected, so that the doctor in many cases really has something to go on. He has tests, for instance, for typhoid fever and diphtheria and tuberculosis and various other diseases. He takes the blood pressure of the patient, or has a blood count made, or finds from a bacteriological examination whether a certain suspected germ is present. But for all that, the present stage of medical science is still unsatisfactory. How unsatisfactory the best doctors are keenly aware.

Still, it is the greatest agency in the world for relieving human suffering. There is no more useful citizen than a well trained, honest, intelligent doctor.

VACATION IN THE COUNTRY.

(Ohio State Journal.)

A great thing would it be for a city boy to spend his summer vacation on a farm; and now is the time to get into the notion. Don't look for wages so much as for experience. Work enough and some more to pay for your board. Have a few good books to read at leisure hours, but the great idea is to get health and clean life, and quiet days. This incessant clamor and clatter and show in a city is enough to crush out all youthful enthusiasm and aspiration. It would be almost a matter of proof to say that the ordinary town vacation of youth is quite enough to neutralize all the spiritual and mental vigor a boy achieved during the year at school. Remember, you don't put up a stock of knowledge and purpose as you would a bin of wheat, there to stay till you call for it. The knowledge and purpose easily leak out or are spoiled or lose their flavor, and they are apt to do that in a summer vacation unless closely watched. Go to the country, boys, and get into an environment of nature and simple living.—Ohio State Journal.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Dr. G. W. Loag is confined to his bed by illness.

J. B. Monning has gone to Findlay, Ohio, on business.

Peter Morganthaler and son, Cliff, are fishing at Rome City.

A new flag is badly needed on the federal building here.

J. B. Williams has returned from a business trip to Oil City, Pa.

J. W. Pearse has two trotting horses entered in the races at Columbia City tomorrow.

Hon. James M. Barrett and Charles E. Bond will leave Saturday to join their families at Petoskey.

Mr. and Mrs. George Louttit have returned from Joplin, Mo., and will probably decide to locate here permanently.

Ben Walker, the noted turf driver, drove Emmett Powers' "Wayne Wilkes" an exhibition mile at the Grand Rapids races yesterday.

Mr. and Mrs. Otto Gross and August Detzer are at Lake Maxinkuckee attending the state pharmaceutical convention in session there.

Hugh Stewart, ex-postmaster at Monroeville, is in the city. He is now connected with the W. W. Dudley agency, solicitors of pensions and patents.

Rev. John Merritte Driver, pastor of Simpson M. E. church, delivered a lecture in the circuit court room last evening under the auspices of the African M. E. church.

Charles McCulloch, of the Hamilton National bank, has returned from Bear Lake, Mich., and will soon leave for Washington, D. C., to visit his father, Hon. Hugh McCulloch, who is quite ill.

Hon. R. C. Bell has returned from a fishing excursion to Petoskey, where he was the guest of Judge S. R. Alden. The senator's nose is peeled and his complexion sunburned, but he reports having had a fine time.

Judge Joseph W. Adair, of the Whitley circuit court at Columbia City, has refused to grant the motion for a new trial for Thomas Davidson, the Allen county murderer, who was tried on a change of venue in that court for killing his aged uncle near Arcola, and sentenced to imprisonment for life has been passed upon him.

5% MONEY

To loan on improved city and farm property. Long time loans.

WAYNE MORTGAGE LOAN CO.,

LINCOLN LIFE BUILDING.

FORT WAYNE LEADS IN BANK DEPOSITS

Total of $22,947,781 in Local Banks When Last Report Was Made.

According to the recapitulation just made by Paul F. Kuhne, manager of the clearing house, of the figures submitted by the local banks to the comptroller at Washington, D. C., there were $22,947,781 on deposit in Fort Wayne banks, not including approximately $200,000 on deposit in the Commercial bank and Nuttman & Co.'s bank. On May 1, 1915, when the last report was made to the comptroller there was $23,160,162.96 on deposit in Fort Wayne banks.

The figures show that despite the war in Europe and the cry of hard times the people of Fort Wayne, represented largely by the wage-earners, continue to pile up savings in the several banks of the city.

While it is not generally known there is more money on deposit in Fort Wayne than in Dayton with a population of 116,577. Youngstown, Ohio, had on deposit $20,438,379.97, as compared with $22,947,781 in this city. Evansville had on deposit something like nineteen millions of dollars.

KENDALLVILLE NEWS.

Kendallville, Ind., July 8.—Mrs. W. G. Fish, Mrs. J. A. Shaffer and Mrs. A. C. Shore chaperoned a party of young people to Rome City Tuesday. The party included Misses Helen Bragg, Lillian Fish, Audrey Krueger, Huldah Miller, Lucile Moses, Veda Shaffer and Lois Shore, of this city, and Miss Jane Bartlett, of Brooklyn, N. Y.; Miss Evelyn Kegg, of Ligonier, and Miss Lois Rose, of Chicago.

Mr. and Mrs. Herbert S. Browne and B. J. Fierlein and daughter, of Chicago, are guests of Mr. and Mrs. Eugene Iddings.

Mr. and Mrs. William Weil and children are visiting relatives in Lagrange.

Mrs. Zella Ressler, who has been an operator at the Bell telephone office, has accepted a position as supervisor of the exchange at South Bend.

Miss Tillie Pugh is home from Angola, where she visited friends.

B. Pullman and family are enjoying an outing at Rome City.

Mrs. Mason McFarland is visiting relatives and friends in Wawaka.

Miss Edith Fullerton, of Fairfax, Minn., who has been the guest of her uncle, R. E. Fullerton and family, for the past six weeks, left Wednesday for Chicago, where she will visit friends before returning home.

Miss Florence Ward is visiting relatives in Bryan, Ohio.

Mrs. Abbie Pierce, chief operator at the Bell telephone exchange, left last week for San Francisco, Cal., to visit the exposition.

U. S. Pfaff and Milton Stiffney are at Wellston, Mich., on business.

Henry Lohman and daughter, Miss Henrietta, left Sunday for a visit with Mr. Lohman's brother and family in New York city.

Mr. and Mrs. John Myers and daughter have returned to their home in Cleveland, after visiting Mr. and Mrs. I. A. Patchen.

Mr. and Mrs. William Moore, of Vincennes, are guests of J. E. Longyear and family, north of the city.

A son was born Saturday to Mr. and Mrs. Sam Pierce.

Announcements have been received in this city of the marriage of Miss Floy Deter, of this city, and Joe Lehr, of Mishawaka, formerly a clerk in the Otis drug store, which took place in Mishawaka last Wednesday.

Norman Auer submitted to an operation for appendicitis at the Sacred Heart hospital at Garrett Saturday evening.

Miss Frances Smith and Earl E. Kern were quietly united in marriage Monday afternoon at the home of the bride's parents, Mr. and Mrs. W. A. Smith, on Clark street. Only the immediate families were present. The ceremony was said by the Rev. W. D. Trumbull. The bridegroom is the son of Mr. and Mrs. J. Kern, of Grant street. The bride has been employed as stenographer for Charles Lee & Son, plumbers. Mr. and Mrs. Kern left immediately after the ceremony for Bryan, Ohio, where Mr. Kern holds a responsible position with a manufacturing concern and where a home has already been furnished.

GRABILL NEWS.

Grabill, Ind., July 8.—Mr. and Mrs. J. S. Hollabaugh and children, of Spencerville, spent Sunday with Mr. and Mrs. Harry Grabill.

F. D. Tope and family spent a few days with relatives at Payne, O.

Albert Egly and W. W. Wann were at Fort Wayne Saturday on business.

Mr. and Mrs. Joseph Schlatter called on George Kessler and family, near Hurshtown Sunday.

Mr. and Mrs. David Rediger and daughter Clarice, of Pioneer, O., spent Sunday and Monday with B. S. Gerig and family.

Joseph Witmer and family and Mr. and Mrs. David Witmer motored to Berne to spend the Fourth with relatives.

Daniel Witmer and wife were in Fort Wayne Monday with relatives.

Paul Augsburger, of Woodburn, was a caller here on Thursday evening.

Dr. and Mrs. O. K. Hilty are spending a week's vacation at Winona Lake.

Mr. and Mrs. Longwood, of Fort Wayne, are the parents of a baby girl. Mrs. Longwood will be remembered as Maude Howey, formerly of this place and well known here.

Miss Magdalena Stuckey arrived here last week to spend the summer with her sisters, Mrs. Albert Egly and Mrs. Sarah Hartley. Miss Stuckey spent the winter in Enid, Okla.

Rufus Roth and David Gerig, of Fort Wayne, spent Sunday and Monday with their parents here.

Mr. and Mrs. Lloyd Hursh, Mr. and Mrs. Christian Shank and son Gaylord, Mrs. Carrie Conrad and son Kenneth, and Miss Lillie Witmer motored to Fort Wayne Tuesday to see the Liberty bell.

Mrs. Daisy Witmer and Miss Frieda Reichelderfer were shoppers at Fort Wayne Friday.

Albert Lantz and family spent Sunday at Berne with relatives.

Miss Luella Sumney spent a few days of last week at Bluffton, O.

David Roth made a business trip to Fort Wayne last Friday.

Mr. and Mrs. David Souder and Mr. and Mrs. Aaron Souder and son Kermit, also Mrs. Jesse Gerig motored to Berne Saturday for a few days.

Mr. and Mrs. Jerry Klopfenstein and Mr. and Mrs. Harry Grabill attended the Fourth of July celebration at Robison park Monday evening.

The local farmers are very busy making hay and cutting wheat, both crops being exceptionally good this season.

The annual reunion of Mooseheart legion will be held at Huntington next Sunday. The officers recently elected in Fort Wayne will be installed at that time.

Base Balls From the Theatre Roof on Boys' Day.

An even hundred base balls will be thrown from the roof of the theater building on Wednesday, July 14th. The rush for the balls is a mighty scramble and is one of the most enjoyable events of Boys' Day. July 8, 10, 13

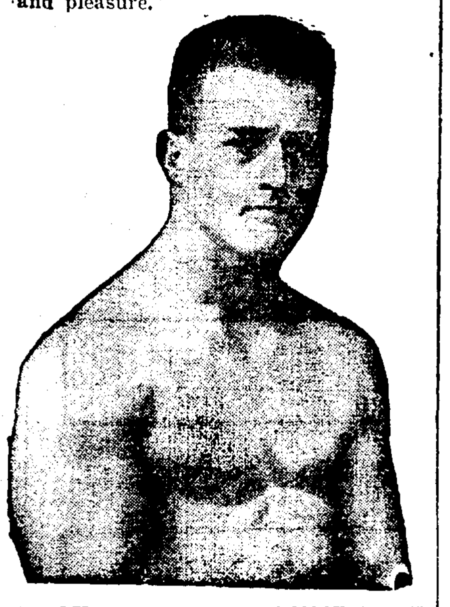
"Gain 22 Pounds In 23 Days"

Remarkable Experience of F. Gagnon, Builds Up Weight Wonderfully.

"I was all run down to the very bottim," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put 10 pounds on me in 14 days," states W. O. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."



A PLUMP, STRONG, ROBUST BODY.

"Before I took Sargol people used to call me 'skinny,' but now my name is changed. My whole body is stout. Have gained 15 pounds and am gaining yet. I look like a new man," declared another man who finished the Sargol treatment.

Would you, too, like to quickly put from 10 to 30 lbs. of good, solid, "stay-there" flesh, fat and muscular tissue between your skin and bones?

Don't say it can't be done. Try it.

More than half a million thin men and women have gladly made the test and that Sargol does succeed, does make thin folks fat even where all else has failed, is best proved by the tremendous business we have done. No drastic diet, flesh creams, massage, oils or emulsions, but a simple, harmless home treatment.

SARGOL has earned such a tremendous reputation for itself that Meyer Bros. Co., Dreier Drug Co., D. & N. Pharmacy, the Family Drug Co. and other reliable druggists in the vicinity of Fort Wayne will gladly sell it to you under a positive guarantee to refund your money should there be no satisfactory weight increase.—Adv.

SOME OF THE WONDER FEATURES OF SHOW

Rutherford Combination is Bringing Much to Midsummer Festival.

The Rutherford Greater Shows, engaged to provide amusement for the mid-summer festival for the benefit of the Anti-Tuberculosis league for the week of July 12, offer so much in headline features that they can only be catalogued and not described within the limits of a newspaper article.

Above all the attractions in this or any other combination of shows is the LaRose electric fountain, an amazing fire and water spectacle that can only be appreciated by being seen and once seen can never be forgotten.

Then there is the human silo, an attraction that is entirely new, furnished an exhibition of the most hazardous and thrilling riding. Julia Allen, with her great wild west show, provides a fine program of trick, fancy and rough riding. Ted Metz has a regular circus sideshow with a congress of curiosities and freaks that make his outfit look like a world made for spite. There are the auto-drome; Zalla's big-city vaudeville show; the Busy City, a mechanical wonder that is a marvel of ingenuity and highly instructive; "Beauty and the Beast," an illusion show that will keep you guessing; "Baby Jim," the largest man in the world; the monkey circus by a tribe of simians that are full of funny tricks; "Submarine 4-U," a laugh-making novelty hot from the hammer; the Panama canal, a topographically accurate view in miniature of the greatest engineering feat of all time; the big Eli wheel, almost 100 feet high; the Tango Dip, a joy ride that restores good humor to the soul; the Caroussel, the largest in the world and carved wholly by hand, and other features novel, amusing or ludicrous, and the great Royal Italian band of Professor Marrazini. Altogether the Rutherford Greater Shows will be found to fulfill every expectation and more.

Donations for Country Store.

The following business houses have already made donations for the country store that will be operated at the show grounds by the Anti-Tuberculosis league: Phelps & Co., the Baade-Wyneken company, the Sanders book store, M. App & Sons shoe store, Lehman Book and News company, Lehman clothing store, Heit, Miller Lau company, Madame Catherine's corset shop, Wolf & Dessauer, the Grand Leader store and Rurode Dry Goods company. The store will be in charge of young ladies who will be designated by the league. Plans for the store have been completed by the committees.

The popularity contest has been declared off. The shortness of the time in which to make the campaign and the fact that several of the young ladies placed in nomination had already made plans for their summer vacations, led the committee to believe that the contest would lack interest and it was decisively abandoned.

ANTWERP NEWS.

Antwerp, O., July 8.—Floyd Craft, wife and baby, of Toledo, were visitors here over Monday, he returning to the city while wife and baby remain the balance of the week.

Miss Ethel Seeley, who is employed at Fort Wayne, spent Sunday and Monday here at her home, the guest of her parents, C. A. Seeley and wife.

Frank Lamb made a journey down to the "Future Great" city, Tuesday, the trip being one of a business nature.

Miss Genevieve Grant and Flossie Johnson are home from a visit at Payne, where they were the guests of the former's sister, Mrs. Fred Pio, and family.

Oliver Reeb, who has held a position the past year at the Derck grocery, has resigned. Bert Helsel is now on the job.

Jacob Oaks, wife and son Gerald, of Milan, Mich., who have been visiting here the past week, the guests of his sister, Mrs. Milo Schwab, and family, returned to their home Tuesday.

Edward Edgerton, one of the prominent residents of Woodburn, in company with his wife and Mrs. J. A. Eby of that place, motored to this burg Tuesday, where the ladies took the first train for Wauseon, where they will visit a few days the guests of Dr. Betts and family.

Mr. and Mrs. Amos Seigler, of Toledo, and Mrs. Logan Chaney, of Duran, Mich., who have been visiting here the past few weeks, the guests of James Keesler and family and other relatives, returned to their homes Tuesday.

The Antwerp Citizens' band will favor our citizens with an open air concert Thursday evening if the weather is favorable. This is their first appearance this summer. Prof. Tragnitz will be with them and a good program of popular airs will be rendered.

Nevada Coons, of Sturgis, Mich., accompanied by his mother, Mrs. S. E. Coons, of Paulding, were Antwerp visitors Tuesday, the guests of Mr. and Mrs. James Sexton and family.

Mr. and Mrs. F. J. Thompson and daughters, Helen and Dorothea, and son Fred, of Fort Wayne, who have been visiting here the guests of her parents, Mr. and Mrs. F. E. Reeb, returned to their home at Fort Wayne the first of the week.

The Wabash railway is now employing quite a large number of men in the work of raising and reballasting its tracks through this place. Thirty more Italians came Monday, which makes about 120 now at work.

Mr. and Mrs. Alex Grant and daughter May and Mr. and Mrs. Fred Pio, of Payne, are home from a visit at Garrett, Ind., where they were the guests of the former's son, Allie Grant, and family for a couple of days. Master Jack Grant, of that place, returned with them for a visit.

Mrs. Hugh Brown, accompanied by her daughter, Mrs. Harvey Hudson and son Hubert, were Fort Wayne visitors Tuesday, where they spent the day with friends.

Mrs. L. Richmond and granddaughter Lulu have been visiting her brother, John Hawkins, and family at this place the past few days. Mrs. Richmond returned to her home at Fort Wayne Tuesday, her granddaughter remaining the balance of the week.

Mr. and Mrs. N. C. Doctor, accompanied by their son, George Doctor, and wife, were passengers to Fort Wayne Tuesday to get a view of the Liberty Bell on exhibition there.

Philip Murphy, accompanied by his son Hubert, went to Chicago Tuesday, where the former will enter the Post-Graduate hospital for treatment for nervous trouble.

Mr. and Mrs. E. W. Crook, of Hicksville, were Antwerp visitors a short time Tuesday while en route to Fort Wayne to spend the day.

Frank Woodcox, of Fort Wayne, was the guest of his mother, Mrs. Clayton Erter, at this place over the Sabbath, returning to the city Tuesday.

James Chorpening went to Fort Wayne Tuesday to take a squint at the Liberty Bell, which was the attraction there.

Miss Anna Slattery, of Cecil, was an Antwerp visitor Tuesday, the guest of friends.

Sylvian Shepherd and Miss Ruth Sunday, well known young people of this place, were married at Flint, Mich., Monday evening. The groom is foreman in the painting department of the Buick Automobile works at that place and they will make that city their future home.

Dr. Dawson, wife and children were Antwerp visitors Tuesday, making arrangements to bring their medicine show here next week. The doctor is now located at Paulding.

Mr. and Mrs. John Poulson and Mrs. William Parette were visitors at Defiance Tuesday, called there to attend the funeral of William Davis, a cousin of Mrs. Poulson, which was held at that place on this date.

ARMY OF SKYLARKERS TO DESCEND ON FORT WAYNE SOON.

A few of the fifty famous clowns coming with Ringling Bros. circus.

Headed by the dean of all sawdust comedians, Al Miaco, a whole army of side-splitters are due here when Ringling Brothers' circus comes to Fort Wayne Saturday, July 17. Miaco is seventy-five years old and he is chairman of the convention which the merry band hold twice daily under the circus main tent. Old as he is, this veteran funmaker is as agile as the youngest of the fifty skylarkers who clown in the hippodrome track.

There was a time when the clowns opened the circus performance, so do not conclude that they have missed their train when they fail to appear at the beginning of this season's program. First will come the spectacle of Solomon and the Queen of Sheba, with its cast of more than 1,200 people, its regiments of caparisoned horses and caravans. But hardly will the curtain have fallen on the last act of this gigantic production when, with a burst of merry music and a galaxy of antics the whole population of clownland will swing into view.

This season the funny fellows have concocted more "stunts" than ever before. They are busy all the time with comical imitations and parodies which poke good natured fun at timely topics and well-known personages. No matter how thrilling or daring the performances in the rings or tent-top, these humorists effect to take all things lightly and so temper the program with constant merriment. They ride in their famous airship, the "Sky Skimmer," shoot each other from big wooden cannons and commit all manner of Tomfoolery so dear to the hearts of the youngsters. In addition to their two-legged clowns, Ringling Brothers are this season presenting many dumb comedians in their vast trained animal department. This innovation occupies an entire number in what is by far the most novel program ever devised by these famous showmen. Here are found the clowns of donkeyland, bearland, ponyland, dogland and all the rest of the jesters which master trainers have developed in the animal kingdom.

$11,396 RAISED FOR Y. M. C. A.

More Money Pledged in Six-Day Campaign at Laporte Than Expected.

Laporte, Ind., July 8.—A six-day campaign to raise $10,000 for the Young Men's Christian association at Laporte closed with subscriptions amounting to $11,396. This amount will take care of the deficit, and will also provide for the expected deficit next year. Laporte has a $100,000 Y. M. C. A. plant.

ENTERS PLEA OF NOT GUILTY.

Gibson County Pastor Says Charge Is Scheme to Injure Him.

Princeton, Ind., July 8.—Rev. J. A. Persinger, pastor of the Christian church at Owensville, Gibson county, pleaded not guilty to a criminal charge in Justice James A. Sprowl's court here yesterday. He was placed under $500 bond for his appearance at the trial July 16. The plaintiff is Miss Dale Gardner, 18 years old, daughter of Mrs. Jeanette Gardner. Miss Gardner was secretary of the Sunday school. Rev. Mr. Persinger is a married man and has been pastor of the Owensville church for about three years. He alleges it is a scheme to injure him.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Greased Pole and Copper Trail on Boy's Day.

Boys' day would be incomplete without the greased pole and the copper trail. The pole will be greased at 1:30 p. m. A gun metal watch and fob will be at its summit as the reward for the best climber. A thousaand pennies will be scattered along the copper trail. All the boys know what great fun the penny scramble is. July8-10-13

TAGGART DENOUNCES IT AS PERSECUTION

Demands Immediate Trial of Election Frauds Charges.

Indianapolis, Ind., July 8.—"This whole business is persecution and not prosecution and I demand an immediate trial," said Thomas Taggart, democratic national committeeman from Indiana, after 120 of the 131 men charged with frauds in the 1914 registration, primary and election had been arraigned and seven had pleaded guilty before Judge James A. Collins, in criminal court yesterday.

"I never had anything to do with any one of the men who plead guilty today," declared Taggart. "I do not know these men and it seems funny to me that they should be permitted to go on their own recognizance if they are so guilty. I don't know what I have been endicted for, although I have made every effort to find out. I want an immediate trial because this whole thing is a persecution and an effort to besmirch my name as well as many of my friends."

Mayor Joseph E. Bell, who also was among those indicted, issued a statement saying "the pleading guilty of the seven men today is an attempt to connect us with men with whom we have never had any dealings in any way whatsoever. These men came into court and plead guilty without the indictment being read. They were immediately released on their own recognizance and this seems rather unusual."

The Piano and Player Market of Fort Wayne

NEW FARM COMMUNITY ENCOURAGES FARMERS

Novel Plan Designed to Bring Neighborhood Idea to the Country.

South Charlestown, O., July 8.—A few miles from this town lies Hustonia, the only built-to-order community or center for farmers in the United States. It was built under the direction of Foster Houston, aged forty-seven, and is designed to bring the neighborhood idea to the country so that rural residents may have healthy amusement during leisure hours, and so that the young tillers of the soil shall not weaken to any desire to flock to the big cities.

Houston himself deserves a paragraph. He began life as a boy bound out to a skinflint farmer who allowed him ten cents a week spending money and gave him an orange for Christmas. He worked from 3 a. m. until darkness. He learned all about farming as it was done before scientists took a hold of it. When he inherited a bank and several thousand acres of land on the death of two elder brothers, then he began to widen his knowledge of scientific farming.

Three years ago he began to put his ideas on farming into operation. Owning 10,000 acres of good soil in Madison, Clark and Green counties, he divided his land into thirty-two farms, and instituted the tenant system, with this important provision—the tenant was his business partner. Each farm was operated as a separate business, as Houston and Jones, or Houston and Smith, or Houston and Houston as happens in the case of his son, who operates a 600-acre plot. Each tenant is supreme on his own farm, answerable only to Houston.

SUMMER SCHOOL OPENS.

Gary Special Course to Teachers and Principals Begins.

Gary, Ind., July 8.—New York university has started its course in the Gary public schools. Instruction will be given during the university's summer school to principals and teachers for a period of six weeks. The Gary course was added to the university at the instance of Prof. James F. Lough, dean of the summer school. Theory and organization work will be taught, supplemented by lectures.

The summer course will be under the direction of Dr. Joseph S. Taylor, district superintendent of the New York public schools. It is in Dr. Taylor's jurisdiction in the Bronx where the Gary system is to be extended so that it reaches nearly 50,000 pupils. Among the lecturers will be William Wirt, superintendent of the Gary public schools and advisory superintendent of the New York schools.

It is also probable other instructors in the Gary schools will assist in the work at the university.

Ben-Hur court No. 15 met in regular session Wednesday night and initiated a large class of candidates. A social session followed the initiatory work.

Twin Tires?—No

One's a Goodyear as It Might Be The Other Costs Us $1,635,000 More

This is to prove that you can't judge tires by looks.

Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us $1,635,000.

This year's betterments alone add to our cost $500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse

This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It

You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless.

These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly.

They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (2491)

Society

The important society event of the week took place today at the Country club, when seventy-five ladies enjoyed the elegant luncheon and auction bridge entertainment for which Mrs. Ben Levy was the hostess. A profusion of garden flowers of a variety of coloring made the big porch and living room of the club house a gay scene, which was still gayer when the guests arrived and their handsome costumes and in many cases flower bedecked hats, rivaled the beauties of nature. A number of visiting ladies enjoyed this elaborate affair, including Mrs. Levy's house guests, Mrs. J. B. Sampsell, of Elyria, Ohio, and Mrs. L. M. Bourne, of Auburn. Other visitors were Mrs. Stephen Trentman and Mrs. A. J. Venier, of Chicago; Mrs. Barnum, of Youngstown, Ohio; Mrs. Walter Martin, of Danville, Ill.; Mrs. Orando S. Ritch, of Brooklyn, N. Y.; Mrs. Uridge W. Ford, of Whitestown, N. J.; Miss Bernkoff, of New York city.

* * *

Honoring her sister, Mrs. Edward Ginsberg, of New York city, Miss Katherine McCurdy entertained about twenty-five young women this afternoon in an informal manner. The rooms were decorated with pretty arrangements of Shasta daisies, black-eyed Susans, nasturtiums and sweetpeas and refreshments of a delectable kind were served after the visiting over needlework.

* * *

Mrs. Otto Hartwig has gone to New York city for a ten days' visit.

Miss Edith Monahan left on Thursday for a month's visit in Pittsburg.

Miss Helen Lane, of Wildwood avenue, came home on Thursday from Clyde, O.

Miss May Griffiths is going to Lake James soon for a few days' outing at her cottage.

Mr. and Mrs. Robert Reilley, of Pittsburg, are visiting Mrs. Reilley's mother, Mrs. Viberg.

Miss Bernadette Monahan is in Indianapolis taking a special summer course in physical training.

Mr. and Mrs. E. F. Paul, of West Woodland avenue, are entertaining Will Paul, of Denver, Col.

Miss Keturah Williams is in Syracuse, N. Y., visiting her sister, Mrs. Elliott, for a few weeks.

Miss Bertha Marhenke has come home from Detroit, Mich., where she spent several weeks with friends.

The Pythian Sisters' Social circle will give a picnic to members and families at Robison park on Friday afternoon.

Mrs. A. J. Parisot and daughter, Miss Flora Limecooly, are going to Rome City to remain over the coming week-end.

Mr. and Mrs. Willis Hattersley and Mr. and Mrs. Ward B. Mayer have returned from a motor trip to Detroit and Toledo.

Mr. and Mrs. Willis Whiter, of West Creighton avenue, have gone to Chautauqua, N. Y., for a visit with Mrs. Whiter's parents.

Mrs. F. C. Couser returned to her home in Cleveland on Thursday, after visiting her mother, Mrs. W. Limecooley, of Hanna street.

Miss Pearl Miller, of Plymouth, has returned home after a two weeks' visit with her aunt, Mrs. Joseph Oedy, of 2927 Koenig street.

Miss Mary Kent returned Thursday to her home in Brookston, this state, after a visit of several weeks with Mr. and Mrs. Dan Beers.

Mr. and Mrs. H. J. Miller, Miss Selma Miller and Mr. and Mrs. Edmund Miller and baby, have come home from a few days' outing at Clear Lake.

Mrs. John Rogier and daughters, Misses Isabel and Elizabeth, have gone to Winona Lake to be guests for two weeks of Mrs. S. C. Dickey.

Miss Minnie Sullivan, of South Calhoun street, has gone to Syracuse, N. Y., to attend the ordination to the priesthood of a cousin, Rev. Cotter.

Mrs. Lida Vernon has returned from Omena, Mich., where she visited her sister, Mrs. Earl Palmer, of Paducah, Ky., and family, who have a summer home at that point.

Mrs. Will Reitze has returned from a few days' outing at Clear lake with her daughter, Mrs. Ben Heaton, and will soon go to Elkhart to visit Mr. and Mrs. Hubbell Beardsley.

Mr. and Mrs. E. W. Puckett and daughters, Marian and Helen, came home on Thursday from a two weeks' trip to Buffalo, New York, Atlantic City and other points.

Mrs. Omar Kenyon, of Eby avenue, entertained a dozen young women yesterday in a delightfully informal manner as a compliment to Miss Irene Nold, who is visiting friends here.

Miss Alma Dreier left on Wednesday for Los Angeles, Cal., to join her parents, Mr. and Mrs. W. H. Dreier, and daughter, Miss Frances, who have been in the west for some weeks.

Mr. and Mrs. A. W. Pickard and son, Artemus, are planning to leave on Saturday for Walloon Lake, Mich., where they will be guests at the Indian Garden hostelry for several weeks.

Mrs. M. B. Hopkins, of Huron street, is entertaining for some weeks her sister, Mrs. H. E. Barber, of Linesville, Pa., and her granddaughter, Miss Julia Hopkins, of Brownsville, Texas.

Mrs. Harriet Tolan Patterson and son, Henry, of Los Angeles, Cal., have arrived in the city to spend the month of July visiting relatives. Mrs. Patterson and her son are guests at the Anthony.

Mrs. Herman Bill is chaperoning the members of the Poinsettia club, who are Misses Estella Wilkens, Lourette Himbert, Ethel Bill, Marie Kiep and Nona Millhouse, at a house party at Rome City for a few days.

Mr. and Mrs. E. W. J. Yergens have returned from their wedding trip to Buffalo, N. Y., Detroit, Mich., and Galion, Ohio, and are now at home with Mrs. Yergen's parents, Mr. and Mrs. F. L. Racine, of Cass street.

Mr. and Mrs. Orla S. Miller, of South Calhoun street, had as their guests over the Fourth Mr. and Mrs. Lewis Blankenship, who motored there from Detroit, on their way to Indianapolis and other southern points of the state.

Mr. and Mrs. Homer Stewart, of Erie street, are to entertain on Thursday evening at a dinner party in honor of the third natal anniversary of their little daughter, Mary Alice. Mr. and Mrs. Calvin Miller and family and Mrs. Charles R. Loch and son, Miller, are to be in the company.

L. R. Singleton and his mother, Mrs. Eliza Singleton, and Misses Katherine and Anna Shuman and Bertha Krudop are to form a motor party who will leave soon for a two weeks' trip to Niagara and intermediate points.

John Shuman and granddaughter, Harriet Shuman, have returned to Bloomsburg, Pa., after a visit with his brother, E. Shuman, of East Wayne street, and family. The visitors were on their way home from a trip to Oklahoma.

Misses Harriet and Bertha Neal, of Montreal, Can., are now continuing their journey to Seattle, Wash., where they are to make their home, after a few days' visit here with their cousins, Mr. and Mrs. John Ferguson, of West Berry street.

Mr. and Mrs. O. D. Hirshberger and daughter, Mildred, of Washington boulevard west, have returned home after spending the first two days of the week with Mrs. Hirshberger's parents, Mr. and Mrs. George W. Crane, of Covington, this state.

Mr. and Mrs. Alex P. Wood and little daughter left Thursday for their home in Schenectady, N. Y., after a visit with relatives of both Mr. and Mrs. Wood in this city. Mrs. Tom Geake accompanied Mr. and Mrs. Wood east for a visit with them of a fortnight. They are making the trip by automobile.

About sixty ladies and gentlemen were present at a dinner dance at the Country club on Wednesday evening. It was not an invitation affair, just members of Miss Virginia Olds' winter dancing class getting together for a reunion and to meet Miss Olds since her return from a number of weeks' sojourn in New York city.

If Friday afternoon is pleasant there will be an ice cream social on the Hamilton school playground, East Pontiac street. The funds will be used to benefit the sewing class of the school. The children are much interested in the social and their friends are all going to turn out to have a good time and give the boys and girls a lift. Miss Winter and Miss Snively will be on hand to oversee the affair.

Mr. and Mrs. J. B. Tinsley, of Broadway, are enjoying a reunion of Mrs. Tinsley's brothers and sisters today. Mrs. H. P. Smith, of Waco, Texas, has been here for a week and a brother, Doyle M. Marks, of Almira, N. Y., came unexpectedly on Wednesday. In consequence Charles Marks, of Huntington, was telephoned to join the others, which he did, so the dinner table was laid for six and the day was a most delightful one for all concerned.

County Clerk and Mrs. David C. Stout, accompanied by Miss Frances Houk, who is Mrs. Stout's niece, will leave Saturday for San Diego, Cal., to be absent several weeks. Mr. Stout is chairman of the auditing and finance committee of the grand lodge of the Loyal Order of Moose, which meets in that city. They expect to spend Sunday at Mooseheart, Ill., which is the headquarters of the grand lodge. Before returning they will visit the Panama-Pacific exposition at San Francisco.

Leslie—Ditzenberger.

Miss Minnie Ditzenberger, daughter of Mr. and Mrs. Ditzenberger, who live near Dunfee, and Mr. Earl Leslie, of Briceton, O., were married at the home of the bride on July 4. Miss Rosa Ditzenberger, the bride's sister, and Mr. Ralph Dunn, were bridesmaid and groomsman. A few friends and relatives were present. The bride was dressed in light blue crepe de chine trimmed with handsome Irish point lace. Miss Pearl Ditzenberger played the wedding music. Flowers and ferns decorated the rooms very prettily. A wedding dinner of perfect preparation and bounteousness was served after the bridal couple had received congratulations. Mr. Leslie is a telegraph operator for the N. Y., C. & St. Louis railroad and is located at Briceton, where he and his bride will live.

Today's Beauty Helps

COMPLEXION BEAUTIFIER—Nothing is more repulsive than to see a woman with her face all daubed with face powder in her desire to hide marks of age. Instead of using powder, which clogs and enlarges the pores, it is far better to use a good face lotion that will improve and permanently benefit the skin. By dissolving four ounces of spurmax in one-half pint hot water you can make an inexpensive lotion that will do wonders as a skin whitener and complexion beautifier. It removes all shininess, sallowness and roughness and gives the skin a smooth, velvety tone, while it does not rub off easily like powder, nor does it show on the skin.

MAKES HAIR FLUFFY—By washing the hair with a teaspoonful of canthrox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water, one finds that it dries quickly and evenly, is unstreaked, bright, soft and very fluffy, so fluffy, in fact, that it looks more abundant than it is and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt and leaves a clean, wholesome feeling. All scalp irritation will disappear and the hair will be brighter and glossier than ever before.

WATERPROOF LID AND GEISHA HAT ARE LATEST IDEAS IN MILLINERY FASHIONS, SAYS BETTY BROWN.

(By Betty Brown.)

Since we have so much rain this summer we have been forced to devise some way of beating the weather man at his own game. As a result the Waterproof Lid has come into being and now we simply don't care how hard it rains.

Miss Sophie Schauls is one of the exponents of this new anti-wet headgear. Miss Schauls is famous as the girl whom the Fashion Art Review picked as the prettiest mannikin in America.

According to Mme. Marguerite, the creator of the fashion idea which is calculated to make the weather man ashamed of himself, told me that the washable sailor is made of the new glazed chintz and linen. The brim is faced with linen, which is carried out over the top of the brim, making a binding of about two inches. A white crown cord drawn loosely around the crown completes the hat. No matter how wet it gets this little lid looks as chic and smart as ever.

* * *

There simply is never any telling at all where little Miss Fashion is going for her ideas. Now she has traveled half way round the world and has landed right in Tokio, where the little Geisha girls have shown her one of the ways by which they make themselves picturesquely beautiful. Miss Schauls was wearing one of the Geishas the other day and found it very fetching indeed.

"The Geisha hat is made of natural colored linen," Mme. Marguerite, whose idea it is, told me, "and it has a rose pink facing made of sippers."

Two roses are laid on the top of the Geisha, which match the facing and give this oriental piece of headgear the needed touch of color to make it suit our rosy cheeked American Miss of 1915.

The "Waterproof Lid" is the hat at the top of the photograph; the "Geisha hat" is below.

AT THE JEFFERSON.

MARIE CORELLI'S "WORMWOOD."

Famous Story of Absinthe-Driven Fiend at Jefferson—Paramount Travel Series.

"Wormwood" is a fascinating and compellant drama of romance, love and that fatal weakness of men and women. Intensely modern in theme it deals with the fates of Beauvis, a young Parisian banker, and Pauline De Chauville, his beautiful fiancee. The screen drama opens with a vein of coquetry, but soon the thunderclouds of deeper emotions loom ominously up. Beauvis learns that Sylvion, his best friend, has long carried on a clandestine love affair with Pauline, and the knowledge maddens him. He takes to drinking absinthe in order to forget his sorrow, "the fairy with the green eyes, who makes life and joke and all sorrows trivial." From that moment Beauvis is ruined, physically and morally. He goes from bad to worse, finding no solace, no happiness, other than that which he drains through the straw in his absinthe glass.

Another consignment of the popular Paramount Travel Pictures will be given as a collaborative feature with the Corelli masterpiece. Saturday Mae Marsh and Robert Harron star in "Her Shattered Idol," a production of David Griffith's.

AT THE TEMPLE.

VERSATILITY OF JENKINS.

Paycen Stock Company Character Man Splendid Type of Actor.

Mr. Proteus, the well known old man of the sea who assumed more shapes than a woman that religiously devotes herself to the shifting style panorama, was a dull monochrome compared with Mr. Maurice Jenkins, the "character man" with the Paycen Stock players. Mr. Jenkins in the three productions the Paycen players have staged at the Temple, has been in turn an irascible father wrapped up in business and cold as a frapped oyster, a harum scarum old sea dog with a penchant for playing jacks, and this week he is the lovable old druggist, Sam Graham, in Winchell Smith's story, "The Fortune Hunter." Three roles more calculated to tax the versatility of a stock actor could not well be imagined, but Mr. Jenkins has risen to them all. Of course his Sam Graham is the best he has done yet. It is a role that fits his own temperament better than any of the others and one he loves with a deeper devotion—no one could help loving this old altruist—and that probably accounts for his splendid work.

Cooling Wash Stops Itching

Just a touch of this mild, soothing wash, the D. D. D. Prescription, will give you instant relief from your burning, itching skin and absolute protection from all summer skin troubles. D. D. D. is a scientific compound of soothing oil of Wintergreen and other healing elements.

Don't fail to try D. D. D. for any kind of summer skin trouble. It will give you welcome relief. A generous trial bottle for 25c. Ask also about D. D. D. Soap.

DREIER DRUG CO., 526 Calhoun St., and 16th Clinton St.

DECATUR NEWS.

Decatur, Ind., July 8.—Mr. and Mrs. A. J. Beavers and family returned to Indianapolis after a visit here with the Dr. S. D. Beavers and Emerson Beavers families.

T. M. Reid returned to Rome City, accompanied by his sister-in-law, Mrs. R. C. Parrish, and son David.

D. W. Beery and J. M. Rice have gone to Mt. Clemens, Mich., for a stay.

The funeral of Dwight Wilder will be held Friday afternoon at 1:30 o'clock at the Decatur Methodist church, the Rev. A. K. Mumma, of the Concord church, officiating.

E. M. Ray, of Berne, was a business visitor here.

Miss Esther Pennington went to Fort Wayne for a visit.

Miss Maude Harper returned to South Bend, where she is employed, after a visit here with relatives and at Willshire, Ohio.

Mr. and Mrs. J. L. Gay, Ruth and Billy Gay and their aunt, Mrs. John Green, have returned from a week's motor trip through the lake region of northern Indiana and Michigan.

Mr. and Mrs. U. Deininger, Adelaide, Richard and Leonard Deininger have gone to Rome City for a week's stay.

Miss Mary Haugk is visiting with relatives in Fort Wayne.

Deputy Clerk and Mrs. L. L. Baumgartner have returned from Delaware, O., where they visited with their son-in-law and daughter, Mr. and Mrs. Ben Welker.

Mrs. Virgil Matthews returned to Battle Creek, Mich., after a vist here with the Charles Hendricks family.

Mrs. Charles Ball and Miss Martha Thomas were Fort Wayne visitors.

Mrs. Chris Beery and daughter Georgia and Mrs. E. Fritzinger were Fort Wayne visitors.

Miss Helen Niblick left for Lakeside, O., for a two months' visit with Mr. and Mrs. O. P. Edwards, of Leipsic, O., at their cottage.

A. H. Sellemeyer went to Fort Wayne on business.

Rev. J. C. Hanna, L. D. Adams, Mrs. Helen Berling, Mrs. D. D. Heller and Miss Grace Coffee were named judges at the nasturtion and mixed bouquet contest to be closed Friday by the Woman's Civic Improvement society. The contest will close with a bouquet show of flowers raised by the school children.

Bertha Zwick, of Bingen, was given a surprise party on her birthday anniversary by fifty or sixty friends. The St. John's choir, of which she is a member, was present and furnished music.

Florence Holthouse, Ruth Keller, Cecil Miller, Mildred Niblick and Virgine Smith had a progressive party. They called at the home of each in turn, had contests and light refreshments and a general good time.

Miss Lois Peterson went to Monmouth to visit with her cousin, Rose Mae Ade

EMBROIDERY FOR THE OUTING

ORIGINAL DESIGNS

Babys Coat For Cool Days

By Madame Jean

As prevention of a cold is better than a cure a flannel coat of fine quality is not to be overlooked in the baby's seashore outfit. Make the coat with a small cape and use the single breasted pattern which is simple of construction and cooler than the double breasted garment. Embroider the cape with a tiny flower pattern in French embroidery and repeat the motif on the cuffs and tiny pockets. Finish all the edges with scallops reinforced with buttonholing.

Remember the baby garments should not be overloaded with trimming and a simple vine and flower cluster is much preferred to the more elaborate designs. One may achieve much in spare hours for the baby's wardrobe because simplicity is the keynote of good taste in the selection of the tiny sister's or brother's clothing.

(The above designs and more than 450 other transfer patterns from The World Famous Embroidery Outfit, with a complete equipment to make them, including hoops, needles, bodkins, stiletto and booklet, telling how to make all the stitches, can be secured from this paper at the nominal cost of 68 cents (7 cents extra for postage with mail orders) by clipping one Embroidery Coupon from this paper, coupon appearing in the paper every day.)

FRIDAY EVENING AT HAYDEN PARK

The municipal concert Friday evening will be given at Hayden park by the Arion band, C. P. Draeger, director, and the following program will be given:

March—Yankee Step ..... Scouton
Medley, Overture—Golden Nuggets ..... Barnhouse

JESS FELGER PUTS IN BRIEF OF CASE

Epistolary Argument Gets Him Fresh Chance for Reform Work.

Unwilling to trust a statement of his case to the halting and uncertain recourse of speech, Jess Felger committed his argument to a brief written on the official stationery of the Allen county jail and with such force, cogency and evident good faith did he lay the matter before Judge Kerr in the city court, Thursday morning, there was no way around and the court gave him another chance. Jess was arrested on the usual charge and arraigned Wednesday for drunkenness. He avowed that with time to get his attorney in court he could thoroughly exculpate himself, whereupon Judge Kerr entered a continuance for twenty-four hours. Thursday morning Jess laid his brief on the court's desk. It set forth that he had been unable to get hold of his attorney, but that he wanted to promise never to be back in court again. "If you are going to fine me, make it as low as you can because I must be out to my work," concluded the brief. Felger is a hard working man who will perform any kind of labor, but he gets drunk frequently.

Pearl and Her Old Story.

Pearl Farber had not been in for several months, but she had the same old hangover, the same old bedraggled appearance and the same old story to tell. She was arrested at Hanna street and the Pennsylvania railroad, where she was very drunk and begging money from the men about there. She told the court that her father was at the point of death in Portland, Ind., just as she told the same tale months ago, and that she had come here to see about a sick grandchild, just as she pleaded the same excuse months ago. Judge Kerr fined her $1 and costs and she went over for eleven days.

With His German Friends.

"Well you see, your honor, I had a little money when I came here Tuesday, but I met a couple of German friends of mine I hadn't seen for a long time and I got too much," said John Dolan, arrested Wednesday at Calhoun and Washington streets by Officer Degitz, who found him drunk and cadging.

"All right," said the court; "who were they?"

"Two friends of mine—two German fellows," persisted Dolan.

"Well, what are their names, where are they?"

"One's name is Williamson and the other fellow is named Davis."

"That sounds a lot like Welshmen, but maybe they are German. You are fined $5 and costs," and Dolan went over for fifteen days.

Other City Court Cases.

John Amos was arrested by Officer McLaughlin, after Amos had been ordered from the Horstman livery stables on West Main street. He was charged with drunkenness and Judge Kerr turned him loose.

Paul Young, the 11-year-old lad who stole $10 from the cash drawer at John W. Wefel's meat market, 809 High street, was certified to the juvenile court. The lad is incorrigible and probably will be sent to the school for boys at Plainfield.

The loitering charge against Dock Alexander was dismissed on motion of the prosecuting attorney. Alexander was taken from a stall in a Clinton street stable and at headquarters was found to be so ill he was taken to a hospital, where he died.

LOST MONEY RECOVERED.

Orville Coleman, 2017 Nelson street, found the paper sack containing $85 that was lost Tuesday by Calvin Langhor, a youth employed in the Meyer Bros. & Company drug store at Broadway and Taylor streets, who was taking the money down town to the central office of the company. Coleman restored the money to its owners Wednesday and was well rewarded. Longhor lost the money from his pocket as he was boarding a Broadway car. It was at first thought his pocket had been picked.

An Indian frame umbrella in regular or suit case style, for $1.15.

DATE SET FOR "LOG ROLLING."

Modern Woodmen of State Will Gather at Terre Haute, Sept. 22.

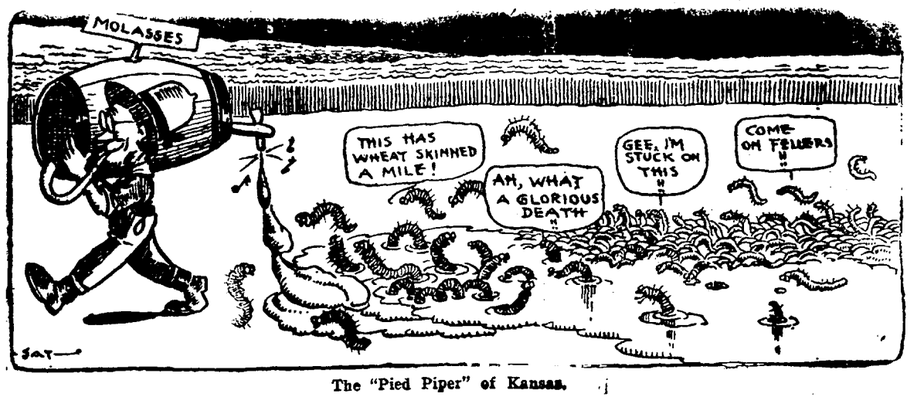
Terre Haute, Ind., July 7.—September 22 has been selected by the Modern Woodmen as the date for their annual "log rolling" in this city. Many visitors are expected to be here. There are 583 camps of the order in the state, with a membership of 45,000. The uniformed rank, known as the Foresters, has a membership of about 1,200. Prizes to the amount of $1,000 will be offered for competitive drills by the Foresters, the local companies being barred from participation. A. R. Talbott, of Omaha, head consul of the order; James Mc Namara, of Rock Island, Ill., head clerk, and John D. Volz, of Indianapolis, head banker, are among the notables of the order who are expected to be here. At a meeting of representatives of fraternal organizations of the city steps were taken to make "fraternal week" of the occasion, with days set apart for each of the participants. John E. Budd is chairman; E. H. Clifford, secretary, and C. M. Trout, treasurer, of the entertainment committee.

The Young Women's Christian association possesses a world membership of 650,000.

Feature Parade on Boys' Day

All boys like to dress up. The annual Feature Parade will be held on Boys' Day, Wednesday, July 14. Special prizes will be awarded the most worthy costumes. Wear Indian, cowboy or policemen suits or any costume you wish. If mother has not time to design a new suit just wear the one you wore last year or that brother wore the year before. You will be just as welcome as though you had a brand new outfit. The object of Boys' Day and of the Feature Parade is good fun and a jolly time. July 7, 9, 13

KANSAS ATTACKS AND DEFEATS ARMY WORM WITH MOLASSES.



The "Pied Piper" of Kansas.

(By C. A. Clay.)

Nickerson, Kas., July 6.—A busy little worm, with his brother and cousin and a few million more relatives, nearly bluffed the Kansas farmer out of his 300,000,000 bushel wheat harvest this year. The k. f. had to work to save his crop and of all things a Kansas farmer detests, he dislikes work the most. He much prefers to motor.

However, the worry is over. The wheat is o. k. once more and the harvest is beginning, bringing work and sore backs to thousands of green hands.

Molasses proved the undoing of the pesky worm and his countless relatives.

After the annual hail storms and near cyclones had destroyed the customary hundreds of acres, the Kansas farmer supposed his troubles were over. They were not. The unexpected came along in the form of the army worm—so called because, German-like, they charge in mass and in hosts and sweep a field of wheat clean from one side to the other.

It looked bad. But molasses proved as deadly to the army worms as chlorine gas does to the allies in Europe.

"We sure had a tough time of it," remarked farmer Newton today, as he motored into town. "I told my foreman (get that? "my foreman") "I told my foreman he jest had to rig up some scheme to counter attack the doggone critters. I be goldern ef I wus gonna lose the crop at that stage. So he and one of them experts from the agricultural college got together and thunk out molasses. That's what we used for the most part in fightin' the worms. An' it done its work o. k. Sometimes I think them agricultural fellers are dern near intelligent."

Kansas farmers used hogsheads, barrels, kegs and buckets of molasses and syrup in their successful campaign to stop the advance of the army worm. It is difficult to buy a quart of molasses in the short grass country today. The army worm got it all.

The "agricultural feller" discovered that the army worm had a sweet tooth. He would leave wheat any day for molasses. The experts advised that bran and Paris green be added to the molasses to make the sweet meat more tempting. The mixture was spread broadcast through the wheat fields. Attracted by the delicious smell the worms fell easy victims to the Paris green blend.

Many farmers dug ditches around fields untouched by the worms and dumped in molasses. The foolish worms, utterly regardless of the astounding loss of life, charged the standing grain and were caught fast in the sticky trenches. The slaughter was terrible. No barbed wire entanglements were used.

A farmer called up a small town merchant and told him to get four barrels of molasses ready for him that afternoon.

"What's the matter with you?" demanded the merchant, "are you nutty?"

"No," retorted the farmer, "but we have wormy nuts. Get that there molasses ready for me."

SAYS NATION ALONE CAN SOLVE PROBLEM

Federal Prohibition of the Liquor Traffic Urged by Patterson.

Atlantic City, N. J., July 8.—Former Governor Malcolm R. Patterson, of Tennessee, who was one of the speakers at today's session of the national Anti-Saloon League convention, urged that national prohibition was the proper way to deal with the liquor question.

"The case against the liquor traffic has been made out," he said. "The witnesses, who testify, conform to every legal requirement of credibility; they are intelligent, have the means of information and are willing to speak the truth. They are science, experience and religion.

"Science, without bias, cold, accurate, calculating, testifies that alcohol is a poison to the body.

"Experience comes, and sets before our view an inept, sullen, moaning, straggling, unhappy procession of victims; so long that it would almost reach across the continent; so sad that it would move a stone to pity. She shows the dry husks of hope, insanity and sudden death, disease, want, waste and bloody crime.

"Religion comes and delivers her testimony. She relates how hearts have been hardened to her eternal truths; she exhibits rents in the garment of justice and bloody smears, mercy fleeing before hate, passion in flame, and love with a broken wing.

"There has been no false testimony delivered; there has been no exaggeration, no contradiction among these witnesses."

Mr. Patterson discussed state rights. The duty of government, he said, was to surround the citizen with good environment, to dig no pitfalls in his path, to make it easy as possible for the citizen to do right, as hard as possible to do wrong.

"This is the highest attribute of sovereignty. The efforts of our government to suppress the lottery; to stamp out polygamy; to destroy human slavery; to prevent the use of narcotics; to eradicate the diseases of cattle; to preserve the public health; to give the people pure food, were all in harmony with the purpose of its creation, and to maintain the liquor traffic is a prostitution of its power.

"It is not surprising that the liquor traffic would seize upon state's rights for safety. In the past when a town or county proposed to outlaw the saloon, this cunning malefactor sought to stay the local sentiment by telling the people that it would favor state prohibition, when it knew that state action was remote or impossible.

"When the sentiment for state prohibition grew until it threatened to overwhelm the traffic it then sought delay until the government should act—and now when the tide has rushed on until it has reached the walls of the capitol—the traffic would sweep it back with the broom of state's rights.

"Stripped of all technicality—the question is a broadly national one—and the government alone can solve it. If a lottery conducted in only one state is a proper subject for national authority—and the sale of narcotics which affect a comparatively small number of the people, who will deny the same authority over the liquor traffic?

"The doctrine of state's rights as a defense to human wrong and the violation of the conscience of civilization was buried forever under the apple tree at Appomatox."

People will be glad to know that oidiomycosis, which has been discovered in California, is a disease related to coccidioidal granuloma.

EMBROIDERY For Dress And Home Decoration

Made simple for every woman at practically no cost by the

FORT WAYNE SENTINEL

FOR barely cost of wrapping and handling this paper is able to offer its women readers this record-breaking embroidery bargain. Every woman knows the price of embroidery patterns. They are ten cents the world over—some times more—never less. Here, as part of our extraordinary service to patrons, you may obtain for a mere pittance a complete outfit of more than 450 of the very latest fancy work designs, set of hardwood embroidery hoops, gold-tipped bodkin, highly polished bone stiletto, one full package highest grade embroidery needles (Assorted Sizes) and a fascinating instruction booklet giving full instructions for making all artistic stitches.

LATEST DESIGNS FROM WORLD'S GREAT STYLE CENTERS

Tested for Style

All designs in World Famous Embroidery Outfit absolutely new and exclusive. Each one tested for its style and passed as correct by expert and authoritative analysts of woman's dress and decorative art. These patterns are far ahead of all other patterns obtainable. Get a set *now* and be up-to-date.

Several Patterns from Each Design

Designs transferred by new patented process—just a *rub of the thumb*—that's all. And each design transfers immediately to the fabric several times. The finest fabrics are unharmed by this new and delightful method. Old fashioned methods using water, hot iron, benzine and injurious fluids are crude and out-of-date and often spoil expensive materials.

Every design in this picture, and hundreds more can be made from *The World Famous* EMBROIDERY OUTFIT.

NINTH IS UNDOING OF THE CUBS AGAIN

Ainsworth Hurls Great Ball But the Steelmen Win.

Bade Myers' baseballers would be a lot farther up in the Central heap if the games were of eight innings' duration. But its the extra inning—the horrible ninth—that gets them. The Cubs lost in the ninth again yesterday, and kept up their record, too, by losing with one run.

Red Ainsworth hurled pretty classy ball for the Cubs, while Youngstown used Schletter for the Steelmen. The Cubs got one in the first, Smythie walking on Schletter's only pass in the game, Hartle beating out a boot, and Holderman smashing one to center for a single. Smyth scored.

Then in the fifth a walk and two singles produced a run for Youngstown and the game tied up till the ninth. It sure looked like overtime when that inning broke, but Ainsworth walked Thompson and he was sacrificed to second and then McCauly came across with a mighty wallop that broke up the game. Score:

Youngstown—	AB.	R.	BH.	PO.	A.	E.

COSTS BOXER $10,000 TO ENTER ARENA.

TOM KENNEDY.

Los Angeles, July 8.—To begin with, it cost Tom Kennedy $10,000 to enter the profesional fight ring.

His father offered him that sum as a business nest egg to stay out of fistiana, but the former heavyweight boxing champ of the United States preferred the squared ring to any ventures in commercial lines.

Declaring he is in to stay, Kennedy is now training here to get into shape to meet Jim Coffey, the most talked of heavyweight outside of Jess Willard, preparatory to a challenge of the champion.

Having defeated Coffey once, Kennedy believes he can repeat the performance. He won the amateur heavyweight championship in 1908 and has defeated a number of hard battlers.

"Until recently I never took boxing seriously," he explained. "I considered it a joke when I won the amateur championship, for I figured I was lucky to get the title.

"My father did not want me to go into the professional ranks and offered to start me in a $10,000 business to keep me out. But I am in to stay and I am after big game."

Ora Woods, 2207 Foobey avenue, who was seriously injured when the motorcycle he was riding collided with a farmers' carriage on the Leo road, Tuesday night, is reported as improving. He is at Hope hospital.

Wayne circle, No. 45, Ladies of the G. A. R., will tender a reception to the various patriotic societies affiliated with the work of the veteran soldiers Friday evening. The reception will be given in the new meeting quarters on Calhoun street over App's shoestore.

A picnic will be given at Robison park Friday afternoon by the social circle of the Pythian Sisters.

Freddie Welsh's Wife Believes He Won.

While Freddie Welsh and Charlie White each claim the credit of outpointing each other in their recent New York fight, and while fight fans still are quarreling among themselves concerning it, Mrs. Welsh and Freddie, jr., are perfectly sure that their champ won by a mile. On the occasion of Welsh's winning the championship, Mrs. Welsh traveled 6,000 miles with her twenty-day-old baby to be with him should he win or lose. At the recent fight she was there again, and so was the junior champ.

RUBE ROBBINS IS GIVEN HIS RELEASE

Red Hart of Old Buckeye League is New Pitcher Here.

Russell Robbins, last year strike-out king of the world, and who joined the local Cubs early in the season amid a blaze of glory and a couple of cracker-jack wins, leaves today after a most miserable month. Robbins is a really wonderful pitcher, but a badly injured side has made it impossible for him to hold together through an entire game. He starts like wildfire and shows snatches of his splendid stuff through the game, but his side gets the best of him every little while and its then that the opposing teams get five or six in an inning. Good care may help him, and once he gets over his trouble he can come back into baseball as a wonder of the age.

Red Hart, late of the Buckeye league, and star pitcher with the Newark team, will come here today.

U. S. INSPECTION JULY 15.

Fate of Fort Wayne Militia Company Will Depend Upon Result.

The federal inspection of Company E, first provisional battalion, will be held on July 15, according to notice received Wednesday by Captain John E. Miller from the headquarters of the adjutant general.

The inspection will be made by a United States army officer. The local company now numbers the full complement of sixty-five men as required by the war department and the membership will probably reach seventy-five before the date set for the inspection.

In the event the company passes inspection the men will attend the state encampment and maneuvers at Fort Benjamin Harrison, Indianapolis. The company will be in camp one week, leaving here on Sunday, August 8, and returning Sunday, August 15.

THEY MUST BE SANITARY.

Saloon Free Lunches Now Attacked from New Quarter.

Indianapolis, Ind., July 8.—The saloon free lunch, though it survived the recent legislature, has been given a body blow by the state board of health, which has adopted a rule requiring that it be entirely sanitary. Investigations by health authorities reveal that sanitary free lunches are few and far between and, therefore, the requirement that they meet the approval of pure food inspectors is expected to have the same effect as if they were arbitrarily wiped out of existence.

HANS WAGNER SOON WILL SLIP BACKWARD

Poor old Honus! Sad the words, but all too true. John Henry Wagner, big league baseball hero for eighteen longs seasons, is standing on the brink. One little push—and over he goes. Forgotten? No, never!

Mind you, before we go any further with this story, we do not make the positive prediction that John Henry Wagner will not again bat .300 before he throws away his uniform and quits the game, says George E. McLinn in the Philadelphia Public Ledger.

Wagner has been a wonderful player; some folks declare that in all respects Honus has been the most extraordinary athlete who ever engaged in the national pastime. He has, at some time in his eighteen seasons of labor, been a leader in virtually every department of the game—batting, total base hits, extra base hits, stolen bases, runs and fielding. Yet, now that the veteran is slipping fast, these things are easily and quickly forgotten.

In baseball the crown of the hero wears seven league boots; one day it rests on the brow of a player in Boston; the next it may jump to St. Louis. Therefore, it is not because of his individual prowess in a department in one or several seasons that Honus will be remembered always.

What, then, is the one feature about the extraordinary career of the genial German which probably never will be surpassed and effaced? How has he established his superiority over the heroes of the diamond who have gone before, and, quite likely, over those who are to come?

John Henry Wagner batted in the .300 class for seventeen successive seasons. There is your answer.

They do say that consistency is a jewel; we will admit that without argument. But how often do you find it, and particularly in athletics? Nearly all contestants for honor in the sports world have their off seasons. They find one campaign when things simply will not "break right" for them. Their supply of "pep" appears exhausted, and they have to watch their average dwindling while they pray for a new supply.

But Wagner was unusually consistent; his pepper was stocked up for seventeen campaigns, and not once did he have to offer the excuse for an off season. This, above all else, makes the Dutchman the baseball marvel for all time.

Men who deal with baseball statistics differ about some of the old-timers, but as near as we can arrive at it, Wagner's batting average for the seventeen seasons, 1897 to 1913 inclusive, was about .344. His highest average was .380, compiled in 1900, and his lowest was an even .300 in 1913.

ELECTRO-TECHNIC PRIZES ANNOUNCED

Long List of Awards Put Up for Annual Field Day Events.

The following prizes will be awarded the winners in the events at the Electro-Technic club field day to be held next Saturday:

No. 1—100 yard dash: First, white sweater, Patterson-Fletcher company. Second, three months' ticket good any and every night at Colonial theater. Third, paper wardrobe, Wayne Paper Goods company.

No 2—100 yard dash for men over 50 years of age: First, one ton of coal, Home Supply company. Second, flag, Indiana Furniture company. Third, ash tray, George F. Miller drug store.

No. 3—25 yard potato race, for ladies: First, china tea set, M. F. Kaag. Second, three pairs silk hose, Wayne Knitting mills. Third, framed picture, Keil & Keil.

No. 4—Three-legged race, for men: First, pair bicycle tires, Brosius & Brosius. Second, safety razors, Brandt drug store and Dreier Drug company. Third, two phonograph records, Bert Duesler.

No. 5—100 football throwing for accuracy: First, leaded glass dome, Indiana Lighting company. Second, casting rod, Goeglein Hardware company. Third, casting rod, Seavey Hardware company.

No. 6—100 yard dash, for factory foremen: First, electric fan, Fort Wayne Electric works. Second, electric trouble lamp, Randall Auto company. Third, box cigars, Schneider Cigar company.

No. 7—50 yard dash, for heads of office departments: First, bathing suit, Shields Clothing company. Second, box cigars, Wayne Tobacco company. Third, paper wardrobe, Wayne Cigar Goods company.

No. 8—Mixed shoe contest, for boys: First, catching glove, C. E. Klein, Second, bicycle lamp, Wilkenson bicycle shop. Third, ball bat Wiegman & Gerardot.

No. 9—50 yard dash, for fat men 40 inches or over around waist: First, $5 worth groceries, Heine Grocery company. Second, shower bath spray, Miss Emanuel.

No. 10.—50 yard dash, for ladies: First, three pairs silk hose, Wayne Knitting mills. Second, electric flatiron, Eugene Pauley. Third, hat, Mrs. Malloy.

No. 11—Peanut rolling contest, for company officials: First, straw hat, Tod's hat store. Second, box cigars, Cooney Bayer company. Third, paper wardrobe, Wayne Paper Goods company.

No. 12—220 yard dash: First, jewelry, Besse Jewelry company. Second, three months' ticket, good any and every night at Jefferson theater. Third, paper wardrobe, Wayne Paper Goods company.

No. 13—Baseball throwing, for ladies: First, silk umbrella, Wolf & Dessauer. Second, silver sugar bowl, Wayne Littlefield Jewelry company. Third, perfume, Miss Emanuel.

No. 14—50 yard sack race, for men: First, electric lantern, Trautman Sporting Goods company. Second, pair trousers, M. C. Feisinger.

No. 15—Relay race between departments, four men to a team: First, two boxes cigars, Al Hazzard and William Hirsche. Second, one box cigars, Kim Cigar company.

No. 16—Nail-driving contest, for ladies: First, framed picture, Pickard Furniture company. Second, silver spoon, Pfeiffer Hardware company. Third, pound box chocolates, Greek Candy Kitchen.

No. 17—Needle-threading contest, for men: First, two paper wardrobes, Wayne Paper Goods company. Second, safety razor with brush, Fort Wayne Hardware and Sporting Goods company.

No. 18—Automobile contest, running on one quart gasoline: First, portable lamp, Hattersley & Son. Second, auto goggles, Charles Meigs. Third, oversuit, M. C. Freisinger. Fourth, pliers, Stellhorn Hardware company.

No. 19—Single horseshoe pitching contest: First, hall clock, William Rastetter. Second, Dad's electric lamp, Jefferson Tire Shop.

No. 20—Double horseshoes pitching contest: First, flatiron and toaster, Fort Wayne Electric works. Second, two boxes cigars, W. J. Steckbeck, Auman Cigar company.

No. 21—Tug of war between firemen and factory teams (for championship Fort Wayne Electric works): First, box cigars, Ely Cigar company. Second, one dozen pairs canvas gloves, Union Manufacturing company. Third, silver loving cup, donor anonymous.

No. 22—Medicine ball contest between departments: First, six pairs silk hose, Wayne Knitting mills. Second, box cigars, Cooney Bayer.

No. 23—Finals for tennis championship: Electro-Technic loving cup.

A meeting of the James H. Smart school sewing class of the playgrounds, was held Thursday afternoon with Mrs. Mary Edson in charge.

DUCKY HOLMES WILL MANAGE DAYTON VETS

Compton to Be Retired From Management of Trailers.

Dayton, O., July 8.—Within the next few days, according to present plans, Howard E. "Ducky" Holmes, local boy, and present manager of the Saginaw club, will succeed Jack Compton as manager of the Dayton baseball club. The deal for Holmes, pending the closing of the South Michigan league race, has been on some time and it will likely be completed Thursday when Owner Wehner, of the local club, returns to this city. The South Michigan league went out of existence Wednesday.

Since the opening of the season the "Old Soldiers" have been a disappointment, and while various reasons for their failure have been given, it is known the owners have been anxious to make a change in the management for some time. Jack Compton was given the position of manager this season because of his long and loyal service to the Dayton club and because of his knowledge of baseball, but the owners have come to the conclusion that a change in leadership is necessary to bring the "Vets" out of the rut in which they have been since opening day.

About three weeks ago every effort was made to bring Johnny Nee back as manager, but the Erie club to whom he was loaned by the Dayton team for this season, refused to let him come and this plan had to be abandoned. Johnny after winning the pennant with the Old Soldiers last season, quit the game to enter other business, but he came back to baseball soon after the opening of the season and the Dayton club loaned him to Erie for the season, as they didn't want the ex-manager on the team, playing under another's leadership.

"Ducky" Holmes is a Dayton boy, who has had considerable major and minor league experience. At various times he has played with South Atlantic clubs, Louisville, Indianapolis, Montreal, St. Louis Nationals and various Central league teams. In 1913 he and Louis Moosbrugger, of this city, purchased the South Michigan league franchise at Saginaw, and last year Holmes' team won the championship. This year the club made a good showing, but rain and poor attendance made such inroads on the finances that the club owners of the Michigan circuit voted to quit.

If Holmes comes here, and it is practically certain he will soon be on the job, it is likely he will bring several players from the Saginaw team, whom it is believed will strengthen the local aggregation.

MUFFLED DRUMS FOR FOUR LITTLE LEAGUES

Southern Michigan Dead—Three-Eye Sinking—Funeral Notes.

Jackson, Mich., July 8.—The Southern Michigan association, for years rated as about the fastest Class C league in organized baseball, passed out of existence Wednesday with the announcement by President James Frank that it has grounded on financial rocks and will not finish the present season.

The decision not to start the second half of the season came as the culmination of a series of reverses suffered during the first month of play due chiefly to unusually bad weather conditions that cut deep into the attendance figures.

Battle Creek, Bay City and Flint were especially hard hit during the first half of the season and the league proposed to change the name of the Flint team to the "Travelers" and keep it on the road entirely. It was thought that the league would then be able to finish the season but late Tuesday evening President Frank received word from the Battle Creek club that expected financial assistance had not materialized and that the team was through.

Since its organization in 1906 with the cities of Mt. Clemens, Kalamazoo, Tecumseh, Jackson, Battle Creek and Saginaw in line, the Southern Michigan association has weathered many storms and gained an enviable reputation for sending players to higher baseball society. It is said that it sent up more players who made good in the majors and in the minors than in any other circuit of its class in the country.

With Monday's games at Phoenix and El Paso the Rio Grande Baseball association, organized two months ago, suspended because of lack of support. Phoenix, Tucson, Albuquerque and El Paso were the cities in the league.

The Bi-State league of Wisconsin and Illinois is gasping for breath and is said to stand little show of going through the season, Elgin and Aurora giving up after Monday's games.

A special meeting of the club owners of the Three-I Baseball league has been called for today noon at Bloomington. Dubuque has surrendered its franchise to the league and it is said at least two other cities are ready to quit. Bad weather and lack of attendance is given as the cause.

Boys' Day Wednesday July 14th.

The annual Boys' Day will be held at Robison Park on Wednesday, July 14th. Five cent street car fare for both boys and girls from any part of Fort Wayne. The fare will be five cents for the return trip with transfer from the court house corner to your city home.

MRS. SLATON SAYS SHE 'TOTED' A GUN

When Georgia's Executive Was in Peril His Wife Guarded Him.

New York, July 8.—How peril made a "gun toter" of a governor's wife; how the woman accustomed to every luxury that beauty and position can command suddenly found herself learning the lesson of the pioneer wife, to "stand by and keep a stiff upper lip"; how she even went smiling to the dentist every morning during the riots that her husband might not suspect she was frightened—this is the story of Sarah Slaton.

It sounded like a chapter out of an Indian massacre, this tale of men skulking in the woods and a wife following her husband about with a gun. It sounded doubly impossible as one sat in the Waldorf-Astoria and gazed at the aristocratic, modishly gowned wife of John M. Slaton, whose last act as governor of Georgia was to commute Leo Frank's death sentence.

"I was not entirely unprepared for what happened," she said, shrinking from the melodramatic. "My husband had warned me when he told me that he was going to save Frank that it would probably mean an attempt on his life. It was 3 o'clock in the morning when he came to my room. 'Dear, I am going to save this man,' he said, 'but I want to tell you, before anyone, what it will mean to us. We will have to give up my political career, and they may try to kill me.'

"Of course, I told him he was doing just right, that I did not care a scrap for social power at the expense of what he thought was right."

NEW 'BACK TO NATURE' CULT FOUND IN OHIO

Ire of Farmers Aroused by Antics of the Unclad Faddists.

Martins Ferry, O., July 8.—Primordial man never had anything on the new "back to nature" cult recently organized here, which, in the efforts of its members to ape prehistoric conditions, has aroused the ire of farmers, their wives and wealthy suburban residents near this city.

The cult is composed of some of the most prominent young men in the city. For several weeks, the woods, mossy dells, green meadows and streams have been the rendezvous for its members, garbed only in the vestments nature gave them.

Judging by the antics of some of the cult, while going through the regenerating process, it is doubtful if prehistoric man had less care of conventions than have these products of modern civilization.

Owing to the boldness of the "cultists," indignant residents have made several complaints to the township officials, supplementing their condemnation with threats that unless something is done immediately they will take the law in their own hands.

What cure the fallists are striving for, or what purpose they have in view, no one has been able to learn.

DEATH LIST NO WSEVENTEEN.

Fifty Others Injured in Trolley Wreck at Queenstown.

Niagara Falls, Ont., July 8.—Seventeen persons were killed and fifty injured, some probably fatally, as the result of the trolley wreck on the slope of Queenstown Heights last night. Racing to catch a steamer for Toronto a special car of the International railroad, loaded with 121 passengers, left the rails on a sharp curve and plunged into a gulley fifteen feet below. The car struck a tree as it toppled over and was nearly cut in two. Of the dead nine are in the Toronto morgue and eight are in morgues here. All were residents of Toronto.

CONTINUES TO SINK.

Archbishop Quigley Can Hardly Survive the Day.

Rochester, N. Y., July 8.—At 1 o'clock Archbishop James Edward Quigley, of Chicago, continued to sink.

"It seems impossible for him to live throughout the day," said Rev. Redmond Quigley, the prelate's nephew.

For the past twenty-four hours the patient has been unaable to retain nourishment of any kind. He has been unconscious since Tuesday night.

DEAD MAN MAY [illegible] LAWSON.

Muskegon Police Suspect He Was Man Wanted at Delphi.

Muskegon, Mich., July 8.—The local police today were endeavoring to connect Everett C. Ellison, of Chicago, killed here last night while attempting to rob a restaurant, with Charles F. Lawson, wanted in Delphi, Ind., on a charge of killing John A. Scanlon, a night watchman. Ellison's alleged companion in last night's hold-up, Rulph A. Satriani, is under arrest.

PICKS UP A LIVE WIRE.

Worthington Lad is Badly Burned Before Electrician Rescues.

Worthington, Ind., July 8.—A small son of W. C. McClaren picked up a live wire which was blown down by yesterday's storm. He was burned about the hands and feet before being rescued by W. E. Daniels, an electrician.

DRIVING ATTACK NEARER.

Carranza Forces Within Ten Miles of Mexico City.

Washington, July 8.—The Carranza forces have pushed their attack on the convention forces defending Mexico City up to within ten miles of the capital. Their military trains are operating that close to the city. State department dispatches from Vera Cruz today gave this report.

COMMISSIONERS GO AFOOT THROUGH MUD

Allen County Board Hits a Region Where Car is Useless.

Accustomed to Allen county's superb highways, County Commissioners Butt, Schwier and Black were compelled to submit to something different Thursday morning when they went down to the Adams county line to meet the board from that county to inspect the site of a culvert on the Holly road, a joint highway between the two counties. Something more than a mile from the place they purposed to visit they found the county line road a soft and unplumbed channel of mud and were compelled to abandon their sea-going automobile and make the rest of the journey afoot. The road had recently been put in repair by grading the soft dirt to the center and recent rains, especially that of Wednesday night, had put an embargo on gasoline traffic. They finally waded to the point desired and the desired change on the culvert was authorized.

Thursday afternoon the commissioners gave hearings on the Schultz road in Wayne township and the Drake road in Washington township.

NEWS OF THE COURTS.

The suit of Matthew Hildebrand vs. John Provines, growing out of a real estate deal in which fraud is alleged, is on trial before Judge Yaple and a jury in the superior court. The suit was brought here on a change of venue from the Huntington circuit court.

Receiver Jess Edison of the Minuet theater has been authorized by the superior court to issue receiver's certificates in order to pay the employes of the establishment.

The suit of Charles Hilker,, et al., vs. Henry D. Hart, et al., has been dismissed from the superior court.

The will of the late Jennie Ferris has been filed for probate in the circuit court. She leaves her entire estate, real and personal, to her adopted daughter, Geneva Ferris, after making small bequests to two nephews. Frank R. Dulin is named as guardian for the beneficiary, who is a minor, and also executor of the estate.

The superior court has ordered James Noonan to pay $3 a week to his wife, Frances Noonan, who is suing for divorce, and entered a similar order for payment of $3 a week in the suit of Susie White vs. William White for divorce.

The last will and testament of the late Frederick Wursten, of Fort Wayne, has been filed for probate. The testator left his entire estate to his son, Fred T. Wursten, of Chicago, and named David H. Hogg executor.

The superior court has granted a divorce to Louise M. Kayser from Anthony Kayser, given her the custody of two minor children and an allowance of $4 a week for their support.

LICENSED TO WED.

John W. Bowers, stone road builder, 62, and Helena A. Pegg, 66.

20 KNOWN DEAD AT CINCINNATI ALONE

(Cntinued from Page 1).

known last night appears to be heavy, particularly in the resident sections of Clifton, Avondale and College Hill.

With one exception, that of five buildings at Sixth and Mound streets, no one locality appears to have suffered more than the other. According to reports this morning, however, it has been found that there are not many buildings in the city that have not suffered to some extent, damages to them ranging from a total collapse to a broken window pane.

Rescue Work Proceeding.

Rescue work was still proceeding early today, but it will be many hours before a full list of casualties is obtainable.

The plant of the Western Union Telegraph company on the fifteenth floor of the Ingalls building was prostrated. Windows were blown in, admitting the rain in such volume as to flood the office, rendering useless the dynamos and other equipment. A temporary panic ensued among the employes, but none was injured.

Several freight cars on the Pennsylvania railroad were overturned at Terrace park. Two of the cars contained valuable running horses. The animals stampeded and many of them were so badly injured that they had to be shot.

During the height of the storm the wind blew seventy miles an hour.

The Known Dead.

The known dead are:

James T. Allen, of the Ohio Humane society; Mrs. E. C. Cohen, Mrs. Rosa Tenenbaum, Charles Kline, Brad Williams, captain of the towboat Fulton; William Hempelman, a manufacturer; Irene Glatthaus, Philip Rizze, George Fagan, unidentified woman killed by falling tree; unidentified man killed in train wreck, caused by storm; unidentified negro killed by falling sign; unidentified woman and two unidentified men drowned by overturning shanty boat on Ohio river; eighteen deckhands and roustabouts drowned by capsizing of towboat Convoy. More than a score of other persons were injured, many seriously.

Race Horse Train Wrecked.

It was ascertained definitely today that a special train on the Pennsylvania carrying race horses from the recently ended meeting at Latonia to the eastern tracks was wrecked at Terrace park a short distance from this city.

Nine of what are considered the best horses that raced at the Latonia meeting were killed. It was also reported that two caretakers were killed and nineteen others injured, including several jockeys. The large racing stable of E. R. Bradley was on this train.

DEATH ROLL IS UNCHANGED.

St. Louis, July 8.—Reports today from the storm swept area of eastern Missouri and western Illinois, left the death roll at 7. Three persons who were reported missing at St. Charles, Mo., the largest town in the path of Wednesday's tornado, were found later to be safe.

Dawn disclosed that the damage done at St. Charles had been overestimated. While the tornado swept a section of the city eighteen blocks long by nine blocks wide, the damage, with the exception of the demolition of one church and the partial wrecking of another church, a factory, a hospital and a convent, was confined largely to the unroofing of houses and the uprooting of trees. Two hundred men were at work today building a temporary bridge for the Wabash railroad near Gilmore, Mo., the railway bridge having been swept away in yesterday's storm.

Wabash trains between Kansas City and St. Louis were routed over the Chicago, Burlington and Quincy line today between Mexico, Mo., and St. Louis. It is thought that the new bridge will be ready for use tomorrow. A summer camp at Mitchell, Ill., eleven miles north of here, was destroyed by the storm. The camp consisted of tents and cottages. No one was hurt there.

The storm in St. Charles county crossed into St. Louis county and demolished barns, scattered wheat shocks and uprooted trees. The town of St. Peters, near St. Charles, was almost demolished, but no one was seriously injured there.

Wabash Train Overturned.

Between Gilmore and Wentzville, a Wabash passenger train known as the Colorado limited, crossed the path of the storm and the first four coaches in the train were neatly plucked by the wind and laid to one side of the right of way.

Not a person was injured seriously in this accident. Those in the ditched cars ran back to the five passenger coaches left standing on the tracks; these were coupled to the tender and the train proceeded on its journey.

Two miles west of O'Fallon the wind lifted a buggy off the road, carried it with horse and three occupants through the air for 200 yards and then hurled it to the ground. Daniel Minor; the driver, escaped with a few bruises, but his wife and one child were killed.

Many Homes Demolished.

At Dardenne, Mo., the home of Thomas Flaherty was demolished and Mrs. Flaherty and their two children were killed. Fifty other homes in this town were reduced to splinters and piles of brick.

At Wejtzville, Mo., Mrs. Hermann Oberlind was killed, and at Gilmore the body of Frank Kunsel was found on the railroad station platform after the storm.

St. Charles, after a night of total darkness—the electric light plant having been put out of commission—today looked upon damage to the entire central portion of the city, including more than 100 residences.

Many Towns Isolated.

The property damage in St. Charles alone, is is believed, will aggregate nearly half a million dollars. The damage to the wheat in St. Charles and St. Louis counties is estimated at more than $100,000. A dozen towns in these counties were isolated last night, as miles upon miles of telephone and telegraph wires were on the ground a tangled mass. From St. Charles the tornado swerved across the Missouri and Mississippi rivers into Illinois. There it branched out sending cloudbursts to Rock Island and to Mounds, near Cairo, in the extreme southern part. The business sections of both these towns were flooded.

INDIANA GETS SHARE OF IT

(Continued from Page 1).

age will be over $250,000. All the large buildings of the city, including the court house, high school and Commercial hotel were partly wrecked.

FLOOD MENACES TERRE HAUTE.

Heavy Rainfall Sends Wabash River on Big Rampage.

Terre Haute, Ind., July 8.—Predictions were made by the local United States weather bureau this morning that the Wabash river would reach the flood stage as the result of the heavy rainfall in the Wabash valley last night. At 9 o'clock this morning the stage was 12.3 feet, a rise of 10.3 feet in twelve hours. The weather station reported 3.71 inches of rainfall, the heaviest ever recorded here. From 5 o'clock yesterday afternoon until 6:15 o'clock two and one-half inches of rain fell.

Street car service was hampered and telephone lines were put out of commission by the electrical storm which came with the rain. Many street cars were stopped when lightning killed the motors. Many cellars in homes about the city were filled with water when the sewers became flooded.

Farmers around Terre Haute have reported serious losses in their crops on account of the storm. In several cases crops of wheat standing shocked in the fields were washed away. A number of families were forced to abandon their homes near West Terre Haute on account of the rising waters.

LEAVE FOR SEATTLE.

Representatives From Local Lodge to Attend Shrine Convocation.

The four representatives named some time ago by Mizpah temple, A. A. O. N. M. Shrine, are on their way to Seattle, Wash., to attend the annual convocation at that place. E. H. Merritt left at noon Thursday; C. C. Schlatter left early Thursday morning and Walter Cook and M. S. Maburin left Wednesday afternoon.

RUSSIANS ARE NOW STRONGER

(Continued from Page 1).

cording to the official reports seem to be finding themselves in some difficulty.

The much discussed campaign in the west has not yet developed though reports of a big movement of troops to that front are persistent. These forces must be new formations unless the great offensive on the east is to cease. For to withdraw troops from Poland and Galicia now would be to leave unfinished what Field Marshal von Mackensen set out to accomplish, unless the clearing of Galicia of Russians was the sole aim, and this is considered hardly probable.

The Berlin claim that the Germans have re-taken trenches near Ypres, Belgium, recently seized by the British, is not confirmed from British sources. At several points in France the Germans have been attacking violently but the only appreciable loss conceded by the French is in the St. Mihiel district. The French admit they have lost a strip of trenches measuring 700 yards. The German official statement more than doubles this distance.

Letting the Turks attack with resultant heavy loss and exhaustion, has been the recent role of the British operating against the Dardanelles. Official dispatches heretofore spoke of the fearlessness and valor of the Turks, but Gen. Sir Ian Hamilton's report received yesterday said for the first time that the Turks were showing no disposition to attack.

HAND GRENADE FIGHTING.

French Driven Out After Temporary Success, Says Berlin.

Berlin, July 8.—The official statement given out today by the German army headquarters said:

"In the western theater of war: West of Souchez the French succeeded in penetrating our outer trenches over a width of 800 yards. They were driven out again by our counter attack. A second attack made by the enemy broke down under our fire. Hand grenade fighting still goes on for possession of a small section of trench in which the French still are established.

Enemy attacks on the positions which we had captured to the west of Apremont lasted throughout the day and night without any success. The number of prisoners was increased by three officers and 400 men.

"On the entire western front lively artillery battles are in progress.

"An enemy attack from the direction of Kovno was repulsed with heavy losses to the enemy.

"At Stegna, northeast of Przasnyz, a few Russian trenches were taken and retained

"Enemy advances in the region of Strzegowo and Starosreby, northeast and east of Racconz, were unsuccessful. Attempts made by our opponents to take away hill 95, to the east of Dolowatka, which we captured yesterday, failed.

"In the southeastern theater: There is no change in the situation of the German troops standing between the Dniester and the upper Vistula.

"To the west of the Upper Vistula a number of enemy positions were taken by storm."

SOISSONS IS BOMBARDED.

French Also Report Infantry Attacks of Much Violence.

Paris, July 8.—(2:35 p. m.)—The French war office this afternoon gave out a statement on the progress of hostilities as follows:

"In the region to the north of Arras there were las tevening and last night several infantry actions of considerable violence. Between Angres and Souchez, to the north of the road running from Bethune to Arras, a German attack, preceded by a very heavy bombardment, was completely repulsed. At a point to the north of the railroad station of Souchez we delivered an attack which made it possible for us to draw nearer to the village. We took possession of a line of German trenches after having put an end to all the defenders thereof by the use of hand grenades and bombs. After this we advanced beyond these trenches. We made some prisoners and captured a cannon.

"The town of Soissons has been bombarded.

"In the Argonne infantry fighting and cannonading lasted all night. At daybreak, in the region of 'Marie Therese,' the Germans made an endeavor to come out from their trenches, but they were driven back.

"Between the Meuse and the Moselle last night saw much fighting. In the forest of Apremont and, in the forest of Le Pretre there was cannonading, rifle fire and the throwing of bombs, but with two exceptions no infantry engagements. These exceptions were at Faye-en-Haye and the forest of Le Pretre, where two attacks on the part of the enemy were checked by us."

Carnival tonight; extra fine cabaret. Hof Brau.

UNDERWOOD STAYS WITH ERIE.

President F. D. Underwood, of the Erie railroad, denied last night that he intends to take the place of President Thomas Shaughnessy, of the Canadian Pacific while Sir Thomas is in the government service.

"I am not going to the Canadian Pacific in any capacity whatsoever; I am going to stay with the Erie until it pays a dividend. This rumor is embarrassing and there is no truth in it."

JOHN D. IS SEVENTY-SIX.

Mr. Rockefeller Celebrates Birthday at Pocantico Hills.

New York, July 8.—John D. Rockefeller celebrated today the 76th anniversary of his birth on his estate at Pocantico Hills, Tarrytown, N. Y. He had intended to go to Forest Hills, his home in Cleveland, for the anniversary, but changed his plans within a few days. If the weather permitted, Mr. Rockefeller expected to take a round of golf on his own links, with his children and grandchildren, and spend a quiet day with his family and friends.

Carnival tonight; extra fine cabaret. Hof Brau.

The social circle of Pythian Sisters will picnic at Robison park Friday afternoon.

WINONA REVELS IN ORCHESTRA COMIQUE

Casts Aside Customary Dignity and Enjoys Musical Salmagundi.

Winona Lake, Ind., July 8.—The people of Winona laid aside their customary dignity on Wednesday evening, when the Orchestra Comique gave its entertainment. Laughter and applause was freely interspersed with the numbers of this program, which was a veritable musical salmagundi. Nothing like it has ever been seen at Winona. Miss Dolly Randolph, the promoter of the entertainment, dropped into the park on Monday evening, and before she was here an hour she had called together a cast of characters representing about fifty of Winona's cleverest people. The selections by the full orchestra were startling as well as musical. Prof. Chenery, manager of the sacred opera, Egypta, was chief assistant to Miss Randolph. He was well provided with monkey wrenches, saws, hammers, nails, oil cans and other utensils, required to keep the complicated machinery in good working order.

Miss Helen Lyon and James Heaton rendered a duo for tuba and bassoon. Miss Lyon's helicon, made from thirty or forty feet of lawn hose, and Jim Heaton's bassoon, improvised from a bicycle pump, produced exquisite music.

Miss Claire Hatfield executed Silver Threads Among the Gold on a double bass viol, constructed from a clothes basket, broom, dust pan and a liberal quantity of wool twine. Three Blind Mice, specially arranged for the Winona event held the audience spell bound.

Henry Backemeyer's saxaphone spasm set the audience wild. He was recalled twice. Mr. Backemeyer is a new man at Winona, but he suddenly gained an enviable position of eminence in his brilliant debut last evening.

Paul Roberts drew some marvelous tones from his slide trombone erstwhile an adjustable hat rack, in one of the Park Row boarding houses. Miss Frances Toy perpetrated the A B. C. book stunt. Winona's popular citizens were freely toasted during this performance. Jim Heaton, Dr. Dickey, Gilworth, Chenery, Claycombe, the Bethany Girls, Dr. Lugenbeel, Billy Sunday, Uncle Excell and others were mercilessly run through the poetical sausage grinder, while the audience testified its appreciation in vociferous applause.

But the climax of the whole affair came when Mrs. Lincoln Dickey appeared in her Italian harp rhapsody. She astonished her hearers as she swept reel after reel of matchless chords from her clothes rack of a thousand tow strings. In the pandemonium which accompanied her closing strains, however, the prima donna was overcome with excitement and fell in a fainting fit. The prompt application of Chenery's restoratives brought her to consciousness and she received her beautiful bouquet of assorted vegetables with becoming grace.

Miss Randolph, who is a real for sure musician, played two fine selections on the violin between the two parts of the program. The Orchestra Comique made a bit beyond question, and the 1915 program was ushered in with a tremendous whirl, by its presence. The entire program with all its unique paraphernalia is fully protected by copyright.

DR. JAMES B. M'EVOY DIES VERY SUDDENLY

(Continued from Page 1).

Peru when he was quite young, where he received his early education in the Catholic school of that city. Following his graduation from the college at Sandwick, Ont., he entered the old Medical college of this city, graduating from that institution twenty years ago.

Immediately following his graduation he became interne at the Indiana state school for feeble-minded youth and later served as a member of the faculty of the local Medical college.

The following year he opened an office above the Miller drugstore, Lafayette and Wallace streets, and continued in the same office until his death. In the practice of his profession, in which he was highly successful, he became widely known and made a host of friends.

The deceased was a member of St. Patrick's Catholic church, of the Holy Name society of the same congregation and also of the Knights of Columbus.

He was married to Miss Jessie Poynter, of Cloverdale, Ind., June 11, 1903. She survives him as do three children, Paul, Poynter and Maurice. The mother, Mrs. Mary A McEvoy, of Kalamazoo, and the following brothers and sisters also survive: Mrs. Roy Bollinger, Miss Madaline McEvoy and Dr. Francis McEvoy, all of Kalamazoo.

Funeral services Friday morning at 11 o'clock at St. Patrick's Catholic church.

The remains will be sent to Kalamazoo for burial.

IS IT AN ANSWER TO HOLT'S DIRE THREAT?

(Continued from Page 1).

to his wife in Dallas when he wrote that one of them should sink on July 7.

Further inquiry was conducted by the police today to discover what had become of the sixty pounds of dynamite missing from Holt's store of explosives hidden here. Although it appeared Holt had bought 40 per cent. dynamite, that found in his trunk was the 60 per cent. kind. This suggested a possibility that all his explosives had not been found.

Find No Accomplices.

Thus far the police authorities have not been able to discover that Holt had any accomplices in the making or placing of his bombs.

Police Commissioner Woods said the indications were that Holt was working alone.

Arrangements had been made to hold an inquest on Holt's suicide today. His identification as Erich Muenter, indicted in Cambridge, Mass., for the murder of his wife, was regarded by the authorities as complete. J. P. Morgan, who was shot by Holt, had so far recovered yesterday as to be able to walk about his house at Glencove, and his family hoped that today the financier would be able to go out doors for the first time since he was shot.

IN THE CHURCHES

AN AUTOMOBILE TOUR.

Teachers of Ohio Lutheran Synod Will Make a Trip About City.

In place of the devotional services which was to mark the close of the annual session of the Lutheran teachers of the Ohio synod, an automobile trip around the city has been planned. The visiting delegates will be given an opportunity of seeing the many pretty spots of Fort Wayne. The pastor who was to deliver the sermon Thursday evening was unable to come, therefore the change.

Thursday morning the teachers continued the discussion of subjects pertaining to the parochial schools. Prof. L. Totzke and Prof. H. M. Wagenbauer, both of Detroit, conducted a class, giving the delegates an opportunity of witnessing the demonstration.

* * *

Return From Camp Lakeside.

All but thirteen of the forty girls who spent their Fourth of July vacation at Camp Lakeside, the summer resort for the local Y. W. C. A., have returned and all report having had a fine time. While there they enjoyed a hayrack ride, a wiener roast, out door picnic and other sports common at the lakes.

* * *

Give Banquet to Mrs. Donnan.

The members of the bible class at the First Presbyterian Sunday school are giving a banquet this evening in honor of Mrs. A. E. Donnan, who has taught the class with such marked success. The banquet is to be given at the church. Mrs. Donnan leaves the city soon.

* * *

First Versus Southside Church.

Thursday evening, July 8, the Men's Bible class of the First Baptist church will debate on an important question of the day with the Men's class of the Southside church. The event will be given at the First church beginning at 8 o'clock.

* * *

The Woman's Missionary society of the First Presbyterian church meets Friday in the class rooms of the church.

FUNERAL NOTICES.

Schwier.—Funeral services for William F. Schwier will be held Friday afternoon at 2 o'clock at the residence, 534 East Jefferson street, and at 2:30 o'clock at St. Paul's Lutheran church, Rev. Jacob Miller officiating. Interment at Concordia.

Foltz.—Funeral services for Samuel C. Foltz will be held Saturday afternoon at 2 o'clock at the residence, 330 Montgomery street. Interment at Lindenwood.

Siemon.—Funeral services for Charles E. Siemon will be held Friday afternoon at the residence, 2710 Gay street, at 2 o'clock. Services will be private. Interment at Lindenwood.

Sol A. Wood went to Indianapolis Thursday morning to attend the annual meeting of the state bar association.

Carnival tonight; extra fine cabaret. Hof Brau.

New Assistant at St. Mary's Church

REV. GEORGE HASSER.

Rev. George Hasser, just appointed by Rt. Rev. Bishop Alerding as assistant to Rt. Rev. Mgr. J. H. Oechtering, rector of St. Mary's Catholic church, arrived in the city Wednesday evening to begin his new duties.

Rev. Father Hasser, whose home is at Fowler, was ordained to the priesthood by Rt. Rev. Bishop Alerding on June 18. He is a graduate of St. Meinrad's.

The married ladies of St. Peter's Catholic church will give a pedro party in the school hall Friday afternoon.

HOLD UP LETTING OF CONTRACT

Fort Wayne Electric Works Opens Bids for Building.

Although sealed bids were received and opened yesterday the officials of the Fort Wayne Electric works state that the contract for the new building will not be awarded at once, but that a further consultation with the architects will be necessary before the matter is definitely settled.

The building is a large new store house to be erected on ground recently leased from the Wabash railroad. The old storehouse probably will be abandoned. It is a ramshackle frame affair with a tin coating, and is none the better for age nor wear.

NEW BOOKS AT LIBRARY.

Important Additions to Business and Municipal Department.

The following books were added to the collection in the business and municipal department of the public library during the month of June:

Harris, R. S., Practical Banking.

New York, (state) factory investigating commission, Minimum Wage Legislation.

Arnold, Emil, Armature Windings.

Bunting, H. S., Specialty Advertising.

French, L. G. and others, Deep Hole Drilling. (Machinery's ref., ser. No. 25.)

Gibson, J. A. B. and Pribble, B. S., pub., United States Safety Appliances for All Classes of Cars and Locomotives.

Haggard, H. R., Rural Denmark and Its Lessons.

Heldt, P. M., Gasoline Automobile.

Lake, C. S., Locomotive Simply Explained. (Model engine ser. No. 17.)

Moreton, H. P., Drake's Telephone Handbook.

Smith, A. B. and Campbell, W. L., Automatic Telephony.

BLOW TO RAILROAD OFFICIALS.

Their Good Friend and Adviser Charles J. Murphy Locked Up.

Charles J. Murphy, a member of the Indiana public service commission, was arrested yesterday charged with violating the city traffic ordinances. The arrest was made in Indianapolis by a traffic officer, and is said to have grown out of the refusal of Murphy to obey the instructions of the policeman relative to the manner in which he crossed the street. Murphy was sent to police headquarters in a patrol wagon, according to report, and was facing the lockup when Judge James E. Deery, of the city court, went to the rescue and allowed him to go on his own recognizance.

ANNIVERSARY OF FAMOUS WRECK.

The heavy rains of the past few days and the delay to traffic on many of the roads hereabouts recalls a similar experience in the month of July, 1892. The Wabash twenty-three years ago had one of its worst wrecks, due to heavy rain. The entire force of operating chiefs of the eastern division at Peru, with the exception of Roadmaster A. B. Adams, was drowned in a culvert over Kentner's Creek near Kellar's station (now known as Rich Valley). The creek had been swollen out of its banks and had washed the bridge away. The Wabash officials fearing bad track at several points had sent out a special train from Peru to feel the way over several bad spots. Engine 174, then brand new and built by Wabash mechanics, was sent out in the storm and was pushing several empty flat cars ahead of it as a feeler. At Kentner's creek the cars ran into the washout but gave no warning. The engine piled in on top and all of the officials who were riding in the cab of the engine were drowned. Roadmaster Adams had been in the engine cab which he found too crowded, and he went back to the caboose and consequently escaped death.

LONG IN SERVICE.

Michael J. McGrath, Batavia, N. Y., yesterday was retired on a pension by the New York Central railroad. He was in the service 53 years and never lost a day through illness. It is estimated that he ran a pusher engine 277,500 miles. He was baggageman at Batavia when President Lincoln's body was taken to Illinois. Besides his New York Central pension he will get one from the Brotherhood of Locomotive Engineers.

WABASH PAY DAY.

Paymaster George E. Francisco, pilot of the Wabash joy cart, will arrive in the city Saturday morning and for an hour or two will dispense their semi-monthly stipends to the employes here.

INDUSTRIAL NOTES.

W. C. Slater, of the Bass Foundry and Machine company, is at Cleveland on business.

A. B. Zuber has returned to work at the Pennsylvania boiler shop after being off duty with a severely bruised shoulder.

W. H. Miller, of the Pennsylvania company machine shop had a hand badly cut yesterday when a heavy frame came down on it.

The following officers have been named by the Typographical Apprentice club: W. Daley was named president; R. McCreary, vice president; J. Teusaint, secretary, and R. Motter was re-elected sergeant-at-arms.

At a meeting of the stockholders in the new Union Co-operative store the management announced that the first three days had totalled $2,687. This is a great deal more than was expected and the stock-holders are delighted with the results.

NEW RULES TO COST AN ENORMOUS SUM

Recommendations Made for the Safe Handling of Electricity.

To comply with the recommendations that have been made by the National Electrical Safety code through the bureau of standards will cost the Fort Wayne and Northern Indiana Traction company thousands of dollars.

J. J. Brennan, superintendent of transportation of the company, was at Indianapolis, Thursday, meeting with a committee representing the Central Electric Railway association, which is working in conjunction with the bureau, for a modification of the rules that have already been proposed.

All rooms or spaces in which electricity supply equipment is installed shall comply with the following requirements: "They shall be used for no hazardous process except production of a supply of electrical energy. They should be free from inflammable gas and flyings; indoor stations should be dry and well ventilated. In out-door stations in wet tunnels or subways all live parts of equipment should be enclosed in tight metal cases or otherwise properly protected. Floors shall be level and afford secure footings."

Many of the rules are put in the mandatory form by use of "shall," while others intended as strong recommendations "should" is used to indicate that fact.

The purpose of the new rules is to provide for the safe handling of electricity.

Samuel W. Greenland, general manager of the Fort Wayne and Northern Indiana Traction company, left Thursday morning, accompanied by Mrs. Greenland and two children, for Gun lake, near Shelbyville, Mich. Mr. Greenland expects to return Friday, while his family will remain for the remainder of the summer.

WOMAN SPURNS $300 OFFER FOR HUSBAND

Chicago, July 8.—Mrs. Orsando offered me $500 if I would let her have my husband. I wouldn't do it."

Mrs. Anna Haslik, of 1922 South Morgan street, who appeared yesterday in the Maxwell street court to prosecute Mrs. Elizabeth Orsando, a widow, who lives at 549 West Eighteenth street, made this charge. Her son, John, 7 years old, was with her.

"John and I want him," she told the judge. "He is my boy's father, and I'm not going to give him up for any woman, or for money."

"I never offered her $500," said Mrs. Orsando, "he isn't worth it."

Mrs. Orsando was found guilty of disorderly conduct and fined $10 and costs.

British Columbia has 57,608 students in its schools and colleges.

FEATURES THAT DISTINGUISH Harrison Hill

Convenient Location Harrison Hill is the heart of the NEW South Wayne. Due south on Calhoun street, the principal thoroughfare of the city; fifteen minutes' ride on the car line which goes direct to Harrison Hill. Just two blocks from the New South Side School site. Fronts on the north on Rudisill Boulevard, part of the "around the city boulevard system."

High Ground Standing on Harrison Hill you can look over the city to the north and over the rolling country to the south. Harrison Hill is 35 to 50 feet above the level of the sidewalk around the court house.

Modern Platting Harrison Hill is platted along twentieth century lines, taking into account modern conditions of life. The streets are planned for motor traffic rather than horse drawn vehicles, with wide, sweeping curves and long distances between cross streets. The lots are planned for the kind of homes we build today with sufficient variety in size to take care of various sized houses. There is more space devoted to playgrounds and parks in Harrison Hill than in any other addition in the city.

Improvements All Installed Work on these improvements is now in progress. They include asphaltic concrete paving, concrete sidewalks, ornamental lighting system, trees, shrubbery and ornamental entrances; all these besides the absolutely necesary improvements such as sewers, water, gas, etc.

Restrictions That Protect You The building restrictions on Harrison Hill are the kind that bring the right kind of people into the neighborhood, folks you will like to have live near you. There will be no "cheap" houses in Harrison Hill; every house will be a HOME in the best sense of the word, and the owners will be people that CARE, people that will keep their homes up. You will be proud to say, "I live in Harrison Hill."

WHAT gives value to city home property? People, nothing in the world but people. Without people city property would be worth nothing.

What brings people to city property?

Improvements, nothing in the world but improvements. Without sewers, water, lights, walks, etc., city property would not be livable.

What increases the value of city property above the ordinary values?

Restrictions, nothing in the world but restrictions. For restrictions bring the right kind of people to the neighborhood; it is restrictions that mark the difference between South Wayne and the Rolling Mill district.

Harrison Hill will have them all. Harrison Hill will have all improvements, so that people CAN live there; Harrison Hill will be restricted so that the best people WILL live there.

Real proof is the fact that at this date six houses are already started in Harrison Hill.

Buy where people live, where the right kind of people live, and you are getting home property of real value, of constantly increasing value.

BUY, BUILD And LIVE IN HARRISON HILL

TO RECEIVE BIDS FOR CEMENT WALKS

Board of Works Will Open Proposals for Heavy Batch of Work.

At its regular meeting Thursday night the board of works will open bids for the construction of a big batch of cement sidewalks and for the construction of four local sewers. The work for which proposals will be received is as follows:

Sidewalks—Lewis street, north side, Francis to Anthony, and south side, Ohio to Anthony; Oliver street, east side, Thayer to Eckart; Bowser avenue, west side, McKee to Eckart; Holton avenue, west side, Horace to Creighton, and west side, Pontiac to Colerick; Reed street, west side, Pontiac to Colerick, and east side, point 66 feet south of north line of Hough's outlot No. 6 to Colerick; Winter street, west side, between the same points; Melita street, south side, Harrison to Hoagland; Bass street, both sides, Hoagland to Fairfield; Hoagland avenue, east side, Packard to Organ; Webster street, both sides, Darrow to Rudisill; Gumpper avenue, both sides, Calhoun to Webster; Nelson street, both sides, Washington to Jefferson; Boone street, both sides, Cherry to Watkins; High street, south side, west end of present walk to G. R. & I. railroad; Schilling avenue, east side, High to Sinclair; Third street, both sides, St. Mary's to Runion.

Sewers—In alley west of Nelson street, from alley north of Guthrie, south on Guthrie and on Thompson avenue to Huestis avenue; in alley between Alexander and Abbott streets, frm Eckart street north; in alley between Wells and Cass streets, from Jacobs avenue to State boulevard; in alley between Wayne and Washington streets, from Garden street west.

POSTPONE BOULEVARD PAVING.

After discussing the matter at its meeting Wednesday afternoon the board of park commissioners definitely reached a conclusion to postpone the paving of Rudisill boulevard from Calhoun street west until next year, and decided to do no more than grade that thoroughfare this year. The board approved the primary assessment roll for the grading, parking and draining of Anthony boulevard from the Maumee river to State boulevard and fixed Aug. 3 as the date for the final hearing. Bids were received from the Fort Wayne Oil and Supply company and the Goulds Manufacturing company for furnishing and installing a pump to supply water for the Lakeside park and lagoons. The bids were referred to Park Engineer A. K. Hofer.

WILL FILE AFFIDAVITS.

A drastic policy to enforce the regulations for clean milk will be at once inaugurated by the city health department. Affidavits will be filed against all dairymen who deliver milk found to contain visible dirt. Complaints to the board are frequent that dirty milk is served to consumers. Warnings have been many, but prosecutions few. The order will be reversed.

THE BIRTH RECORD.

To Mr. and Mrs. Earl E. Howard, 2704 Hanna street—a boy.

To Mr. and Mrs. Sam Polson, (colored), 126 Eureka street—a girl.

CHICAGO GRAIN AND PROVISIONS.

Chicago, July 8.—Storms throughout the Ohio valley resulted today in general commission house buying of July wheat. Other options which were at first relatively weak responded soon to the strength of July. Opening prices, which ranged from ½c to 1⅜c up, were followed by the market steadying at a moderate advance all around above last night's level.

The close was steady at 1@1⅛c to 1⅝@1¾c above last night.

Corn hardened with wheat. After opening ⅜@½c to ¾c higher, prices made some slight additional gains. Fear that storm damage had been serious gave independent firmness to oats. July shorts covered freely.

The close was steady at 1c to 1⅝c net advance.

Lower prices for hogs carried down provisions. Pork, especially, was weak.

Range of Prices for the Day.

SLIDEE, GLIDEE, HOPPEE—MELICAN TANGO GOOD LIKE MELICAN TRADE.

New York, July 8.—China sent a bunch of bankers and business men to the United States to pick up a few "get-rich-quick" hints. They came. They saw—Jawn D. and "Yim" Hill and some other magnates, but they also saw the Castles, Al Jolson, et al, and they are going back to China to tell the folks about the "hoppee, slidee, pusbee, jumpee foxee trottee" the Americans do.

George Wung-Lung, an amusement manager in China, says he'll bring a Broadway dancing team back to Hong Kong's gay white way to teach the orient how to tango.

And maybe the commission will not forget to report what the bankers told them about trade conditions in America.

THE DAY ON WALL STREET.

New York, July 8.—Liquidation was resumed today at the opening, all parts of the list recording declines. Louisville and Nashville, St. Paul, Canadian Pacific and Southern Pacific, yesterday's weakest features, lost one to two points in the initial dealings. Chicago and Northwestern fell to 118, the lowest price in years. Missouri Pacific at 4¼ made a new low, and secondary railways, as well as industrials, declined fractions. U. S. Steel was the most steady leader, soon recovering its moderate decline. Trading was active but in small volume. Rallies were quite general before the end of the first half hour.

The rally carried some stocks well above yesterday's close but was followed by renewed selling of Southern railroad shares, L. & N. and Southern railway preferred making new low records. On the second rebound the market became listless, with narrow price changes. Among the high priced specialties American Cotton product was conspicuous for a further gain of 6½ points. Sales of Japanese 4½ per cent. bonds bearing the German stamp suggested liquidation by Berlin.

Publication of the government crop report showing unfavorable conditions in corn caused further recessions in the final hour. The closing was heavy.

THE WEATHER.

OFFICIAL FORECASTS.

Forecast till 7 p. m. Friday:
For Fort Wayne and vicinity: Tonight and Friday fair; warmer Friday.
For Indiana: Tonight and Friday fair; rising temperature Friday.
For Ohio: Fair tonight and Friday.
For Lower Michigan: Fair tonight and Friday; rising temperature Friday, and in south portion tonight.

WEATHER CONDITIONS.

The weather has been generally fair in the western sections, although showers have occurred in localities on the north Pacific coast and in Montana and northern Wyoming. Local showers have also occurred in the east gulf states and in northern Florida. In connection with the northeastward movement of the western storm to western Pennsylvania rains have occurred in the central Mississippi and Ohio valleys and in the southern portion of the lake region, with heavy amounts at many stations. At Indianapolis the fall was 4.22 inches. Temperatures are practically normal in the various sections of the country, and during the last 24 hours no marked change in temperature has occurred.

Fair weather is indicated for this vicinity tonight and Friday, with higher temperature Friday.

BEES INVADE A HOTEL.

Guests at Elwood Proceed to Hive Swarming Visitors.

Elwood, Ind., July 8.—Guests of the Alpine hotel here were badly frightened when a swarm of bees invaded the hotel, apparently with the idea of taking possession. With dishpans and other devices the guests and attaches of the house formed a noise-making brigade and settled the bees on shrubbery in the hotel yard. The bees were hived.

NOTICE TO NON-RESIDENTS.

DEPARTMENT OF PUBLIC PARKS.
OFFICE OF THE BOARD OF PARK COMMISSIONERS OF THE CITY OF FORT WAYNE, INDIANA.
Fort Wayne, Indiana, July 7, 1915.

The following persons, whose names hereinafter follow, believed to be non-residents of the City of Fort Wayne, and of the State of Indiana, or being persons whose residence is unknown, and all other non-residents owning real estate within the special park district of said city, as established by Boulevard Improvement Resolution Number Nine (9), will take notice that said Board has approved the primary assessment roll showing the preliminary assessment of benefits for improving Anthony Boulevard, within its limits, from the Maumee River to State Boulevard, as authorized by Boulevard Improvement Resolution Number Nine (9), adopted by said Board October 17th, 1914.

That said Board has fixed Tuesday, August 3rd, 1915, at 4:00 o'clock P. M., as the date on which remonstrances will be received and heard at the office of said Board, against the amount of benefit assessed. The following persons, whose residence is unknown, or who are non-residents, followed by the addition or sub-division in which their property is situated, and the number of the lot, out-lot or block, and the amount of benefits assessed, are hereby notified of said proceedings, to-wit:

Heine, William, Forest Park Add., Lots 1, 2 and 3, Block 21 ....$80.76
Homan, Irvin, Anthony Boulevard Place, Lot 68 .... 25.70
Parish, Raleigh C., Anthony Boulevard Place, Lot 91 .... 31.82
Salzbrenner, Eva K., Forest Park Add., Lot 11, Block 21 .... 26.92
Sautter, Fred W. & Louise, Anthony Boulevard Place, Lots 23, 24 and 25 .... 91.79

Said assessment roll, showing said prima facie assessment of benefits, with the names of owners and description of property, is on file and may be seen at the office of the Board of Park Commissioners of said city.

DAVID N. FOSTER,
LOUIS FOX,
LOUIS DORN,
ABE ACKERMAN,
Board of Park Commissioners of the City of Fort Wayne, Indiana.
Attest: CHARLES J. STEISS,
Secretary.

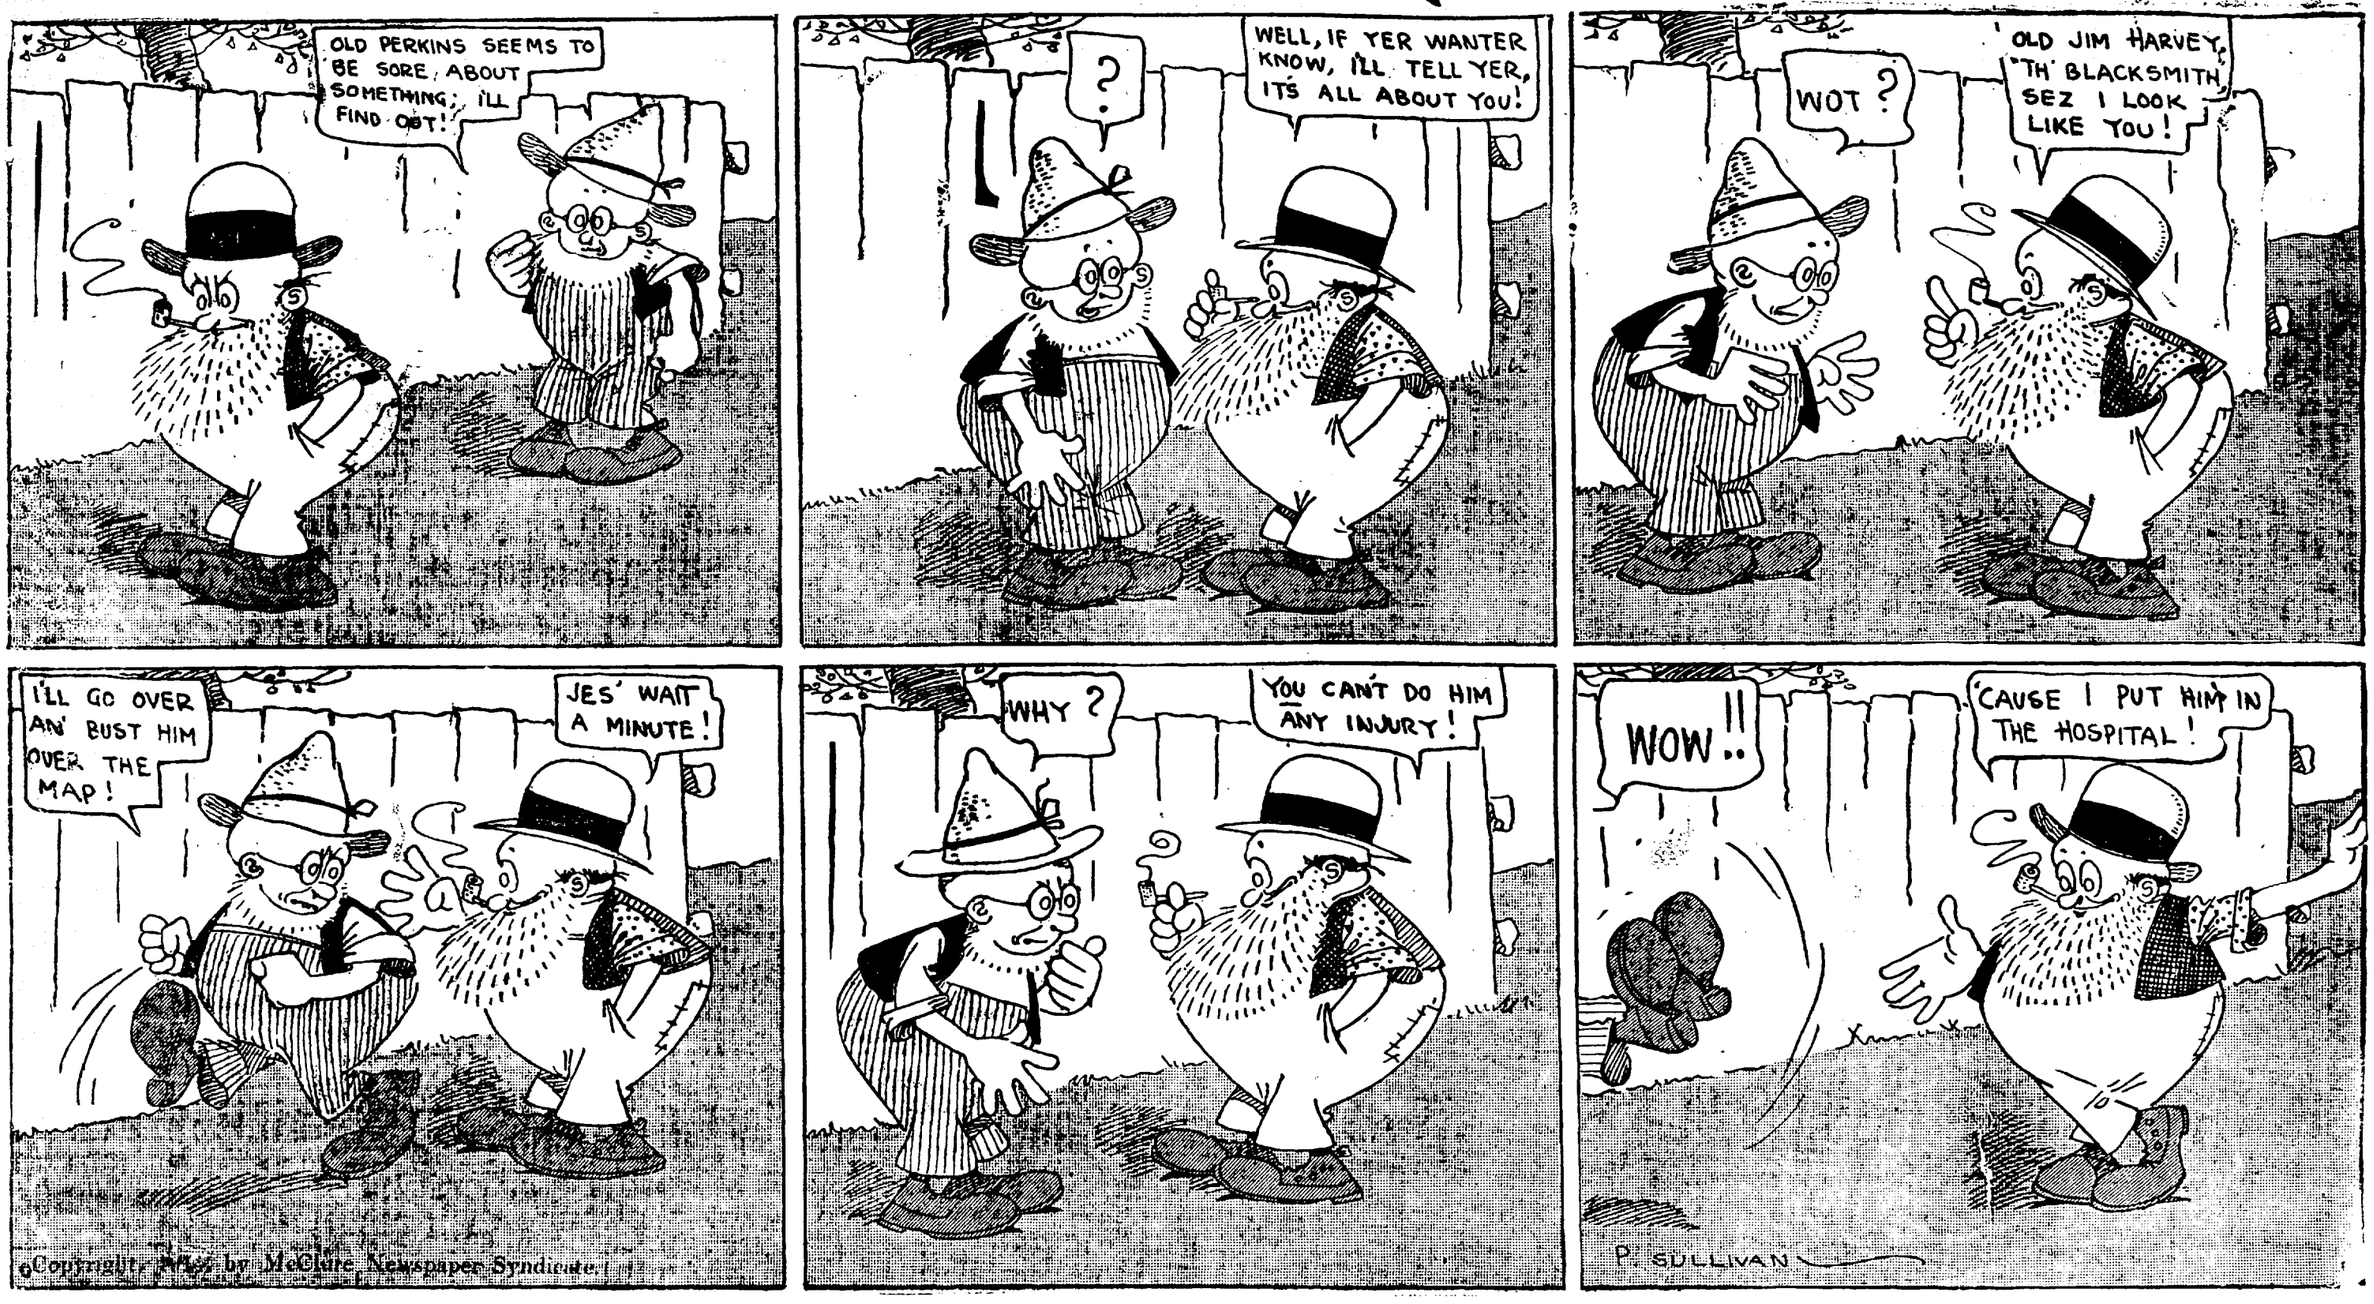
"OLD POP PERKINS"



FORD EXPERT TO TELL HIS MEN HOW TO EAT

Will Establish Department of Dietetics in Detroit Hospital.

Detroit, July 8.—"Eat only when hungry, and then eat less than you feel you need. Try this for a week and I'll guarantee you'll feel much healthier."—Henry Ford.

Firmly convinced that people consume three times as much food as they should and that gluttony causes brain sluggishness and a "booze" appetite, Mr. Ford, who has shown approval of the theories of Major General W. C. Gorgas, has directed Dr. James E. Mead to establish in the new Ford General hospital a department of dietetics, the object of which will be to teach the public to eat less and how to eat.

"We agree that too much food causes men to be sluggish of brain and abnormal of appetite," said Dr. Mead in discussing the new department and explaining Mr. Ford's ideas regarding the dietetic department. "Many of the best authorities blame a great deal of the passion for liquor upon gluttony.

"The department of dietetics will be one of our means of prevention of illness, which, we agree, is better than cure. While we are prepared to cure cases of addiction to drugs and to liquor, we prefer to prevent them."

To Teach How to Eat.

Mr. Ford's hospital plans, in substance, are as follows:

New department in public hospital to teach people how to eat.

People to have benefit of expert dietician.

Less eating is expected to prevent cases of alcoholism.

One thousand private rooms for the middle class to be provided at new hospital, the charge for a sick man to be $2 a day, including room, board and nurse attendance.

Nurses to work in three shifts; no nurse to work more than eight hours a day.

New buildings at hospital to be built around a garden.

Lake to be made in front of hospital.

The department is in line with Mr. Ford's propaganda looking toward efficiency of men. The many thousands of Ford employes will be taught to subsist on less food and it is believed fully a million dollars can be saved by the employes in this manner.

This work will not be confined to his employes. Any who will learn are welcome to all the benefits of the discoveries made by his staff of physicians.

Hanging Day May Develop Into Public Picnic to See Five Wretches Pay Penalty for Crimes

Mississippi Gallows to Be Worked Overtime While Girls and Boys, Mothers With Babes in Their Arms Stand by to Watch Death Writhings of Hangman's Victims.

(By Frederick E. Hamlin.)

New Orleans, La., July 8.—A storm of protest is going up all over Mississippi and other parts of the country over "hangman's day," August 6, in this state.

On that day five murderers will pay the death penalty, two of them are white men. The others are negroes. On August 5 another negro will be hanged.

Six hangings in two days in Mississippi and every one will be a holiday event!

The executions will be in broad daylight, there will be no limit on the number of persons to attend and anyone can witness the gruesome events.

Scratch of Pen Will Save.

The scratch of a pen in the hands of Gov. Earl Brewer, of Jackson, Miss., can save all these men.

Strong appeals are being prepared by friends and relatives of the condemned men to have him commute the sentences to life imprisonment, their main argument being that the wholesale executions will be as much of a stain on the history of Mississippi as the hanging of Leo M. Frank would have been on Georgia.

The two white men scheduled to die on the gallows are S. L. Johnson, convicted of the murder of a man named A. E. Brewer in July, 1913, and J. Tabor, civil war veteran, convicted of murdering his daughter-in-law. The negroes are: Bunyan Walker, convicted slayer of Tom Seales in Jefferson county, September, 1914; Peter Bolen and H. Sealed, slayers of Will Taylor in Oktibbeha county, October, 1914.

The man who will hang August 5 is Will Pellmore, negro, who was convicted of killing his cousin, Elsie Pellmore, and wounding two other relatives. The execution will be staged in Port Gibson, Miss.

Where five men will be hanged! Scene at a public execution at Bay Springs, Miss. The crowd was as jovial as if at a picnic. Note the woman with a baby in her arms standing in the foreground.

So barbarous have been many of the recent lynchings and so strongly has mob spirit ruled at public executions that a wave of sentiment against "hangings" already is being felt in this part of the country.

Take the public executions at Bay Springs, Miss., and Aberdeen, Miss.

Excursions to See Men Hanged.

You would have thought the towns were holding a county fair or street carnival instead of hangings. People came from every direction. From Laurel, Miss., a dozen miles or so from Bay Springs, an excursion train was run. It carried nearly 1,000 persons.

The negro in the case was Mose Johnson. He had held up and robbed a lumber company pay car, shot and killed the paymaster and wounded two other white men. Posses searched and searched. A deputy sheriff stumbled over him in the woods near the scene of the crime. He had buried $2,000 and was digging up some of it "fo' gin."

That night in the Bay Springs jail, Sheriff C. Jones and twenty deputies stood guard.

At midnight a mob came from Laurel and demanded that the negro be surrendered.

The sheriff told the mob to "come and get him."

After an hour's wait, he sent out a messenger with a note that read like this:

"Say, I'm getting tired of waiting. I want to go to bed, and if you fellows are going to get Mose, you'd better hurry up."

The sheriff bluffed 'em out.

A week later, after a fair trial the negro was condemned to death.

A scaffold was erected in the court house yard and the board of supervisors of the county ordered a public execution.

Seven thousand men, women and children, some babies, were witnesses.

Just a week after the Bay Springs case, the morbid got another "treat" at Aberdeen, Miss. A negro murderer, condemned to death fell in a faint two days before the day of his execution.

Braces were built on the scaffold to hold his unconscious form while the trap was set and sprung.

More than 5,000 persons saw that horror.

Some of the recent lynchings and even executions in Louisiana and Mississippi have been revolting.

There is one in particular. It occurred at St. James, La., across the river from Gramercy, La., on May 8, 1914, and the revolting details have never before been published.

The negro in the case, Sylvester Washington, shot and killed a deputy sheriff at Gramercy and escaped to the woods across the river.

The next afternoon a mob cornered the fugitive hiding under a corn crib on a plantation.

A pitched battle followed. When the fugitive's ammunition gave out, someone in the mob crawled to the crib and set it afire.

Crowd Has No Mercy.

The negro came from his hiding place and everyone took a shot for luck!

The body was buried and the mob dispersed. That evening, several Gramercy men and boys in an automobile went to St. James, exhumed the bullet-riddled body. A rope was tied around the feet and the other end to the rear of the auto.

Through St. James, onto the ferry and through the streets of Gramercy, a town of 8,000, the gruesome procession went at high speed.

Torn to shreds, the corpse finally was buried on the river bank.

The Gramercy horror was almost duplicated to the most minute detail a little later at Slidell, La., not more than fifty miles from Gramercy.

A more startling and perhaps revolting evidence of how mobs work was shown in Shreveport, La., where five negroes were lynched during December.

In the investigation by state and parish officials of the wholesale lynchings, Dr. A. Herold, parish coroner, swore that Dr. A. D. Hatcher, of Flournoy, and J. M. Mays, a police juror of Greenwood, and two deputy sheriffs were in the mobs.

It was also brought out that Miss Bee Alexander, a manicurist, rode in the "murder auto" that took one of the victims from the Shreveport jail.

On the witness stand, she said she saw preparations for burning the negro at the stake, but, sickening, turned away as the flames flared up.

IS BUILDING NEW HOME.

Work Has Been Begun on William F. Moellering's $12,000 Residence.

Work has been begun on the new residence of William F. Moellering, who now resides at 323 East Washington street, which will cost in the neighborhood of $12,000. The plans were drawn by Griffith & Fair and the general contract has been awarded to Fred Boester. Max Irmischer is doing the mason work. The new beautiful house will be situated at 315 East Washington street.

The building will be a ten room house built of brick, tile roof and stone trimmings and a basement under the entire structure.

The Turner ladies will give a pedro party Friday afternoon in Turner hall.

It's to be a Furniture Christmas this year—Therefore buy that Christmas Present now—at Foster's. You can buy a nice white iron crib for the baby, making a deposit of 50c now, 60c in August, 70c in September, 80c in October, 90c in November, and the last deposit, $1.00, in December, or you can reverse the deposits.

NEAR 50 LIVES AND MILLIONS DAMAGE STORM'S TOLL

20 KNOWN DEAD AT CINCINNATI ALONE

Still Other Victims Believed to Be Buried Under Ruins of Five Buildings Which Collapsed There.

Terrific Visitation of Wind and Rain Sweeping from Nebraska to Ohio Leaves Lifeless Forms and Wreckage in Its Wake.

According to figures compiled early today more than two score persons were killed and several score injured by the violent wind and rain storm which extended from Nebraska to Ohio last night. The property damage is estimated at several millions of dollars.

The greatest loss occurred in Cincinnati and vicinity where fully twenty persons are known to be dead and fifteen missing, twelve of the dead there being deck hands who were drowned by the capsizing of the towboat Convoy, on the Ohio river.

In eastern Missouri, the storm assumed the proportions of a tornado, demolishing a large area in St. Charles, a town of about 11,000 people.

St. Peters, a town of 300 inhabitants, and Gilmore, a village of 100, were almost wiped out by the tornado. In St. Charles and St. Peters there was no loss of life, while in Gilmore only one person was killed.

In Lincoln and Custer counties, Nebraska, wind and hail caused heavy damage to crops and in the village of Callaway several buildings were unroofed. There had been no loss of life reported early today.

In southern Illinois the storm was severe, causing heavy damage in many localities. At Mound City the business part of the town was flooded.

In central and southern Indiana three persons were killed and many injured. Telegraph and telephone service was demoralized, buildings were unroofed and crops damaged by the heavy wind and rain.

TOTAL WILL GO YET HIGHER.

Twenty Known Dead in the Storm Near Cincinnati.

Cincinnati, O., July 8.—Twenty people are known to have lost their lives in the terrific wind and rain storm that swept this portion of the Ohio valley last night. That this total of fatalities will be increased during the next few hours appears certain as no fewer than ten of those reported as missing are believed to be under the ruins of five buildings that collapsed on Sixth street west of Mound.

The estimate of property damages increases as the day grew older and a committee of business men have placed their figures well above the million mark.

The list of dead include twelve men of a crew of eighteen of the towboat Convoy which went down during the storm. None of the bodies had been recovered, but those who escaped from the sinking vessel are positive that twelve men stuck to the boat too long and went down with her.

Equally Severe There.

The storm was equally severe over northern Kentucky and the property damage on that side of the Ohio river will almost equal that suffered by this city. Only one death has been reported from the Kentucky side of the river today.

Reports from Lexington, Ky., say that the storm throughout the central part of the state was the most severe in years, many buildings in the country being leveled, while a large number of crops have been ruined. No fatalities have been reported from that section, however.

Reports from the smaller cities of southern Ohio indicate that while the storm was severe in these localities yet little property damage was done, although crops suffered heavily.

Six Turn Up Later.

Six of the twelve members of the crew of the tow boat Convoy reported as missing, were located later today.

They had clung to pieces of wreckage from the boat when she went down and floated several miles below the city, landing on the Kentucky side of the river. They remained there all night and walked back to this city today. They reported that the other six men had disappeared when the boat went down and are believed to have been lost.

As definite reports began to filter in today from the suburbs, where telephonic communication was slowly being established the list of missing which at last reports last night indicated between fifteen and twenty, was increasing.

Cincinnati awoke this morning to find railroad service partially paralyzed, its wire communication with the outside world hampered to such an extent that only press wires were available, its streets litered with fallen trees, signs, roofs of houses and other wreckage that had been tossed there by the wind. Numerous church spires were blown down and the wreckage in the streets not yet removed the street car service is decidedly limited.

Kentucky Towns Hit.

From the other side of the Ohio river, in Newport, Covington, Fort Thomas and Fort Mitchell, Ky., come reports of collapsed houses and the street car service to those cities has been entirely suspended.

In the outlying districts of Cincinnati the property damage which was un-

(Continued on Page 9, Column 2.)

LANE SAYS VOTERS WILL MAKE CHOICE

C. R. Lane was asked Thursday by a Sentinel reporter regarding a report that he is to have opposition in the nomination next year as the republican candidate for congress to which he made the following statement:

"I know nothing of any so-called leaders opposing me or that I will have any opposition for the nomination. This is a free country and I will be a candidate for the nomination and I am perfectly willing to take my chances with any others who may enter the race. The nomination will be made by means of a primary and not by a convention as heretofore. It will be bestowed therefore by the rank and file of the voters upon the candidate of their choice and not by an organization of leaders. The primary cannot be held until next March so that there is plenty of time for the voters to make up their minds about the nomination."

GRAND JURY ACCUSES FIVE MONTENEGRINS

Chicago, July 8.—Five Montenegrins, including three commissioners of the king of Montenegro and a former charge d'affaires at Constantinople, were named in indictments returned by the federal graand jury today charging conspiracy to vinlate the neutrality laws of the United States.

The indicted men are: Jovo Matanovich, Savo Gjourashkovich, B. Martanovich, Anto V. Seferovich and P. M. Luburich. Matanovich and Luburich are under arrest at Portland, Ore.; Gjourashkovich and Martanovich at Bisbee, Ariz., and Seferovich in New York. It is alleged that they conspired to recruit soldiers for the Montenegrin army.

THE BILLION BUSHEL WHEAT CROP NEARER

Washington, July 8.—Prospects of a billion bushel wheat crop this year were increased during last month. Basing its estimate on July 1 crop conditions, the department of agriculture today placed the prospective total production at 963,000,000 bushels, compared with 950,000,000 bushels estimated from June 1 crop conditions.

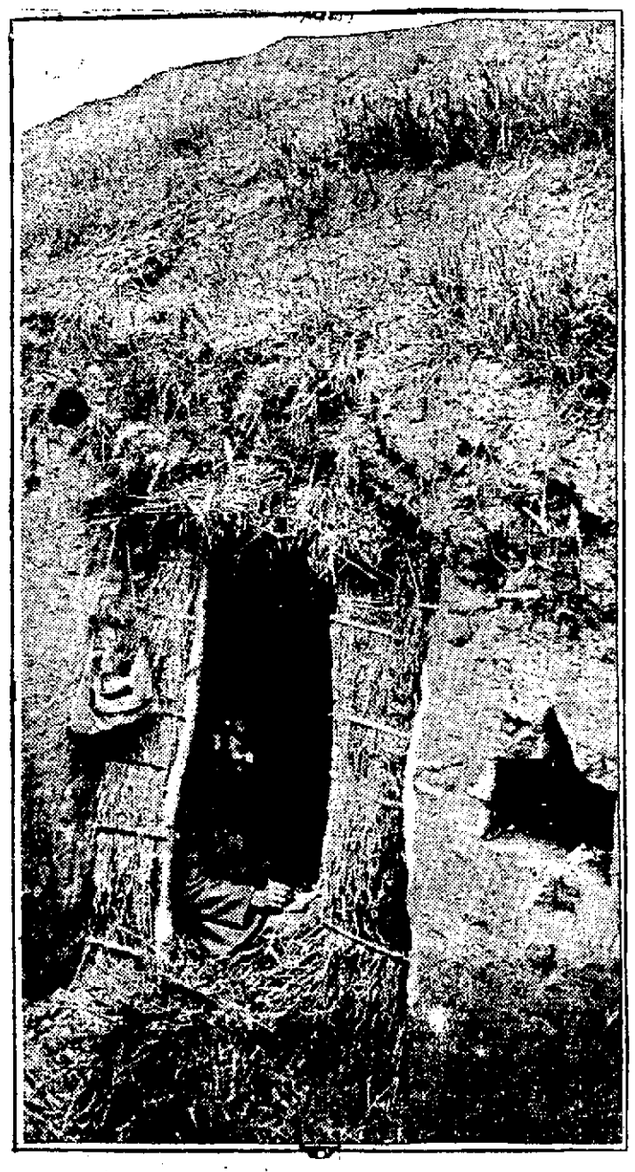
Corn, the nation's greatest crop, should yield 2,814,000,000 bushels with continued favoraable weather, the crop reporting board estimates from this month's condition figures. That compares with 2,672,804,000 bushels harvested last year.

TWO AMERICANS ARE SHELL-FIRE VICTIMS

Washington, July 8.—Two Americans, Richard Martin, either of Chelsea, Mass., or Providence, R. I., and John Mahoney thought to have lived at No. 321 Third avenue, New York, were killed by the shell fire of the German submarine which attacked the British ship Anglo-Californian.

Advices to this effect reached the state department today from Consul General Skinner, at London, who transmitted a report from the American consul at Queenstown. Eight members of her crew and her captain were killed and eight were wounded during the attack which occurred July 4. The Anglo-Californian escaped.

HOME! THERE'S NO PLACE LIKE HOME.



A French soldier's dugout on the fighting line at Neuvelle St. Vaast. He has thatched a doorway and fitted the interior to be as homelike as possible. Note the window in the clay of the trench wall. The soldier himself is sitting in the doorway writing a letter home.

SAYS RICH MEN WANT HIM KEPT IN ASYLUM

Harry Thaw Insists He Has No Animosity Against W. T. Jerome.

New York, July 8.—When Harry K. Thaw took the stand today for cross examination in his sanity trial, he was asked if he had ever said he had no animosity against Wm. Travers Jerome. "That statement is absolutely correct said Thaw."

"When did you first learn that any rich men were interested in keeping you in Matteawan?" he was asked.

"Well in April—I was examined by alienists in February and March." Thaw began indicating later he meant April, 1908. He said that at a habeas corpus hearing at White Plains in 1912 questioning of his sanity "there had been considerable opposition to him." He had been told, he declared, that Jerome had received "financial support" to keep him in the institution and that newspaper articles had intimated it. He read a statement from a newspaper quoting Jerome as saying "certain people would only be too glad to have this fellow adjudged a lunatic."

MAKES NO ANSWER TO GERARD INQUIRY

Washington, July 8.—President Wilson has decided there will be no answer to Ambassador Gerard's inquiry for instructions concerning the tentative draft submitted to him by the German government of its note on submarine warfare and that no comment will be made by the United States until Germany's formal reply is delivered.

James W. Gerard, the American ambassador in Berlin, conferred at noon today with Dr. Alfred Zimmerman, the German under-secretary of foreign affairs, on the subject of the German reply to the American note regarding the Lusitania incident. The conference was for a further discussion of the German tentative proposals from an American standpoint.

Ambassador Gerard's message transmitting the draft of the German note was of such a character as not to require an answer, and the American government has now determined that it cannot enter into any discussion or negotiations until Germany's proposals are formally submitted.

DR. JAMES B. M'EVOY DIES VERY SUDDENLY

Prominent Physician Passes Away Following Three Days' Illness.

Dr. James B. McEvoy, one of the well known physicians of the city, died at his home, 1906 Lafayette street, at 7 o'clock Wednesday evening following a brief illness of but three days' duration. He had been bedfast for that length of time, but his condition was not regarded

DR. JAMES B. M'EVOY.

as serious until Monday evening. Many of his intimate acquaintances were not aware of the fact that he was sick and the news of his death comes as a great shock. Death came at the age of 41 years and was due to a complication of diseases.

Dr. McEvoy was born in Kalamazoo, Mich., February 4, 1874, but moved to

(Continued on Page 9, Column 5.)

RABBI SCHWARTZ TO OCCUPY THE PULPIT

Samuel Schwartz, rabbi at Jacksonville, Fla., has been invited by the trustees of Achduth Veshalom congregation to occupy their pulpit and officiate tomorrow, Friday evening.

Services will be held at the usual hour, 7:45 o'clock.

INDIANA GETS SHARE OF IT

Central and Southern Sections of State in Pathway of Storm.

VINCENNES CENTER OF TORNADIC BLOW

At Least Three Lives Are Lost in Indiana and Illinois.

Indianapolis, Ind., July 8.—Three persons are dead, more than fifty reported injured and property damage to the extent of one million dollars as results of the storm which swept central and southern Indiana and Illinois last night.

At Lawrenceville, Ill., a few miles from Vincennes, Clara Riley, 17, was crushed to death when the Riley home was rdemolished. Her father, Tom Riley, was buried inthe debris and is not expected to recover. Meager reports have been received from Lawrenceville, but it is said that all the principal buildings in the city were partially wrecked.

A prisoner at the state penal farm at Greencastle, named Gibbons, sentenced from Terre Haute, was struck by lightning and killed. Floyd Oakes, an electrician, was killed while attempting to repair a wire at Martinsville. Some sections of Indianapolis were flooded and property damage to railroads, trolley lines and telegraph and telephone systems is reported from many sections of the state. Five Indianapolis homes were struck by lightning, but no one was injured seriously.

Little news has been received from Bicknell, Emison, Bruceville and other towns near Vincennes, but the damage is known to have been heavy. More than a score of persons are reported to have been injured in this section.

A water circus between Evansville and Henderson, Ky., on the Ohio river, was seriously damaged. Twelve persons were blown into the water, but all were rescued.

rop damage is heavy.

VINCENNES IS HIT.

Nearby Illinois Towns Also Suffer Heavily in Storm.

Vincennes, Ind., July 8.—One person is known to have been killed, fifty others are reported injured and property damage is estimated at half a million dollars in the tornado which swept over this city and adjoining territory last evening.

Miss Clara Riley, 17 years old, Lawrenceville, Ill., was crushed by the falling walls of her home when lightning struck the structure at 5 o'clock Wednesday evening. The house was a two story brick structure and was demolished. Her father was struck by falling bricks and is expected to die. Other members of the family escaped with minor injuries.

With the city in darkness last night it was impossible to get an estimate of the damage done here. Little news has been received from Lawrenceville, Bicknell, Emison, Bruceville and the nearby towns but the damage is known to have been heavy. Lawrenceville suffered heavily and reports from there this morning indicate that the property dam-

(Continued on Page 9, Column 3.)

SAYVILLE WIRELESS TAKEN OVER BY U.S.

Action Necessary Because of Alleged Violations of Neutrality.

Washington, July 8.—The United States government today took over the Sayville, L. I., wireless station, the only remaining privately operated direct means of communication between the United States and Germany.

Secretary Daniels announced that Captain Bullard, in charge of the naval radio, had gone to take over the station and would continue its operation with naval forces.

There will be no change, so far as the public is concerned. Messages will be accepted as heretofore. The only difference will be that naval operators instead of commercial employes will man the keys. The charges collected by the navy will be paid to the owning company.

Today's action, which was taken under an executive order issued by President Wilson, giving the navy authority to take over "one or more" stations, was deemed necessary because of alleged violation of neutrality by the company's operators. It has been charged that when the navy censors had left the wireless room for a minute or two unneutral messages had been sent and that only by a difficult and trying supervision could neutrality be strictly preserved.

IS IT AN ANSWER TO HOLT'S DIRE THREAT?

British Liner Minnehaha, Far at Sea With Ammunition Aboard, Fights Fire Caused by an Explosion.

New York, July 8.—Frank Holt's last warning voiced by his wife while he lay a suicide in his cell in the Nassau county jail that a steamship would sink at sea July 7, was answered by an explosion on board the British liner Minnehaha, heavily laden with explosives and inflammable materials, 570 miles southeast of Halifax late yesterday.

News of the explosion and resultant fire was received here today by wireless from her captain. The Minnehaha had no passengers aboard. Her crew of approximately 100 men had brought the flames under subjection this afternoon the captain said in his dispatch, and the vessel was heading for Halifax. She was due to arrive there tomorrow morning.

Holt Threat Recalled.

Whether Frank Holt's threat that on July 7 a ship "would sink, God willing" had anything to do with the explosion was not made clear by the captain's message.

The Minnehaha's cargo included several thousand cases of loaded shrapnel shell, tuluol, cartridges and other munitions and approximately 5,000 barrels of oil. The fire aboard the Minnehaha was caused by an explosion, according to a wireless message received at 12:40 p. m. today from Captain Claret. At that time the fire was said to have been mastered. Captain Claret's message read as follows:

"Fire caused by explosion. Now under control by suffocation and steam. Much smoke in holds. Deemed it expedient to make for Halifax. Due off Chebucto Head 9 a. m. Friday. Advise agents."

Much Ammuntion Aboard.

The message came via Cape Race. The ship had sufficient ammunition aboard, by the line's admission, to sink her should the flames reach it, but whether the blaze in her hold was started by a bomb which Holt had placed there was a matter of pure conjecture. It was possible that he had done so, an official said, but one man's guess on that point was as good as another's, he added.

"We do not open and examine every package or parcel taken aboard," an official of the line said. "But we exercise all reasonable precautions to prevent the placing of bombs aboard our ships."

Still Seek for Bombs.

Police authorities continued today their investigations to ascertain whether Frank Holt had planted bombs on board any steamships now on their way across the Atlantic ocean. As a result of wireless warnings, reassuring messages had been received from the captains of the Saxonia and Philadelphia in mid-Atlantic saying that those steamships had been searched for bombs and nothing found. These were the two vessels mentioned by Holt in his letter

(Continued on Page 9, Column 5.)

TRACTION FOREMAN IS FATALLY HURT

W. J. Kronmiller, of Huntington, is Struck on Back by Falling Pole.

Stumbling as he was endeavoring to get out of the way of a falling pole, William Jacob Kronmiller, of Huntington, aged 42 years, a ground foreman for the Fort Wayne and Northern Indiana Traction company, was struck across the back by the post at 9 o'clock Thursday morning, sustaining injuries from which he died a few minutes after he had reached St. Joseph hospital in this city.

The accident occurred ten miles west of the city on the Huntington line about a quarter of a mile west of the Homestead stop. Mr. Kronmiller, assisted by several other workmen, all from Huntington, had lifted the post out of the hole and when it started to fall all ran for a place of safety. The unfortunate man stumbled and fell directly underneath the falling object and before he could get out of the way it struck him, breaking his back.

He was rushed to the hospital in this city, but he passed away shortly after arriving. Coroner Edward Kruse held an inquest.

Mr. Kronmiller resided on West Market street in Huntington and besides his wife is survived by his mother, Mrs. Gottlieb Kronmiller, of that city; four brothers and four sisters—Mrs. C. A. Buchanan, of Tacoma, Wash.; Mrs. J. W. Klumpp, of New York; Mrs. Otto Gemmer and Mrs. Catherine Kohlbacher, both of Huntington; John, of Florida; Gottlieb, of New Mexico; Louis, of Cleveland, and Henry, of Huntington.

RUSSIANS ARE NOW STRONGER

Heavy Reinforcements Are Brought Up Against Austrian Foe.

LATTER FORCED TO ASSUME DEFENSIVE

Violent Fighting With Hand Grenades Goes Forward on West Line.

Today's War News Given in Summary.

At the moment when the Teutonic march through southern Poland was beginning to threaten first Lublin and then Warsaw it has been brought to a halt. Official statements from each side agree that at the one point—in the angle north of Krasnik—where the Russian lines were still displaying weakness, they have been strengthened. It now appears that Grand Duke Nicholas' forces are holding their ground all along the extended front.

Determined attempts by the Austro-German forces to drive the Russians out of what remains to them of Galicia are continuing. Petrograd reports assaults by great forces east of Lemberg, but declares they were repulsed with heavy losses to the attacking army.

Apparently there is a lull in the furious fighting along the Austro-Italian front after the recent determined attacks by the invading forces. Official statements from Rome, however, declare continued advances are being made on the Carnac plateau, where the progress is described as "slow but certain."

The Italian cruiser Amilfi has been sunk in the upper Adriatic by an Austrian submarine. Most of the crew were saved.

London, July 8. So great has been the weight of reinforcements brought up by Russia along the stretch of territory between the rivers Vistula and Bug, notably in the vicinity of Krasnik, that the Austro-Hungarians for the moment have been forced to assume the defensive and to pause in their rush toward Lublin and the railways running from that city to Warsaw.

The sector on the eastern front where the Russians are making a stand is held almost exclusively by Austrians, and observers here see in the Russian attack not only a desire to keep their line intact in this important part but a deliberate blow at the Austrians who, ac-

(Continued on Page 9, Column 4.)

LAST MINUTE NEWS

REPORTS ADRIATIC SAFE AT HER DOCK

New York, July 8.—The Dow Jones news bureau published late today a statement that the White Star liner Adriatic, had docked safely at Liverpool at 2 o'clock this afternoon. No word had been received by the line at the time this statement was published. Much apprehension has been felt for the vessel's safety following a rumor that she had been marked for destruction by a submarine.

MANY VIOLATIONS OF NEUTRALITY CHARGED

San Francisco, July 8.—More than twenty indictments charging various violations of nuetrality were voted here today by the federal grand jury.

"THE BRIDGE OF SIGHS!"

RAINS DAMAGE GROWING CROP

Farmers Bid Fair to Lose Thousands of Dollars as Result.

MUCH DEPENDS ON FUTURE WEATHER

Fair and Warmer is Prediction for Thursday Night and Friday.

The continued rains are playing havoc with the crops in Allen county and unless there is an immediate change in weather conditions the farmers of the country bid fair to lose thousands of dollars.

"If the rain continues much damage will be done," declared Charles S. Lash Thursday. "I don't believe much damage has been done up to the present time and I am inclined to believe that the situation has been somewhat exaggerated. But if the rain continues there will be a different story to tell."

According to Clarence Henry, county agricultural agent, much wheat is down throughout the entire country, but he does not believe any great amount of damage has been done up to the present time. One farmer estimated that the crops in Allen county have already been [illegible]d to the extent of $100,000, but [illegible]s believed that he has placed his figures much too high.

D. O. Mc[illegible] superintendent of the schools of the county, who does considerable traveling throughout the county, was a visitor in Adams township Wednesday and he reports that the farmers there are greatly concerned over the effect the excessive rains will have.

Many farmers have had the same experience as Andrew Blume, residing on the St. Joe road. He started cutting his wheat three or four days ago, but was compelled to stop on account of the rain before he had gone very far.

Big Loss is Inevitable.

Farmers, elevator and mill owners and commission buyers all declare that a big loss is inevitable if present weather conditions continue. Oats are being damaged by the rains through being knocked to the ground, where reapers will not pick it up or where the grain will rot and sprout. Few farmers made their entire clover hay crop without some damage because of the rain. Corn fields are weedy and the fields too soft for plowing. The crop situation a couple of days ago was most encouraging, but not so much can be said at the present time. The result of the present weather conditions is entirely speculative.

Patrick McDonough, government weather prognosticator, offers some encouragement, however, in his forecast issued Thursday. He predicts fair and warmer weather Thursday night and Friday and that is what the farmers need and need badly.

The Wabash is planning to handle a mighty big crowd to Toledo next Sunday on the excursion.

MONEY

FIND NO BOMBS, BUT FEAR IS NOT ALLAYED

Holt Infernal Machines on Ships Difficult of Detection.

New York, July 8.—Anxiety over the safety of the two trans-Atlantic liners, Saxonia and Philadelphia, on which Frank Holt confessed placing bombs before they sailed from this port for Liverpool on July 3, was not wholly relieved by wireless reports from the two vessels that the cargoes had been searched and no bombs found. The bombs were supposed to have been timed to explode yesterday.

When Holt's letter, written to his wife and telling of the placing of explosives on one vessel, was transmitted to the state and navy department officials they immediately sent out wireless warnings to the ships in mid-ocean.

May Yet Explode.

Police officials here point to the fact that the bombs were more than likely concealed in boxed cargo or in some other place where it would be almost impossible to find them.

This theory is strengthened by the announcement that infernal machines were found concealed in the cargo of three ships carrying supplies to the French army last May. The bombs had failed to explode on account of faulty construction.

It was at first reported that the navy department had sent a fast cruiser to overtake the imperiled vessels at sea, but this was denied by navy officials after communication by wireless had been established with the liners.

Tells Wife of Plan.

The text of Holt's letter, telling his wife of the plan to blow up the ships and which was telegraphed to the navy department at Washington, was as follows:

"A steamer leaving New York for Liverpool should sink, God willing, on the 7th. It is the Philadelphia or the Saxony (Saxonia), but I am not quite sure, as these left on the second or third."

On the margin of the letter was written:

"Tear this off until after this happens."

VACATION SEASON AT THE POSTOFFICE

The vacation season is on at the postoffice, every person who has been in the employ of the government for a year being entitled to fifteen days, with pay.

Carrier Charles Ban is spending his vacation at Rome City. Stephen G. Allegeier, clerk in the outgoing mail department, has gone to Detroit. F. A. Herr, night mail clerk, is taking his vacation, and Clerk J. E. Dye, of the day force, has been transferred to night duty during his absence. Louis Nicklas, carrier on city route No. 7, is spending his fifteen days at Lake James. John H. Craig, assistant stamp clerk, is ill at his home, 2108 Cornell street.

The contract for painting the rooms on the second and third floors of the federal building has been awarded to J. P. Sullivan, of Chicago. The custodian of the federal building will readvertise for bids for the repair of the down spouts, which have leaked, destroying much of the plaster in the rooms on the second and third floors.

MEETS AT GOSHEN NEXT YEAR.

Indiana Municipal League Chooses Columbus Man President.

Logansport, Ind., July 8.—The Indiana Municipal League, in session here, selected Goshen as its 1916 convention city. The following officers were elected:

H. K. Volland, mayor, of Columbus, president; Milo Feightner, city attorney of Huntington, first vice-president; Henry Schelch, mayor of Shelbyville, second vice-president; William Crockett, city comptroller of Lafayette, third vice-president; William A. Books, city clerk of Goshen, secretary; Elmer Dean, city clerk of Columbus, assistant secretary; E. G. McMahan, city comptroller of Richmond, treasurer.

AUSTRIANS TORPEDO AN ITALIAN CRUISER

Rome, July 7.—(Via Paris July 8.)—The Italian armored cruiser Amalfi was torpedoed and sunk at dawn this morning by an Austrian submarine while taking part in a reconnaisance in the upper Adriatic, it was officially announced tonight by the ministry of marine. Most of the members of the crew were saved. The text of the statement follows:

"A reconnaisance in force was accomplished last night (July 6) in the upper Adriatic. The Amalfi, which took part in the reconnaisance, was torpedoed at dawn this morning by an Austrian submarine and soon listed heavily to port.

"The commander before giving orders to the crew to jump overboard cried, 'Long live the king, long live Italy!' The entire crew, drawn up along the stern, echoed the shout, giving remarkable exhibition of courage and discipline.

"The commander, who was the last to leave, slipped overboard shortly before the Amalfi sank. Nearly all officers and crew were saved."

The Amalfi, which was completed in 1908 had a displacement of 9,958 tons and was 426 feet long. Her complement in times of peace was 684.

Pola, the Austrian naval stronghold, is situated in the upper Adriatic at the extremity of the Istria peninsula, about 55 miles southeast of Triest. It is probable the reconnaisance referred to in the Italian statement was in this section of the Adriatic.

WOULD PREVENT BOND SALE.

Railroads Seek to Stop Vigo County Road Plan.

Terre Haute, Ind., July 8.—Judge Bridwell, of the Sullivan circuit court, as special judge in the superior court, hear darguments on the demurrer filed by the county commissioners of Vigo county to the complaint of the Vandalia and Big Four railroads, in which they seek to enjoin the commissioners from disposing of the bonds for the eleven Harrison township roads, which were part of the Donn Roberts good roads plan here.

The contracts for the roads were let last summer, and the bonds issued, but aside from a few that were disposed of to property owners interested in one or two of the roads, they have never been sold, although advertised twice for sale. Judge Bridwell took the case under advisement and announced that he would make his ruling within a week or two.

Abe Weiner, who has been representing the Ackerman-Weiner company, wholesale produce dealers, has returned from an extended trip through Tennessee, Florida and Georgia.

CAR TRACK VANISHES WHILE HEARING IS ON

Fort Wayne Company Will Not Pave Street for Jitneys at Logansport.

Logansport, Ind., July 8.—While General Manager Greenland, of the Fort Wayne & Northern Indiana Traction lines, spoke before the board of works meeting yesterday in protest against extending the paving of Broadway from Twenty-sixth street to Spencer park a force of men, brought from Fort Wayne, was tearing up the street car lines from Twenty-sixth street to the park. By noon the entire street car line had been removed.

This action abruptly terminates the car line at Twenty-sixth street and cuts off communication with the principal park of the city, a distance of ten blocks. The street car company held its right-of-way from Twenty-sixth street to the park under lease and had no franchise. Recently the territory was purchased by two realty companies, which attempted to extend the Broadway paving to the park but citizens remonstrated. The additions then were taken into the city and the paving is to be done under the municipal plan.

"We are through paying for paving over which the city permits the jitneys to travel and compete with us," said Mr. Greenland. "We don't object to the jitney, but we do object to paying for paving streets for the jitneys."

MAKES A PASSING GRADE.

Henry Schone, of the undertaking firm of Schone & Ankenbruck, received a telegram from his son, Julian Schone, of Chicago, Thursday morning, that the latter had successfully passed the Illinois state embalmers' examination. The young man is well known in this city.

The Rev. E. Q. Laudeman was the speaker at the noon meeting today at the Pennsylvania east car shops.

10 KILLED; MANY HURT IN A TROLLEY WRECK

Queenstown, Ont., July 8.—Ten persons were killed and a score injured last evening, when a trolley car on the International Railway's line jumped the track at a curve on the sharp incline leading from Queenstown Heights, into the village and rolled down a steep embankment. The car was carrying a crowd of Toronto excursionists to the boat landing here.

The car was so completely crushed that the work of extricating the injured was distressingly slow. There were about 35 passengers on the car and only 1 or two escaped injury. Eight dead were taken from the wreckage, and two of the injured, one of them a girl of 16, died while being carried from the car to an ambulance at Niagara Falls.

Passengers said that the car seemed to buckle in the center before it leaped the rails. The car was virtually in two sections when it stopped.

Owing to the inaccessibility of the spot there was a long delay in getting the dead and injured into Queenstown and Niagara Falls. Special cars were rushed from both ends of the line.

OLD TWINS BACK TO CRADLE.

Women to Celebrate 86th Anniversary in "Original" Fashion.

Leonardsville, N. Y., July 8.—Women twins, the Misses Glover, aged 86, will celebrate their birthday by being rocked in their original cradle.

AMERICAN IGNORANCE OF PHILIPPINES HAMPERING GROWTH OF FAR EAST COLONY.

San Francisco, July 6.—The biggest job confronting the 8,000,000 Filipinos today is the dissipation of the astounding ignorance regarding them. In a material way, this idea that they are still a lot of half-naked savages inhabiting a jungle is costing the Philippines many millions annually in suppressed opportunities and undeveloped resources.

To acquaint the American public with the real Filipino of today—an enlightened, alert and progressive colonial is the mission of the insular commission which recently arrived here.

Through a splendid industrial exhibit and a general educational campaign launched here, these government officials have already done much to bring this about.

How many Americans know that—

Over a million natives speak English well?

The cost of their government is borne entirely by the Filipinos through an annual per capita tax of $2, probably the lowest per capita tax in any civilized country?

An agricultural bank is conducted as a branch of the insular treasury, to facilitate agricultural operations by making loans easily?

More than 621,000 native children attend public school?

The parcels post and postal savings bank were first successfully tried out in the Philippines?

* * *

In clinching and carrying forward the transformation of Uncle Sam's far eastern colonies, the work of the insular bureau of education has been remarkably effective.

Under the directorship of Crone the schools today, from Manila to the farthest mountain barrio, have, through their industrial, academic and athletic program, become a powerful factor in the home and civic life of the Filipino.

Over 400 splendid concrete school buildings, on a par with the best in the United States, have been erected in the larger provinces, built almost entirely by students.

Filipino girls imbibing progressive ideas of home making at San Fernando public school, and Enrique Sinio, winner in the first insular corn campaign contest.

They are in the highest sense of the word social centers as well as institutes of learning, and are rapidly nationalizing a hitherto polyglot people.

Manual training, the planting and care of school and home gardens, agricultural and food campaigns, playground and sport activities, as well as a wide range of industrial work, has elicited astonishing response.

"Centralization of management," asserts Charles H. Magee, assistant director of education, in the islands, "is responsible for this phenomenal progress. Not alone is this rule in our own department, but in the many co-related government activities.

"Call it paternalism, bureaucracy, government ownership or what you will, centralized control has produced results in the Philippines and has been quickly appreciated and supported by a people trained to it.

"It is a new message to the young west from the 'effete and hoary' east—the experiment ground in the world in government, [illegible]osophy and other great human movements which make for a better and more cultured world."

NEWS OF FORT WAYNE'S NEIGHBORS

DEATH CAME SUDDENLY.

Decatur, Ind., July 8.—After an illness that did not extend 30 minutes in duration, Dwight Wilder, aged 50 years, a well known farmer of Root township, residing just east of the village of Monmouth, died from a stroke of apoplexy. He had apparently been in the best of health up to the very moment of the attack and all day was busy about his farm with not a single indication that his end was so near. The attack came on while he was in his home with his family and a physician was at once called but before his arrival he was dead. The deceased was a son of Mr. and Mrs. Edmon Wilder, early settlers of Adams county, who established their home in the vicinity of Monmouth many years ago. Here he was born, and all his life was spent on the farm where he died, it having passed to him upon the death of the parents.

HUNTINGTON PIONEER.

Huntington, Ind., July 8.—Oliver C. Hasty, whose funeral will take place this afternoon at 2:30 o'clock, at his home at 1319 West William street, was born in Preble county, Ohio, June 18, 1832, being eighty-three years old. Mr. Hasty came to Huntington at the age of fourteen and had lived in Huntington since that time. He married Miss Anna P. Gardner in 1853. Surviving him besides his widow are one son and five daughters. Mr. Hasty has been in the meat business for a number of years in Huntington. He was a member of the Central Christian church. He had taken an interest in public affairs, affiliating with the republican party all his life. At different times he greatly assisted the party's undertakings.

ROANOKE C. E. UNION MEET.

Roanoke, Ind., July 8.—The third quarterly meeting of the Christian Endeavor and Epworth league union of Roanoke will be held on the evening of July 11 in the Progressive Brethren church, from 6:15 o'clock to 7:30 o'clock. The program is:

Song—Congregation.
Prayer—The Rev. Vawter.
Duet—Progressive Brethren.
"The Gospel Age"—Fred Feighner.
Vocal Solo—Mrs. Wilbur Young.
"Soul Thirst Satisfied"—Mrs. Harry Wilson.
Piano Solo—Miss Lenore Dinius.
"God Our Strength"—The Rev. Teeter.
Quartet—Progressive Brethren.
"Wells of Salvation"—Miss Mary Sites.
Song—Congregation.
Benediction—The Rev. Teeter.

TRYING TO BORROW TROUBLE.

Montpelier, Ind., July 8.—Horses are being received daily now at the Montpelier race track preparatory to the races which will be held here July 21, 22, 23 and 24. Six animals were received there Tuesday. According to some of the "wet" residents of Montpelier, the fact that the saloons have been voted out there will put a damper on the races, for the events will not be backed as strenuously as would have been the case otherwise. The saloons will not go out of Montpelier, however, until after the races. Judging from the number of horses which have been received here the races this year ought to be fair at least.

WILL CLOSE BLUFFTON STUDIO.

Bluffton, Ind., July 8.—Announcement was made yesterday afternoon that Miss Anna Effinger will close her studio on West Cherry street and will embark into the five and ten cent store business at Normal, Ill. Miss Effinger recently returned from a trip to Normal, where she closed the deal for a room and completed other arrangements. Miss Effinger and John Hartle and wife, of this city, left this morning for Chicago, Ill., where they will look after the buying of stock and Mr. Hartle will assist in the opening of the store, on July 17th. Miss Effinger will close her studio in this city for at least two months.

WILLSHIRE MAN IS HURT.

Decatur, Ind., July 8.—Harry Simms, of Willshire, was the victim of a bad accident in the west part of the city. He had been a visitor at the George Krick home on West Elm street and was preparing to leave the city. As he was turning the corner he accidentally gave the reigns too hard a pull and his horse turned the corner abruptly, upsetting the buggy. The buggy is one of the storm protected buggies with glass sides and was badly broken in the fall. The splintered glass badly cut Mr. Simms about the face and a large sliver ran up his coat sleeve, literally laying the flesh open and requiring, it is said, twenty-five stitches to sew up the wound.

INJURED MAN IS IMPROVING.

Warsaw, Ind., July 8.—Edward Scoles, of Leesburg, who was seriously injured Tuesday, when a team which he was driving to a binder, became frightened and ran away, is now reported as slightly improved and resting easily. Scoles at the time was engaged in cutting wheat and when the binder choked up stopped to clean it out. As he was working with the machinery the three horses started to run and as they did so he jumped in front of them endeavoring to stop the frightened animals. He was knocked to the ground and after being trampled by the horses in their mad dash, the binder passed over his body.

TWO HELD FOR ROBBERY.

Van Wert, O., July 8.—As the result of a Fourth of July celebration which included a goodly amount of drinking, Alfred Ward and George Glossette are under arrest and may be forced to face a court on the serious charge of highway robbery. A story came to the ears of the local officers late Monday evening to the effect that two Syrians named Joseph Eiles and George Allaway, were attacked on the Ridge road, about four miles west of Delphos, and about $20, all of the money they had in their possession, taken from them. The two victims have identified Ward and Glossette as their assailants.

WHEAT CUTTING DELAYED.

Van Wert, O., July 8.—Rain has put the cutting of wheat off until the latter part of the week at least and probably even longer than that, making the threshing correspondingly late. In all probability the delivery date at the earliest will be two weeks hence. Should additional rain make its appearance the delay will be lengthened, as it is impossible to cut wet wheat. Rain during the time that the wheat is in shock will also tend to further delay the delivery. Under ordinary circumstances the first wheat would reach Van Wert market by July 10, while this season the grain will still be standing in the fields on this date.

CHANGES IN POLICE FORCE.

Columbia City, Ind., July 8.—Milo Yontz, of the Columbia City police force, has asked for two months' vacation, and the same has been granted him, and he will conduct his threshing machine during that time. He has secured Korah V. Pressler to fill his position while he is off duty. Mr. Pressler has been on the police force in this city before and understands the duties thoroughly. Mr. Yontz went to his father's, Dillon Yontz's farm, Wednesday afternoon where he has his machine stored.

FALLS FROM TRANSOM.

Bluffton, Ind., July 8.—Walter Shead, an employe at the office of the Bluffton Banner, will be confined to his home for several weeks, in consequence of an accident in which he fell and sustained a fracture of his left leg, above the knee. He had intended to go hunting and went to the office early to get a gun and, not having a key, was crawling through a transom to get into the office when he fell.

JAY COUNTY VITAL STATISTICS.

Portland, Ind., July 8.—Vital statistics for Jay county shown by the report of Dr. M. M. Moran, health commissioner, just filed for the months of April, May and June, this year, include during that time thirty-six marriages; eighty-four births and thirty-one deaths. There were but thirty-five contagious diseases during the period.

HAD A SANE FOURTH.

Montpelier, Ind., July 8.—For the first time in several years Montpelier has passed over Fourth of July without having any serious accident due to fireworks. There were several slight burns but the serious accidents which have made the celebration of Independence day a horror have not been reported.

VALUABLE MARE INJURED.

Bluffton, Ind., July 8.—A valuable trotting mare belonging to Harry Isler was severely kicked by another horse, Tuesday, while in pasture at the Studebaker grove and it will probably be necessary that she be killed on account of the severe cuts and wounds she received. The mare was valued at $300, and Isler had been offered that sum two or three times.

Wayne circle, No. 54, Ladies of the G. A. R., will meet in App's hall on Calhoun street, Friday evening, at 7:30 o'clock in regular session in place of the reception that had been planned.

What Causes Sore Feet?

Aching, Burning, Sweaty Feet, Corns, Callouses and Sore Bunions.

Science has proven that nearly all foot troubles originate in the common cause of injured or congested tissues. The thousands of victims of daily foot torture will welcome this information of a simple home treatment (known to best foot doctors) that acts through the pores, removes the cause, and gives instant relief. "Dissolve two spoonfuls of Calocide compound in a basin of warm water. Soak the feet in this, gently rubbing the sore parts." The effects are marvelous. All pain goes instantly and the feet feel delightful. Corns and callouses can be peeled right off; bunions, aching feet, sweaty feet, get immediate relief. Don't waste time on questionable remedies; get the genuine Calocide from any drug store, but don't be persuaded to take something else instead. There is nothing even similar to Calocide. A twenty-five-cent package is said to be enough to cure the worst feet. Medical Formula laboratories, Dayton, O.

Boys' Day Prizes

Baseball suits, face masks and catchers' mitts will be the prizes awarded in the athletic contests on Boys' Day. Other prizes will be given for costumes in the Feature parade. Every boy in the parade will carry an American flag, which he will retain as a souvenir. If mother has not time to prepare a new suit, just put on the one brother wore last year. He had a good time in it and so will you. jly 8, 10

SPENCERVILLE NEWS.

Spencerville, Ind., July 8.—Mr. and Mrs. Gust Heffner, Mr. and Mrs. George Henderson and daughters, Esther and Mary; Mrs. Minnie Tyndall, Miss Flora Renn, Mr. Frank Lake and nephew, Mr. Lee Chapman, and Mr. William Markle were among those that went to Fort Wayne Tuesday to view the Liberty bell.

Mrs. Nettie Steward and family spent Sunday at Fort Wayne at the home of their son and brother, Mr. George Steward and family, to assist him in observing his birthday anniversary.

Mrs. Beery, of Ligonier, formerly of St. Joe, who has been visiting her daughter, Mrs. W. P. Steward, left Tuesday for Fort Wayne to take her daughter, Miss Ethel Beery, who has been a patient at the St. Joseph hospital, to her home at Ligonier.

Dr. Lake, of Pleasant Lake, came last week and took his daughter, Miss Helen Lake, home with him for a short visit.

Mrs. Umbenhorn (nee Miss Lilian Fales,) of Garrett, came Monday to visit Mr. John Hobaugh and wife, and also to visit other relatives.

Mr. and Mrs. Joel Betz, Mr. and Mrs. Edward Billman and Mr. and Mrs. Walter Perkins and babe, of near Harlan, were Sunday dinner guests of Mr. Frank Wertman and wife.

Mr. and Mrs. Gamble and family, of St. Joe, were Sunday visitors of Mr. and Mrs. W. F. Rhodes.

Mr. and Mrs. Jason Kees, of Fort Wayne, were Sunday visitors of William Allen and family and Sunday guests of Mr. John Henderson and wife.

Mr. and Mrs. Clyde Reetenwal and Mrs. Fannie Beams motored to Manmee Saturday evening to spend the Fourth.

Mr. Frank Pervines and wife, Mr. Steven Brown and wife and John Goldsmith and wife were at Robison park Sunday.

Mrs. Anna Henderson is sick with tonsilitis.

Miss Edith Beery, of Ligonier, is visiting her sister, Mrs. W. P. Steward and family.

Mr. George Hart and Leila Horn, Mr. Merwood Rhodes and Miss Vernie Jolly, of St. Joe; Miss Marie Hull and Rose Samson, Mr. Clarence White and Joseph Beerbower were among those that were at Robison park Sunday.

Mr. Decker has sold most of his machinery, preparing to vacate the R. U. Bowser building.

Mr. Louis Bonner, of Fort Wayne, came Wednesday to visit his parents, Mr. and Mrs. Bonner and sister, Mrs. Albert Martin and family.

Miss Rilla Beam had the misfortune to fall and sprain her ankle Monday evening.

Russel Silberg, of Huntertown, was a Sunday guest of his mother, Mrs. Susie Silberg.

Mrs. Nettie Steward and family visited Mr. George Reed and family, of Auburn, Monday. Miss Ida Reed, who has been visiting there, returned home with them.

Miss Marie Miller was a Wednesday dinner guest at the home of Samuel Steward and wife.

Mr. and Mrs. Howard Dilly, of St. Joe, were Sunday guests of Mr. and Mrs. Jacob Baltz.

Miss Jessie Steward, of Fort Wayne, came Sunday and has accepted a position in the Samuel Markle restaurant.

Mrs. Josie Baltz, of Auburn, spent Monday at the Jacob Baltz home.

WOODBURN NEWS.

Woodburn, Ind., July 8.—Miss Josephine Faulkner was given a miscellaneous shower at the home of Miss Edna Augspurger on North Union street Thursday evening in honor of her approaching marriage to Chris Grieser. Sixteen friends of the bride-elect were present at this very happy affair and showed something of good will and affection for Miss Faulkner by taking a number of beautiful gifts to her. The porch was very pretty to see with a decoration in red, white and blue colors. The luncheon, which was carried out in the same colors, was served by Miss Nellie Doering and Miss Edna Augspurger. The bride-elect entertained the girls in the earlier part of the evening by hunting her gifts, which were scattered through the house, porch and yard. The remainder of the evening was spent in playing games and contests, prizes being won by Miss Olive Augspurger and Miss Hermine Habegger. Those present were the Misses Lila Neuenschwander, Bessie Leever, Ethel Cotner, Gladys Litzenberg, Edith Applegate, Rose Ehreman, Hermine Habegger, Frieda Waltke, Nellie Doering, Prudence Yaggy, Edna, Olive and Marie Augspurger, Vera Braun of Berne and Mrs. Ray Schockey.

A. A. Pointer, of Antwerp, O., was a business caller here Wednesday.

Marion Lodmer, a student of Winona college, was the guest of his parents Mr. and Mrs. P. F. Lodmer, over the Fourth.

The Misses Olive and Marie Augspurger, Bonita Hogue and Prudence Yaggy motored to Grabill Monday.

Mr. and Mrs. Ray Schockey were visitors at Payne, O., Saturday evening.

Miss Opal Applegate, of Hicksville, O., is the guest of John H. Applegate and family.

Austin Augspurger was a business caller at Paulding, O., Tuesday.

ANDREWS NEWS.

Andrews, Ind., July 8.—Mrs. Henry Hield, north of town, is very ill.

Mr. and Mrs. Henry Yeates, of Bippus, were Andrews callers Saturday.

Mr. and Mrs. W. D. Cole, of Huntington, spent a few days with relatives in Andrews.

Miss Ruth Hildebraud, of Mt. Etna, spent Saturday in Andrews.

Dr. Poinier is on the sick list.

Miss Ruby Ross, of Belden, spent Sunday with Miss Laura Needham.

Mrs. Willie Kramer, of Tipton, is visiting relatives here.

Misses Bethel Haley and Muriel Brown, of Roanoke, were Saturday and Sunday guests of Miss Haley's sister, Mrs. H. R. Wasmuth.

Chester Briggs and family, of Fort Wayne, spent a couple of days with Mrs. Briggs' brothers, Clarence, Gus and Mart Karst.

Miss Letta Tobey, of Decatur, Ill., was the guest over Sunday of her aunt, Mrs. J. H. Kaufman, and family. She was en route to Philadelphia, where she is to enter college.

Misses Inez Brewer and Neva Stouder are home from school from North Manchester for a few days.

Miss Pauline Wasmuth, of Roanoke, was a guest of Mr. and Mrs. C. E. Endicott a few days.

Miss Bernice Helms, of Huntington, was a caller here Saturday.

Mrs. John Torpey passed away Saturday morning after several weeks' illness.

Samuel Schofield has purchased the Bonewell property on South Main street.

Misses Helene, Ellen and Elizabeth Wasmuth, of Roanoke, spent last Friday and Saturday with their uncles and aunt, Messrs. H. R. and A. D. Wasmuth and Mrs. C. E. Endicott.

Mrs. Kate Cubberly has been suffering from dropsy the last week.

Guilford Mahoney, of Peru, was here Saturday.

E. C. Stouder was a Marion visitor Monday.

Mrs. Eli Wise has been very sick since Thursday.

Mrs. Jennie Reynolds, of Marion, visited at the Everett Brown home over Sunday.

Mrs. Hubert Young and children, of Huntington, visited her mother, Mrs. Thad Hart, this week.

Mr. and Mrs. Cecil Reed and son were Sunday visitors with Mrs. Reed's father, Deb Ross, near Belden.

Messrs. and Mesdames E. L. Taylor and D. C. Kilty spent Sunday at Webster Lake.

L. E. Knee has finished a cement barn on his residence lot this week.

Mrs. Ed Rudig is improving nicely after several weeks' illness.

Messrs. and Mesdames M. B. and H. R. Park are spending this week at Webster Lake.

HURT WHILE CRANKING AUTOMOBILE

A Common Cause of Accident.

EVEN WITH the increasing use of self-starting devices, a good many automobile users continue to suffer from severe injuries on account of "back-fire."

The accident insurance companies report a good many indemnities paid on account of this class of injuries. The Fort Wayne Mercantile Accident Association has met a large number of claims of this character, and the financial balm supplied by the local institution has helped wonderfully to lessen the hurt of many a crippled arm.

Among the automobile drivers who have been fortunate and unfortunate in this connection—fortunate in having accident insurance in the Mercantile at a time when they were unfortunate enough to get hurt in this way—may be mentioned: Dr. M. F. Whisler, of Wabash, Ind.; Dr. Harold O. Williams, of Kendallville, Ind.; James B. Farr, of Wabash, Ind.; Dr. Alva C. Surver, of Muncie, Ind.; J. K. Duff, of Lagrange, Ind.; Dr. John T. Wheeler, of Indianapolis; James M. Gloin, of Bay City, Mich.; Rev. H. S. Morrison, of Rugby, N. D., and others.

These claims have averaged $82 each, while one reached $115 and another $135.

In this connection, it is interesting to note that the Fort Wayne Mercantile Accident Association pays $1,250 for the loss of a hand or foot by accident; $2,500 for the loss of one arm or leg; $5,000 for the loss of both eyes—in fact, its liberal provisions in cases of disability or death by accident make it the most attractive accident insurance at the lowest cost.

The Mercantile 'phone is No. 2404. Find out more about what it offers to you by calling this number

THE SENTINEL'S DAILY SCRIPTURE READING.

Genesis 40:1-11.

1 And it came to pass after these things, that the butler of the king of Egypt and his baker had offended their lord the king of Egypt.

2 And Pharaoh was wroth against two of his officers, against the chief of the butlers, and against the chief of the bakers.

3 And he put them in ward in the house of the captain of the guard, into the prison, the place where Joseph was bound.

4 And the captain of the guard charged Joseph with them, and he served them; and they continued a season in ward.

5 And they dreamed a dream both of them, each man his dream in one night, each man according to the interpretation of his dream, the butler and the baker of the king of Egypt, which were bound in the prison.

6 And Joseph came in unto them in the morning, and looked upon them, and, behold, they were sad.

7 And he asked Pharaoh's officers that were with him in the ward of his lord's house, saying, Wherefore look ye so sadly today?

8 And they said unto him, We have dreamed a dream, and there is no interpreter of it. And Joseph said unto them, Do not interpretations belong to God? tell me them, I pray you.

9 And the chief butler told his dream to Joseph, and said to him, In my dream, behold, a vine was before me;

10 And in the vine were three branches; and it was as though it budded, and her blossoms shot forth; and the clusters thereof brought forth ripe grapes;

11 And Pharaoh's cup was in my hand; and I took the grapes and pressed them into Pharaoh's cup, and I gave the cup into Pharaoh's hand.

THURSDAY, JULY 8, 1915.

Bringing Back Flood Memories

Without doubt those tremendous downpours which are causing unseasonable floods in many sections of the country will serve to bring back to Fort Wayne people some rather unpleasant memories of this city in 1913, when for a week large sections of the city were overflowed, several lives were lost and property damaged to the extent of many thousands of dollars. At intervals during the past month Texas, Oklahoma, Arkansas, Kansas, Missouri and other states in that region have suffered heavily from floods. Wednesday night's storm at several points in Indiana amounted to a deluge that has sent streams out of their banks and the resultant damage will undoubtedly be very heavy.

We are apt to view with rather passive interest such conditions when they are remote from the particular section in which we chance to live. When they come nearer, a rather more definite focus is had upon the situation and we get a clearer view of the possibilities of such a visitation. It is true that every disastrous flood that has yet visited Fort Wayne has come with the winter thaws or in the very early spring season. At other seasons of the year we have regarded ourselves as immune from danger of this character and have declined to allow ourselves to become unduly excited over the prospect of high waters. The lesson of the present situation, however, is that there is no absolute security as to season, and no safety aside from that provided by intelligent and systematic precaution in the way of flood prevention.

Just at this time the proposal for the formation of a flood prevention district in Allen county under the provisions of the state law to deal with this problem is under way. Property-owners are being invited to sign the petitions which will authorize procedure under the law. The very recent experience of other sections of the country as told in the newspaper dispatches ought to stimulate a little livelier interest in flood prevention here. Have you signed that petition yet?

City Attorney Kistler, of Princeton, speaking before the convention of the Municipal League of Indiana at Logansport, is quoted as having declared that Indiana cities are the most beckward in the country in the matter of civic improvement. It will be the very general opinion of those who have looked into the matter at all that Mr. Kistler in his zeal to bring about improvement is making the indictment entirely too strong. It is true that there is in some quarters a rather sizeable element, and in perhaps all quarters a trace of it, that opposes civic improvement on the ground that it costs money and that the old manner of doing things is good enough anyway. That, however, is not the sentiment that rules in Indiana today. Our cities and towns are doing things. The improvement accomplished and in progress is pronounced. We may not actually lead the procession in the matter of parks and playgrounds and beautification and other phases of civic improvement, but we are by no means trailing the civic parade.

And as if Uncle Sam is not confronted by a sufficiently large and varied assortment of problems in seeking to preserve strict neutrality during the war, Montenegrin reservists are being recruited by trainload to be shipped out of this country for service on the battlefields. Happily activity along this line came quickly under the eye of the federal authorities and organized effort at recruiting in this country will doubtless be promptly halted. Perhaps President Wilson is wondering as to the precise time when nothing more in the way of annoyance can happen because all of it has already occurred.

President Davidson, of the Indiana State Bar association, cites with profound regret what he believes is a growing disrespect for law, and lays the blame for the condition upon "useless, foolish and unjust laws." Still another reason might be listed—the course of some lawyers in attempting to make the laws fit the precise desires of their client, on whatever side of a case they may chance to be retained.

Doctors at a hospital in Aurora, Ill., have installed a phonograph in the operating room, and contend that the soothing effect of melody is distinctly beneficial to the patient at a time when he is naturally weak and depressed. Doubtless it will soon be quite the fashion to have one's appendix removed to rag-time if the surgeon can speed up his instruments to keep in step with the syncopated melody.

The fact that one prisoner has been struck by lightning and killed while at work on the new Indiana penal farm will doubtless be seized upon by other promising candidates for the place as a perfectly good reason why they should not be sent there.

As an inventor of theatrical climaxes, what a tremendous success that man Holt would have made in the field of the thriller drama!

THE DOCTOR'S HARD JOB.

(Kansas City Star.)

To the Star: We have just had a very bad sickness in our family. The doctor made a mistake in the nature of the disease, and before he got right his patient was nearly dead. Fortunately the patient recovered. But the case has shaken my faith in doctors. Isn't medicine all guess work? J. C.

J. C. doesn't tell the nature of the sickness that fooled the doctor, so the apportionment of blame is out of the question. It is quite possible that the doctor wasn't competent, for incompetent men get into medicine, just as they do into all other professions. But there is another side to the incident.

From the very nature of the practice of medicine there has got to be what J. C. calls a good deal of "guess work" in it. The human body is a very intricate and delicate machine. It is more. It is a very delicate and intricate machine which it is exceedingly hard to get into.

The automobile is a comparatively simple machine. All that is necessary to keep it running is to get a proper mixture of gas and air into its cylinders, with an electric spark at the proper moment to explode the mixture. But if J. C. has had any experience with automobiles, or if he has talked with any mechanic or other person who has had experience, he must know that often it is the hardest thing in the world to diagnose the trouble with the motor from the symptoms. The same symptoms of trouble may come from half a dozen different causes.

A man who had difficulty in starting his car told his troubles to the head of a large repair shop, and asked what was the matter. "I can tell you a lot better after I get into the engine," was the reply. "Maybe there is dirt in the carburetor. Maybe you have a sooty spark plug. Maybe there is a short circuit in the ignition system. Maybe there is a loose wire. I can't tell until I see."

The doctor is often in the position of this mechanic except that he can't get into the machine to see what is the matter. He has to act on symptoms so indefinite that the mechanic would feel he had no basis to go on. If he could lift the hood of the human machine and inspect the machinery he would feel much more confident. Much advance has been made in recent years in diagnosis of human ailments. Various tests have been perfected, so that the doctor in many cases really has something to go on. He has tests, for instance, for typhoid fever and diphtheria and tuberculosis and various other diseases. He takes the blood pressure of the patient, or has a blood count made, or finds from a bacteriological examination whether a certain suspected germ is present. But for all that, the present stage of medical science is still unsatisfactory. How unsatisfactory the best doctors are keenly aware.

Still, it is the greatest agency in the world for relieving human suffering. There is no more useful citizen than a well trained, honest, intelligent doctor.

VACATION IN THE COUNTRY.

(Ohio State Journal.)

A great thing would it be for a city boy to spend his summer vacation on a farm; and now is the time to get into the notion. Don't look for wages so much as for experience. Work enough and some more to pay for your board. Have a few good books to read at leisure hours, but the great idea is to get health and clean life, and quiet days. This incessant clamor and clatter and show in a city is enough to crush out all youthful enthusiasm and aspiration. It would be almost a matter of proof to say that the ordinary town vacation of youth is quite enough to neutralize all the spiritual and mental vigor a boy achieved during the year at school. Remember, you don't put up a stock of knowledge and purpose as you would a bin of wheat, there to stay till you call for it. The knowledge and purpose easily leak out or are spoiled or lose their flavor, and they are apt to do that in a summer vacation unless closely watched. Go to the country, boys, and get into an environment of nature and simple living.—Ohio State Journal.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Dr. G. W. Loag is confined to his bed by illness.

J. B. Monning has gone to Findlay, Ohio, on business.

Peter Morganthaler and son, Cliff, are fishing at Rome City.

A new flag is badly needed on the federal building here.

J. B. Williams has returned from a business trip to Oil City, Pa.

J. W. Pearse has two trotting horses entered in the races at Columbia City tomorrow.

Hon. James M. Barrett and Charles E. Bond will leave Saturday to join their families at Petoskey.

Mr. and Mrs. George Louttit have returned from Joplin, Mo., and will probably decide to locate here permanently.

Ben Walker, the noted turf driver, drove Emmett Powers' "Wayne Wilkes" an exhibition mile at the Grand Rapids races yesterday.

Mr. and Mrs. Otto Gross and August Betzer are at Lake Maxinkuckee attending the state pharmaceutical convention in session there.

Hugh Stewart, ex-postmaster at Monroeville, is in the city. He is now connected with the W. W. Dudley agency, solicitors of pensions and patents.

Rev. John Merritte Driver, pastor of Simpson M. E. church, delivered a lecture in the circuit court room last evening under the auspices of the African M. E. church.

Charles McCulloch, of the Hamilton National bank, has returned from Bear Lake, Mich., and will soon leave for Washington, D. C., to visit his father, Hon. Hugh McCulloch, who is quite ill.

Hon. R. C. Bell has returned from a fishing excursion to Petoskey, where he was the guest of Judge S. R. Alden. The senator's nose is peeled and his complexion sunburned, but he reports having had a fine time.

Judge Joseph W. Adair, of the Whitley circuit court at Columbia City, has refused to grant the motion for a new trial for Thomas Davidson, the Allen county murderer, who was tried on a change of venue in that court for killing his aged uncle near Areola, and sentenced to imprisonment for life has been passed upon him.

WAYNE MORTGAGE LOAN CO.,

LINCOLN LIFE BUILDING.

FORT WAYNE LEADS IN BANK DEPOSITS

Total of $22,947,781 in Local Banks When Last Report Was Made.

According to the recapitulation just made by Paul F. Kuhne, manager of the clearing house, of the figures submitted by the local banks to the comptroller at Washington, D. C., there were $22,947,781 on deposit in Fort Wayne banks, not including approximately $200,000 on deposit in the Commercial bank and Nuttman & Co.'s bank. On May 1, 1915, when the last report was made to the comptroller there was $23,160,162.96 on deposit in Fort Wayne banks.

The figures show that despite the war in Europe and the cry of hard times the people of Fort Wayne, represented largely by the wage-earners, continue to pile up savings in the several banks of the city.

While it is not generally known there is more money on deposit in Fort Wayne than in Dayton with a population of 116,577. Youngstown, Ohio, had on deposit $20,438,379.97, as compared with $22,947,781 in this city. Evansville had on deposit something like nineteen millions of dollars.

KENDALLVILLE NEWS.

Kendallville, Ind., July 8.—Mrs. W. G. Fish, Mrs. J. A. Shaffer and Mrs. A. C. Shore chaperoned a party of young people to Rome City Tuesday. The party included Misses Helen Bragg, Lillian Fish, Audrey Krueger, Huldah Miller, Lucile Moses, Veda Shaffer and Lois Shore, of this city, and Miss Jane Bartlett, of Brooklyn, N. Y.; Miss Evelyn Kegg, of Ligonier, and Miss Lois Rose, of Chicago.

Mr. and Mrs. Herbert S. Browne and B. J. Fierlein and daughter, of Chicago, are guests of Mr. and Mrs. Eugene Iddings.

Mr. and Mrs. William Weil and children are visiting relatives in Lagrange.

Mrs. Zella Ressler, who has been an operator at the Bell telephone office, has accepted a position as supervisor of the exchange at South Bend.

Miss Tillie Pugh is home from Angola, where she visited friends.

B. Pullman and family are enjoying an outing at Rome City.

Mrs. Mason McFarland is visiting relatives and friends in Wawaka.

Miss Edith Fullerton, of Fairfax, Minn., who has been the guest of her uncle, R. E. Fullerton and family, for the past six weeks, left Wednesday for Chicago, where she will visit friends before returning home.

Miss Florence Ward is visiting relatives in Bryan, Ohio.

Mrs. Abbie Pierce, chief operator at the Bell telephone exchange, left last week for San Francisco, Cal., to visit the exposition.

C. S. Pfaff and Milton Stiffney are at Wellston, Mich., on business.

Henry Lohman and daughter, Miss Henrietta, left Sunday for a visit with Mr. Lohman's brother and family in New York city.

Mr. and Mrs. John Myers and daughter have returned to their home in Cleveland, after visiting Mr. and Mrs. I. A. Patchen.

Mr. and Mrs. William Moore, of Vincennes, are guests of J. E. Longyear and family, north of the city.

A son was born Saturday to Mr. and Mrs. Sam Pierce.

Announcements have been received in this city of the marriage of Miss Floy Ueter, of this city, and Joe Lehr, of Mishawaka, formerly a clerk in the Otis drug store, which took place in Mishawaka last Wednesday.

Norman Auer submitted to an operation for appendicitis at the Sacred Heart hospital at Garrett Saturday evening.

Miss Frances Smith and Earl E. Kern were quietly united in marriage Monday afternoon at the home of the bride's parents, Mr. and Mrs. W. A. Smith, on Clark street. Only the immediate families were present. The ceremony was said by the Rev. W. D. Trumbull. The bridegroom is the son of Mr. and Mrs. J. Kern, of Grant street. The bride has been employed as stenographer for Charles Lee & Son, plumbers. Mr. and Mrs. Kern left immediately after the ceremony for Bryan, Ohio, where Mr. Kern holds a responsible position with a manufacturing concern and where a home has already been furnished.

GRABILL NEWS.

Grabill, Ind., July 8.—Mr. and Mrs. J. S. Hollabaugh and children, of Spencerville, spent Sunday with Mr. and Mrs. Harry Grabill.

F. D. Tope and family spent a few days with relatives at Payne, O.

Albert Egly and W. W. Wann were at Fort Wayne Saturday on business.

Mr. and Mrs. Joseph Schlatter called on George Kessler and family, near Hursbtown Sunday.

Mr. and Mrs. David Rediger and daughter Clarice, of Pioneer, O., spent Sunday and Monday with B. S. Gerig and family.

Joseph Witmer and family and Mr. and Mrs. David Witmer motored to Berne to spend the Fourth with relatives.

Daniel Witmer and wife were in Fort Wayne Monday with relatives.

Paul Augsburger, of Woodburn, was a caller here on Thursday evening.

Dr. and Mrs. O. K. Hilty are spending a week's vacation at Winona Lake.

Mr. and Mrs. Longwood, of Fort Wayne, are the parents of a baby girl. Mrs. Longwood will be remembered as Maude Howey, formerly of this place and well known here.

Miss Magdalena Stuckey arrived here last week to spend the summer with her sisters, Mrs. Albert Egly and Mrs. Sarah Hartley. Miss Stuckey spent the winter in Enid, Okla.

Rufus Roth and David Gerig, of Fort Wayne, spent Sunday and Monday with their parents here.

Mr. and Mrs. Lloyd Hursh, Mr. and Mrs. Christian Shank and son Gaylord, Mrs. Carrie Conrad and son Kenneth, and Miss Lillie Witmer motored to Fort Wayne Tuesday to see the Liberty bell.

Mrs. Daisy Witmer and Miss Frieda Reichelderfer were shoppers at Fort Wayne Friday.

Albert Lantz and family spent Sunday at Berne with relatives.

Miss Luella Sumney spent a few days of last week at Bluffton, O.

David Roth made a business trip to Fort Wayne last Friday.

Mr. and Mrs. David Souder and Mr. and Mrs. Aaron Souder and son Kermit, also Mrs. Jesse Gerig motored to Berne Saturday for a few days.

Mr. and Mrs. Jerry Klopfenstein and Mr. and Mrs. Harry Grabill attended the Fourth of July celebration at Robison park Monday evening.

The local farmers are very busy making hay and cutting wheat, both crops being exceptionally good this season.

The annual reunion of Mooseheart legion will be held at Huntington next Sunday. The officers recently elected in Fort Wayne will be installed at that time.

Base Balls From the Theatre Roof on Boys' Day.

An even hundred base balls will be thrown from the roof of the theater building on Wednesday, July 14th. The rush for the balls is a mighty scramble and is one of the most enjoyable events of Boys' Day. July 8, 10, 13

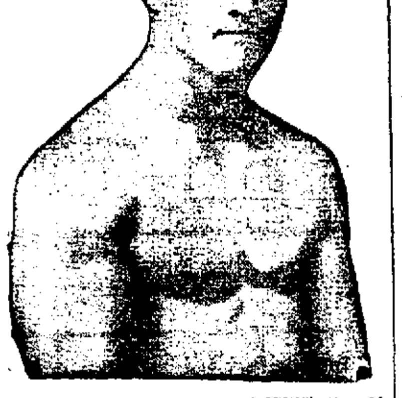
"Gain 22 Pounds In 23 Days"

Remarkable Experience of F. Gagnon, Builds Up Weight Wonderfully.

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol. I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put 10 pounds on me in 14 days," states W. O. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."



A PLUMP, STRONG, ROBUST BODY.

"Before I took Sargol people used to call me 'skinny,' but now my name is changed. My whole body is stout. Have gained 15 pounds and am gaining yet. I look like a new man," declared another man who finished the Sargol treatment.

Would you, too, like to quickly put from 10 to 30 lbs. of good, solid, "stay-there" flesh, fat and muscular tissue between your skin and bones?

Don't say it can't be done. Try it.

More than half a million thin men and women have gladly made the test and that Sargol does succeed, does make thin folks fat even where all else has failed, is best proved by the tremendous business we have done. No drastic diet, flesh creams, massage, oils or emulsions, but a simple, harmless home treatment.

SARGOL has earned such a tremendous reputation for itself that Meyer Bros. Co., Dreier Drug Co., D. & N. Pharmacy, the Family Drug Co. and other reliable druggists in the vicinity of Fort Wayne will gladly sell it to you under a positive guarantee to refund your money should there be no satisfactory weight increase.—Adv.

SOME OF THE WONDER FEATURES OF SHOW

Rutherford Combination is Bringing Much to Midsummer Festival.

The Rutherford Greater Shows, engaged to provide amusement for the mid-summer festival for the benefit of the Anti-Tuberculosis league for the week of July 12, offer so much in headline features that they can only be catalogued and not described within the limits of a newspaper article.

Above all the attractions in this or any other combination of shows is the LaRose electric fountain, an amazing fire and water spectacle that can only be appreciated by being seen and once seen can never be forgotten.

Then there is the human silo, an attraction that is entirely new, furnished an exhibition of the most hazardous and thrilling riding. Julia Allen, with her great wild west show, provides a fine program of trick, fancy and rough riding. Ted Metz has a regular circus sideshow with a congress of curiosities and freaks that make his outfit look like a world made for spite. There are the auto-drome; Zalla's big-city vaudeville show; the Busy City, a mechanical wonder that is a marvel of ingenuity and highly instructive; "Beauty and the Beast," an illusion show that will keep you guessing; "Baby Jim," the largest man in the world; the monkey circus by a tribe of simians that are full of funny tricks; "Submarine 4-U," a laugh-making novelty hot from the hammer; the Panama canal, a topographically accurate view in miniature of the greatest engineering feat of all time; the big Eli wheel, almost 100 feet high; the Tango Dip, a joy ride that restores good humor to the soul; the Caroussel, the largest in the world and carved wholly by hand, and other features novel, amusing or ludicrous, and the great Royal Italian band of Professor Marrazini. Altogether the Rutherford Greater Shows will be found to fulfill every expectation and more.

Donations for Country Store.

The following business houses have already made donations for the country store that will be operated at the show grounds by the Anti-Tuberculosis league: Phelps & Co., the Baade-Wyneken company, the Sanders book store, M. App & Sons shoe store, Lehman Book and News company, Lehman clothing store, Heit, Miller Lau company, Madame Catherine's corset shop, Wolf & Dessauer, the Grand Leader store and Rurode Dry Goods company. The store will be in charge of young ladies who will be designated by the league. Plans for the store have been completed by the committees.

The popularity contest has been declared off. The shortness of the time in which to make the campaign and the fact that several of the young ladies placed in nomination had already made plans for their summer vacations, led the committee to believe that the contest would lack interest and it was decisively abandoned.

ANTWERP NEWS.

Antwerp, O., July 8.—Floyd Craft, wife and baby, of Toledo, were visitors here over Monday, he returning to the city while wife and baby remain the balance of the week.

Miss Ethel Seeley, who is employed at Fort Wayne, spent Sunday and Monday here at her home, the guest of her parents, C. A. Seeley and wife.

Frank Lamb made a journey down to the "Future Great" city, Tuesday, the trip being one of a business nature.

Miss Genevieve Grant and Flossie Johnson are home from a visit at Payne, where they were the guests of the former's sister, Mrs. Fred Pio, and family.

Oliver Reeb, who has held a position the past year at the Derck grocery, has resigned. Bert Helsel is now on the job.

Jacob Oaks, wife and son Gerald, of Milan, Mich., who have been visiting here the past week, the guests of his sister, Mrs. Milo Schwab, and family, returned to their home Tuesday.

Edward Edgerton, one of the prominent residents of Woodburn, in company with his wife and Mrs. J. A. Eby of that place, motored to this burg Tuesday, where the ladies took the first train for Wauseon, where they will visit a few days the guests of Dr. Betts and family.

Mr. and Mrs. Amos Seigler, of Toledo, and Mrs. Logan Chaney, of Duran, Mich., who have been visiting here the past few weeks, the guests of James Keesler and family and other relatives, returned to their homes Tuesday.

The Antwerp Citizens' band will favor our citizens with an open air concert Thursday evening if the weather is favorable. This is their first appearance this summer. Prof. Tragnitz will be with them and a good program of popular airs will be rendered.

Nevada Coons, of Sturgis, Mich., accompanied by his mother, Mrs. S. E. Coons, of Paulding, were Antwerp visitors Tuesday, the guests of Mr. and Mrs. James Sexton and family.

Mr. and Mrs. F. J. Thompson and daughters, Helen and Dorothea, and son Fred, of Fort Wayne, who have been visiting here the guests of her parents, Mr. and Mrs. F. E. Reeb, returned to their home at Fort Wayne the first of the week.

The Wabash railway is now employing quite a large number of men in the work of raising and reballasting its tracks through this place. Thirty more Italians came Monday, which makes about 120 now at work.

Mr. and Mrs. Alex Grant and daughter May and Mr. and Mrs. Fred Pio, of Payne, are home from a visit at Garrett, Ind., where they were the guests of the former's son, Allie Grant, and family for a couple of days. Master Jack Grant, of that place, returned with them for a visit.

Mrs. Hugh Brown, accompanied by her daughter, Mrs. Harvey Hudson and son Hubert, were Fort Wayne visitors Tuesday, where they spent the day with friends.

Mrs. L. Richmond and granddaughter Lulu have been visiting her brother, John Hawkins, and family at this place the past few days. Mrs. Richmond returned to her home at Fort Wayne Tuesday, her granddaughter remaining the balance of the week.

Mr. and Mrs. N. C. Doctor, accompanied by their son, George Doctor, and wife, were passengers to Fort Wayne Tuesday to get a view of the Liberty Bell on exhibition there.

Philip Murphy, accompanied by his son Hubert, went to Chicago Tuesday, where the former will enter the Post-Graduate hospital for treatment for nervous trouble.

Mr. and Mrs. E. W. Crook, of Hicksville, were Antwerp visitors a short time Tuesday while en route to Fort Wayne to spend the day.

Frank Woodcox, of Fort Wayne, was the guest of his mother, Mrs. Clayton Erter, at this place over the Sabbath, returning to the city Tuesday.

James Chorpening went to Fort Wayne Tuesday to take a squint at the Liberty Bell, which was the attraction there.

Miss Anna Slattery, of Cecil, was an Antwerp visitor Tuesday, the guest of friends.

Sylvian Shepherd and Miss Ruth Sunday, well known young people of this place, were married at Flint, Mich., Monday evening. The groom is foreman in the painting department of the Buick Automobile works at that place and they will make that city their future home.

Dr. Dawson, wife and children were Antwerp visitors Tuesday, making arrangements to bring their medicine show here next week. The doctor is now located at Paulding.

Mr. and Mrs. John Poulson and Mrs. William Purette were visitors at Defiance Tuesday, called there to attend the funeral of William Davis, a cousin of Mrs. Poulson, which was held at that place on this date.

ARMY OF SKYLARKERS TO DESCEND ON FORT WAYNE SOON.

A few of the fifty famous clowns coming with Ringling Bros. circus.

Headed by the dean of all sawdust comedians, Al Miaco, a whole army of side-splitters are due here when Ringling Brothers' circus comes to Fort Wayne Saturday, July 17. Miaco is seventy-five years old and he is chairman of the convention which the merry band hold twice daily under the circus main tent. Old as he is, this veteran funmaker is as agile as the youngest of the fifty skylarkers who clown in the hippodrome track.

There was a time when the clowns opened the circus performance, so do not conclude that they have missed their train when they fail to appear at the beginning of this season's program. First will come the spectacle of Solomon and the Queen of Sheba, with its cast of more than 1,200 people, its regiments of caparisoned horses and caravans. But hardly will the curtain have fallen on the last act of this gigantic production when, with a burst of merry music and a galaxy of antics the whole population of clownland will swing into view.

This season the funny fellows have concocted more "stunts" than ever before. They are busy all the time with comical imitations and parodies which poke good natured fun at timely topics and well-known personages. No matter how thrilling or daring the performances in the rings or tent-top, these humorists effect to take all things lightly and so temper the program with constant merriment. They ride in their famous airship, the "Sky Skimmer," shoot each other from big wooden cannons and commit all manner of Tomfoolery so dear to the hearts of the youngsters. In addition to their two-legged clowns, Ringling Brothers are this season presenting many dumb comedians in their vast trained animal department. This innovation occupies an entire number in what is by far the most novel program ever devised by these famous showmen. Here are found the clowns of donkeyland, bearland, ponyland, dogland and all the rest of the jesters which master trainers have developed in the animal kingdom.

$11,396 RAISED FOR Y. M. C. A.

More Money Pledged in Six-Day Campaign at Laporte Than Expected.

Laporte, Ind., July 8.—A six-day campaign to raise $10,000 for the Young Men's Christian association at Laporte closed with subscriptions amounting to $11,396. This amount will take care of the deficit, and will also provide for the expected deficit next year. Laporte has a $100,000 Y. M. C. A. plant.

ENTERS PLEA OF NOT GUILTY.

Gibson County Pastor Says Charge Is Scheme to Injure Him.

Princeton, Ind., July 8.—Rev. J. A. Persinger, pastor of the Christian church at Owensville, Gibson county, pleaded not guilty to a criminal charge in Justice James A. Sprowl's court here yesterday. He was placed under $500 bond for his appearance at the trial July 16. The plaintiff is Miss Dale Gardner, 18 years old, daughter of Mrs. Jeanette Gardner. Miss Gardner was secretary of the Sunday school. Rev. Mr. Persinger is a married man and has been pastor of the Owensville church for about three years. He alleges it is a scheme to injure him.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Greased Pole and Copper Trail on Boy's Day.

Boys' day would be incomplete without the greased pole and the copper trail. The pole will be greased at 1:30 p. m. A gun metal watch and fob will be at its summit as the reward for the best climber. A thousand pennies will be scattered along the copper trail. All the boys know what great fun the penny scramble is.

july8-10-13

TAGGART DENOUNCES IT AS PERSECUTION

Demands Immediate Trial of Election Frauds Charges.

Indianapolis, Ind., July 8.—"This whole business is persecution and not prosecution and I demand an immediate trial," said Thomas Taggart, democratic national committeeman from Indiana, after 120 of the 131 men charged with frauds in the 1914 registration, primary and election had been arraigned and seven had pleaded guilty before Judge James A. Collins, in criminal court yesterday.

"I never had anything to do with any one of the men who plead guilty today," declared Taggart. "I do not know these men and it seems funny to me that they should be permitted to go on their own recognizance if they are so guilty. I don't know what I have been endicted for, although I have made every effort to find out. I want an immediate trial because this whole thing is a persecution and an effort to besmirch my name as well as many of my friends."

Mayor Joseph E. Bell, who also was among those indicted, issued a statement saying "the pleading guilty of the seven men today is an attempt to connect us with men with whom we have never had any dealings in any way whatsoever. These men came into court and plead guilty without the indictment being read. They were immediately released on their own recognizance and this seems rather unusual."

Max Weintrett to Isaac B. and Lizzie Powell lot 81, Lillie place, $700.

NEW FARM COMMUNITY ENCOURAGES FARMERS

Novel Plan Designed to Bring Neighborhood Idea to the Country.

South Charlestown, O., July 8.—A few miles from this town lies Hustonia, the only built-to-order community or center for farmers in the United States. It was built under the direction of Fostor Houston, aged forty-seven, and is designed to bring the neighborhood idea to the country so that rural residents may have healthy amusement during leisure hours, and so that the young tillers of the soil shall not weaken to any desire to flock to the big cities.

Houston himself deserves a paragraph. He began life as a boy bound out to a skinflint farmer who allowed him ten cents a week spending money and gave him an orange for Christmas. He worked from 3 a. m. until darkness. He learned all about farming as it was done before scientists took a hold of it. When he inherited a bank and several thousand acres of land on the death of two elder brothers, then he began to widen his knowledge of scientific farming.

Three years ago he began to put his ideas on farming into operation. Owning 10,000 acres of good soil in Madison, Clark and Green counties, he divided his land into thirty-two farms, and instituted the tennant system, with this important provision—the tenant was his business partner. Each farm was operated as a separate business, as Houston and Jones, or Houston and Smith, or Houston and Houston as happens in the case of his son, who operates a 600-acre plot. Each tennant is supreme on his own farm, answerable only to Houston.

PIANOS

From the World's Greatest Factories

July Clearance Sale

Reasons why you should buy a Piano or Player now--and at the Jacobs Music House

Because—The moral influence of Music in the Home binds the Family Circle closer together, and this condition can be accomplished with greater success with a Beautiful Piano, than in any other way.

Because—A Piano in a Home makes it complete and happy. Educate your children in Music, making them talented Musicians and fulfill your highest ideal of seeing them become better men and women.

Because—It will pay you to investigate the wonderful values offered during this Sale—High-Grade Pianos that have heretofore been held at prices and terms way beyond your reach are offered at Prices and Conditions that will astonish you.

We unhesitatingly claim to be able to show you by actual comparison that we are offering you Pianos of national reputation at prices heretofore unknown. You want a good Piano and want it at the right price.

Don't hesitate, but call at once and see for yourself how low our prices are on beautiful new Pianos and Players.

A liberal allowance for your old Piano or Organ, should you have one to exchange.

Jacobs Music House

The Piano and Player Market of Fort Wayne

SUMMER SCHOOL OPENS.

Gary Special Course to Teachers and Principals Begins.

Gary, Ind., July 8.—New York university has started its course in the Gary public schools. Instruction will be given during the university's summer school to principals and teachers for a period of six weeks. The Gary course was added to the university at the instance of Prof. James F. Lough, dean of the summer school. Theory and organization work will be taught, supplemented by lectures.

The summer course will be under the direction of Dr. Joseph S. Taylor, district superintendent of the New York public schools. It is in Dr. Taylor's jurisdiction in the Bronx where the Gary system is to be extended so that it reaches nearly 50,000 pupils. Among the lecturers will be William Wirt, superintendent of the Gary public schools and advisory superintendent of the New York schools.

It is also probable other instructors in the Gary schools will assist in the work at the university.

Ben-Hur court No. 15 met in regular session Wednesday night and initiated a large class of candidates. A social session followed the initiatory work.

Twin Tires?—No

One's a Goodyear as It Might Be
The Other Costs Us $1,635,000 More

This is to prove that you can't judge tires by looks.

Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us $1,635,000.

This year's betterments alone add to our cost $500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse

This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It

You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless.

These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly.

They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (2491)

Society

The important society event of the week took place today at the Country club, when seventy five ladies enjoyed the elegant luncheon and auction bridge entertainment for which Mrs. Ben Levy was the hostess. A profusion of garden flowers of a variety of coloring made the big porch and living room of the club house a gay scene, which was still gayer when the guests arrived and their handsome costumes and in many cases flower bedecked hats, rivaled the beauties of nature. A number of visiting ladies enjoyed this elaborate affair, including Mrs. Levy's house guests, Mrs. J. B. Sampsell, of Elyria, Ohio, and Mrs. L. M. Bourne, of Auburn. Other visitors were Mrs. Stephen Trentman and Mrs. A. J. Venier, of Chicago; Mrs. Barnum, of Youngstown, Ohio; Mrs. Walter Martin, of Danville, Ill.; Mrs. Orando S. Ritch, of Brooklyn, N. Y.; Mrs. Uridge W. Ford, of Whitestown, N. J.; Miss Bernkoff, of New York city.

* * *

Honoring her sister, Mrs. Edward Ginsberg, of New York city, Miss Katherine McCurdy entertained about twenty-five young women this afternoon in an informal manner. The rooms were decorated with pretty arrangements of Shasta daisies, black-eyed Susans, nasturtiums and sweetpeas and refreshments of a delectable kind were served after the visiting over needlework.

* * *

Mrs. Otto Hartwig has gone to New York city for a ten days' visit.

Miss Edith Monahan left on Thursday for a month's visit in Pittsburg.

Miss Helen Lane, of Wildwood avenue, came home on Thursday from Clyde, O.

Miss May Griffiths is going to Lake James soon for a few days' outing at her cottage.

Mr. and Mrs. Robert Reilley, of Pittsburg, are visiting Mrs. Reilley's mother, Mrs. Viberg.

Miss Bernadette Monahan is in Indianapolis taking a special summer course in physical training.

Mr. and Mrs. E. F. Paul, of West Woodland avenue, are entertaining Will Paul, of Denver, Col.

Miss Keturah Williams is in Syracuse, N. Y., visiting her sister, Mrs. Elliott, for a few weeks.

Miss Bertha Marhenke has come home from Detroit, Mich., where she spent several weeks with friends.

The Pythian Sisters' Social circle will give a picnic to members and families at Robison park on Friday afternoon.

Mrs. A. J. Parisot and daughter, Miss Flora Limecooly, are going to Rome City to remain over the coming week-end.

Mr. and Mrs. Willis Hattersley and Mr. and Mrs. Ward B. Mayer have returned from a motor trip to Detroit and Toledo.

Mr. and Mrs. Willis Whiter, of West Creighton avenue, have gone to Chautauqua, N. Y., for a visit with Mrs. Whiter's parents.

Mrs. F. C. Conser returned to her home in Cleveland on Thursday, after visiting her mother, Mrs. W. Limecooley, of Hanna street.

Miss Pearl Miller, of Plymouth, has returned home after a two weeks' visit with her aunt, Mrs. Joseph Oedy, of 2927 Koenig street.

Miss Mary Kent returned Thursday to her home in Brookston, this state, after a visit of several weeks with Mr. and Mrs. Dan Beers.

Mr. and Mrs. H. J. Miller, Miss Selma Miller and Mr. and Mrs. Edmund Miller and baby, have come home from a few days' outing at Clear Lake.

Mrs. John Rogier and daughters, Misses Isabel and Elizabeth, have gone to Winona Lake to be guests for two weeks of Mrs. S. C. Dickey.

Miss Minnie Sullivan, of South Calhoun street, has gone to Syracuse, N. Y., to attend the ordination to the priesthood of a cousin, Rev. Cotter.

Mrs. Lida Vernon has returned from Omena, Mich., where she visited her sister, Mrs. Earl Palmer, of Paducah, Ky., and family, who have a summer home at that point.

Mrs. Will Reitze has returned from a few days' outing at Clear lake with her daughter, Mrs. Ben Heaton, and will soon go to Elkhart to visit Mr. and Mrs. Hubbell Beardsley.

Mr. and Mrs. E. W. Puckett and daughters, Marian and Helen, came home on Thursday from a two weeks' trip to Buffalo, New York, Atlantic City and other points.

Mrs. Omar Kenyon, of Eby avenue, entertained a dozen young women yesterday in a delightfully informal manner as a compliment to Miss Irene Nold, who is visiting friends here.

Miss Alma Dreier left on Wednesday for Los Angeles, Cal., to join her parents, Mr. and Mrs. W. H. Dreier, and daughter, Miss Frances, who have been in the west for some weeks.

Mr. and Mrs. A. W. Pickard and son, Artemus, are planning to leave on Saturday for Walloon Lake, Mich., where they will be guests at the Indian Garden hostelry for several weeks.

Mrs. M. B. Hopkins, of Huron street, is entertaining for some weeks her sister, Mrs. H. E. Barber, of Linesville, Pa., and her granddaughter, Miss Julia Hopkins, of Brownsville, Texas.

Mrs. Harriet Tolan Patterson and son, Henry, of Los Angeles, Cal., have arrived in the city to spend the month of July visiting relatives. Mrs. Patterson and her son are guests at the Anthony.

Mrs. Herman Bill is chaperoning the members of the Poinsettia club, who are Misses Estella Wilkens, Lourette Himbert, Ethel Bill, Marie Kiep and Nona Millhouse, at a house party at Rome City for a few days.

Mr. and Mrs. E. W. J. Yergens have returned from their wedding trip to Buffalo, N. Y., Detroit, Mich., and Galion, Ohio, and are now at home with Mrs. Yergen's parents, Mr. and Mrs. F. L. Racine, of Cass street.

Mr. and Mrs. Orla S. Miller, of South Calhoun street, had as their guests over the Fourth Mr. and Mrs. Lewis Blankenship, who motored there from Detroit, on their way to Indianapolis and other southern points of the state.

Mr. and Mrs. Homer Stewart, of Erie street, are to entertain on Thursday evening at a dinner party in honor of the third natal anniversary of their little daughter, Mary Alice. Mr. and Mrs. Calvin Miller and family and Mrs. Charles R. Loch and son, Miller, are to be in the company.

L. R. Singleton and his mother, Mrs. Eliza Singleton, and Misses Katherine and Anna Shuman and Bertha Krudop are to form a motor party who will leave soon for a two weeks' trip to Niagara and intermediate points.

John Shuman and granddaughter, Harriet Shuman, have returned to Bloomsburg, Pa., after a visit with his brother, E. Shuman, of East Wayne street, and family. The visitors were on their way home from a trip to Oklahoma.

Misses Harriet and Bertha Neal, of Montreal, Can., are now continuing their journey to Seattle, Wash., where they are to make their home, after a few days' visit here with their cousins, Mr. and Mrs. John Ferguson, of West Berry street.

Mr. and Mrs. O. D. Hirshberger and daughter, Mildred, of Washington boulevard west, have returned home after spending the first two days of the week with Mrs. Hirshberger's parents, Mr. and Mrs. George W. Crane, of Covington, this state.

Mr. and Mrs. Alex P. Wood and little daughter left Thursday for their home in Schenectady, N. Y., after a visit with relatives of both Mr. and Mrs. Wood in this city. Mrs. Tom Geake accompanied Mr. and Mrs. Wood east for a visit with them of a fortnight. They are making the trip by automobile.

About sixty ladies and gentlemen were present at a dinner dance at the Country club on Wednesday evening. It was not an invitation affair, just members of Miss Virginia Olds' winter dancing class getting together for a reunion and to meet Miss Olds since her return from a number of weeks' sojourn in New York city.

If Friday afternoon is pleasant there will be an ice cream social on the Hamilton school playground, East Pontiac street. The funds will be used to benefit the sewing class of the school. The children are much interested in the social and their friends are all going to turn out to have a good time and give the boys and girls a lift. Miss Winter and Miss Snively will be on hand to oversee the affair.

Mr. and Mrs. J. B. Tinsley, of Broadway, are enjoying a reunion of Mrs. Tinsley's brothers and sisters today. Mrs. H. P. Smith, of Waco, Texas, has been here for a week and a brother, Doyle M. Marks, of Almira, N. Y., came unexpectedly on Wednesday. In consequence Charles Marks, of Huntington, was telephoned to join the others, which he did, so the dinner table was laid for six and the day was a most delightful one for all concerned.

County Clerk and Mrs. David C. Stout, accompanied by Miss Frances Houk, who is Mrs. Stout's niece, will leave Saturday for San Diego, Cal., to be absent several weeks. Mr. Stout is chairman of the auditing and finance committee of the grand lodge of the Loyal Order of Moose, which meets in that city. They expect to spend Sunday at Mooseheart, Ill., which is the headquarters of the grand lodge. Before returning they will visit the Panama-Pacific exposition at San Francisco.

* * *

Leslie—Ditzenberger.

Miss Minnie Ditzenberger, daughter of Mr. and Mrs. Ditzenberger, who live near Dunfee, and Mr. Earl Leslie, of Bricelon, O., were married at the home of the bride on July 4. Miss Rosa Ditzenberger, the bride's sister, and Mr. Ralph Dunn were bridesmaid and groomsman. A few friends and relatives were present. The bride was dressed in light blue crepe de chine trimmed with handsome Irish point lace. Miss Pearl Ditzenberger played the wedding music. Flowers and ferns decorated the rooms very prettily. A wedding dinner of perfect preparation and bounteousness was served after the bridal couple had received congratulations. Mr. Leslie is a telegraph operator for the N. Y., C. & St. Louis railroad and is located at Bricelon, where he and his bride will live.

Today's Beauty Helps

COMPLEXION BEAUTIFIER—Nothing is more repulsive than to see a woman with her face all daubed with face powder in her desire to hide marks of age. Instead of using powder, which clogs and enlarges the pores, it is far better to use a good face lotion that will improve and permanently benefit the skin. By dissolving four ounces of spurmax in one-half pint hot water you can make an inexpensive lotion that will do wonders as a skin whitener and complexion beautifier. It removes all shininess, sallowness and roughness and gives the skin a smooth, velvety tone, while it does not rub off easily like powder, nor does it show on the skin.

MAKES HAIR FLUFFY—By washing the hair with a teaspoonful of canthrox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water, one finds that it dries quickly and evenly, is unstreaked, bright, soft and very fluffy, so fluffy, in fact, that it looks more abundant than it is and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt and leaves a clean, wholesome feeling. All scalp irritation will disappear and the hair will be brighter and glossier than ever before.

WATERPROOF LID AND GEISHA HAT ARE LATEST IDEAS IN MILLINERY FASHIONS, SAYS BETTY BROWN.

(By Betty Brown.)

Since we have so much rain this summer we have been forced to devise some way of beating the weather man at his own game. As a result the Waterproof Lid has come into being and now we simply don't care how hard it rains.

Miss Sophie Schauls is one of the exponents of this new anti-wet headgear. Miss Schauls is famous as the girl whom the Fashion Art Tea... picked as the prettiest mannikin in America.

According to Mme. Marguerite, the creator of the fashion idea which is calculated to make the weather man ashamed of himself, told me that the washable sailor is made of the new glazed chintz and linen. The brim is faced with linen, which is carried out over the top of the brim, making a binding of about two inches. A white crown cord drawn loosely around the crown completes the hat. No matter how wet it gets this little lid looks as chic and smart as ever.

* * *

There simply is never any telling at all where little Miss Fashion is going for her ideas. Now she has traveled half way round the world and has landed right in Tokio, where the little Geisha girls have shown her one of the ways by which they make themselves picturesquely beautiful. Miss Schauls was wearing one of the Geishas the other day and found it very fetching indeed.

"The Geisha hat is made of natural colored linen," Mme. Marguerite, whose idea it is, told me, "and it has a rose pink facing made of sippers."

Two roses are laid on the top of the Geisha, which match the facing and give this oriental piece of headgear the needed touch of color to make it suit our rosy cheeked American Miss of 1915.

The "Waterproof Lid" is the hat at the top of the photograph; the "Geisha hat" is below.

AT THE JEFFERSON.

MARIE CORELLI'S "WORMWOOD."

Famous Story of Absinthe-Driven Fiend at Jefferson—Paramount Travel Series.

"Wormwood" is a fascinating and compellant drama of romance, love and that fatal weakness of men and women. Intensely modern in theme it deals with the fates of Beauvis, a young Parisian banker, and Pauline De Chauville, his beautiful fiancee. The screen drama opens with a vein of coquetry, but soon the thunderclouds of deeper emotions loom ominously up. Beauvis learns that Sylvion, his best friend, has long carried on a clandestine love affair with Pauline, and the knowledge maddens him. He takes to drinking absinthe in order to forget his sorrow, "the fairy with the green eyes, who makes life and joke and all sorrows trivial." From that moment Beauvis is ruined, physically and morally. He goes from bad to worse, finding no solace, no happiness, other than that which he drains through the straw in his absinthe glass.

Another consignment of the popular Paramount Travel Pictures will be given as a collaborative feature with the Corelli masterpiece. Saturday Mae Marsh and Robert Harron star in "Her Shattered Idol," a production of David Griffith's.

AT THE TEMPLE.

VERSATILITY OF JENKINS.

Payeen Stock Company Character Man Splendid Type of Actor.

Mr. Proteus the well known old man of the sea who assumed more shapes than a woman that religiously devotes herself to the shifting style panorama, was a dull monochrome compared with Mr. Maurice Jenkins, the "character man" with the Payeen Stock players. Mr. Jenkins in the three productions the Payeen players have staged at the Temple, has been in turn an irascible father wrapped up in business and cold as a frapped oyster, a harum scarum old sea dog with a penchant for playing jacks, and this week he is the lovable old druggist, Sam Graham, in Winchell Smith's story, "The Fortune Hunter." Three roles more calculated to tax the versatility of a stock actor could not well be imagined, but Mr. Jenkins has risen to them all. Of course his Sam Graham is the best he has done yet. It is a role that fits his own temperament better than any of the others and one he loves with a deeper devotion—no one could help loving this old altruist—and that probably accounts for his splendid work.

Cooling Wash Stops Itching

Just a touch of this mild, soothing wash, the D. D. D. Prescription, will give you instant relief from your burning, itching skin and absolute protection from all summer skin troubles. D. D. D. is a scientific compound of soothing oil of Wintergreen and other healing elements.

Don't fail to try D. D. D. for any kind of summer skin trouble. It will give you welcome relief. A generous trial bottle for 25c. Ask also about D. D. D. Soap.

DREIER DRUG CO.,

DECATUR NEWS.

Decatur, Ind., July 8.—Mr. and Mrs. A. J. Beavers and family returned to Indiannapolis after a visit here with the Dr. S. D. Beavers and Emerson Beavers families.

T. M. Reid returned to Rome City, accompanied by his sister-in-law, Mrs. R. C. Parrish, and son David.

D. W. Beery and J. M. Rice have gone to Mt. Clemens, Mich., for a stay.

The funeral of Dwight Wilder will be held Friday afternoon at 1:30 o'clock at the Decatur Methodist church, the Rev. A. K. Mumma, of the Concord church, officiating.

E. M. Ray, of Berne, was a business visitor here.

Miss Esther Pennington went to Fort Wayne for a visit.

Miss Maude Harper returned to South Bend, where she is employed, after a visit here with relatives and at Willshire, Ohio.

Mr. and Mrs. J. L. Gay, Ruth and Billy Gay and their aunt, Mrs. John Green, have returned from a week's motor trip through the lake region of northern Indiana and Michigan.

Mr. and Mrs. C. Deininger, Adelaide, Richard and Leonard Deininger have gone to Rome City for a week's stay.

Miss Mary Haugk is visiting with relatives in Fort Wayne.

Deputy Clerk and Mrs. L. L. Baumgartner have returned from Delaware, O., where they visited with their son-in-law and daughter, Mr. and Mrs. Ben Welker.

Mrs. Virgil Matthews returned to Battle Creek, Mich., after a vist here with the Charles Hendricks family.

Mrs. Charles Ball and Miss Martha Thomas were Fort Wayne visitors.

Mrs. Chris Beery and daughter Georgia and Mrs. E. Fritzinger were Fort Wayne visitors.

Miss Helen Niblick left for Lakeside, O., for a two months' visit with Mr. and Mrs. O. P. Edwards, of Leipsic, O., at their cottage.

A. H. Sellemeyer went to Fort Wayne on business.

Rev. J. C. Hanna, L. D. Adams, Mrs. Helen Berling, Mrs. D. D. Heller and Miss Grace Coffee were named judges at the masturtion and mixed bouquet contest to be closed Friday by the Woman's Civic Improvement society. The contest will close with a bouquet show of flowers raised by the school children.

Bertha Zwick, of Bingen, was given a surprise party on her birthday anniversary by fifty or sixty friends. The St. John's choir, of which she is a member, was present and furnished music.

Florence Holthouse, Ruth Keller, Cecil Miller, Mildred Niblick and Virgine Smith had a progressive party. They called at the home of each in turn, had contests and light refreshments and a general good time.

Miss Lois Peterson went to Monmouth to visit with her cousins, Dora Maria and Florence Magley. They will pitch a tent in the orchard through which a creek runs, and expect to have a good time camping out.

Miss Fay Jackson has returned from a visit with her brother, H. E. Jackson and wife, in Fort Wayne.

Miss Letta Lang visited in Fort Wayne.

The St. John's picnic which was postponed last Sunday on account of the rain, will be held next Sunday afternoon. The children will give a fine program and there will be refreshments of ice cream, cake, pop and other things. The Rev. Bischoff, the new pastor, will preach his first sermon as regular pastor next Sunday morning.

Miss Leah Apt, steongrapher for Hooper & Lenhart, has returned to work after a three weeks' vacation visit at her home in Butler and also in Wisconsin.

Prof. and Mrs. J. D. Cline, of Silver Lake, are spending the week with Mr. and Mrs. Earl Butler. The party motored to Fort Wayne Tuesday and saw the liberty bell.

Mrs. Rev. I. Imler, of Frankfort, is here visiting with her son, Chester Imler, and wife.

The D. Y. B. class of the United Brethren church will be entertained Friday evening by Mrs. George Simmers.

NEW FILLING STATION READY.

The Lafayette automobile filling and supply station at Lafayette and Pontiac streets, is practically completed and will be opened for business Saturday. This is an independent concern and is owned and will be operated by Fort Wayne men.

Babys Coat For Cool Days

By Madame Jean

A S prevention of a cold is better than a cure a flannel coat of fine quality is not to be overlooked in the baby's seashore outfit. Make the coat with a small cape and use the single breasted pattern which is simple of construction and cooler than the double breasted garment. Embroider the cape with a tiny flower pattern in French embroidery and repeat the motif on the cuffs and tiny pockets. Finish all the edges with scallops reinforced with buttonholing.

Remember the baby garments should not be overloaded with trimming and a simple vine and flower cluster is much preferred to the more elaborate designs. One may achieve much in spare hours for the baby's wardrobe because simplicity is the keynote of good taste in the selection of the tiny sister's or brother's clothing.

(The above designs and more than 450 other transfer patterns from The World Famous Embroidery Outfit, with a complete equipment to make them, including hoops, needles, hookins, stiletto and booklet, telling how to make all the stitches, can be secured from this paper at the nominal cost of 68 cents (7 cents extra for postage with mail orders) by clipping one Embroidery Coupon from this paper, coupon appearing in the paper every day.)

JESS FELGER PUTS IN BRIEF OF CASE

Epistolary Argument Gets Him Fresh Chance for Reform Work.

Unwilling to trust a statement of his case to the halting and uncertain recourse of speech, Jess Felger committed his argument to a brief written on the official stationery of the Allen county jail and with such force, cogency and evident good faith did he lay the matter before Judge Kerr in the city court, Thursday morning, there was no way around and the court gave him another chance. Jess was arrested on the usual charge and arraigned Wednesday for drunkenness. He avowed that with time to get his attorney in court he could thoroughly exculpate himself, whereupon Judge Kerr entered a continuance for twenty-four hours. Thursday morning Jess laid his brief on the court's desk. It set forth that he had been unable to get hold of his attorney, but that he wanted to promise never to be back in court again. "If you are going to fine me, make it as low as you can because I must be out to my work," concluded the brief. Felger is a hard working man who will perform any kind of labor, but he gets drunk frequently.

Pearl and Her Old Story.

Pearl Farber had not been in for several months, but she had the same old hangover, the same old bedraggled appearance and the same old story to tell. She was arrested at Hanna street and the Pennsylvania railroad, where she was very drunk and begging money from the men about there. She told the court that her father was at the point of death in Portland, Ind., just as she told the same tale months ago, and that she had come here to see about a sick grandchild, just as she pleaded the same excuse months ago. Judge Kerr fined her $1 and costs and she went over for eleven days.

With His German Friends.

"Well you see, your honor, I had a little money when I came here Tuesday, but I met a couple of German friends of mine I hadn't seen for a long time and I got too much," said John Dolan, arrested Wednesday at Calhoun and Washington streets by Officer Degitz, who found him drunk and cadging.

"All right," said the court; "who were they?"

"Two friends of mine—two German fellows," persisted Dolan.

"Well, what are their names, where are they?"

"One's name is Williamson and the other fellow is named Davis."

"That sounds a lot like Welshmen, but maybe they are German. You are fined $5 and costs," and Dolan went over for fifteen days.

Other City Court Cases.

John Amos was arrested by Officer McLaughlin, after Amos had been ordered from the Horstman livery stables on West Main street. He was charged with drunkenness and Judge Kerr turned him loose.

Paul Young, the 11-year-old lad who stole $10 from the cash drawer at John W. Wefel's meat market, 809 High street, was certified to the juvenile court. The lad is incorrigible and probably will be sent to the school for boys at Plainfield.

The loitering charge against Dock Alexander was dismissed on motion of the prosecuting attorney. Alexander was taken from a stall in a Clinton street stable and at headquarters was found to be so ill he was taken to a hospital, where he died.

LOST MONEY RECOVERED.

Orville Coleman, 2017 Nelson street, found the paper sack containing $85 that was lost Tuesday by Calvin Langhor, a youth employed in the Meyer Bros. & Company drug store at Broadway and Taylor streets, who was taking the money down town to the central office of the company. Coleman restored the money to its owners Wednesday and was well rewarded. Longhor lost the money from his pocket as he was boarding a Broadway car. It was at first thought his pocket had been picked.

DATE SET FOR "LOG ROLLING."

Modern Woodmen of State Will Gather at Terre Haute, Sept. 22.

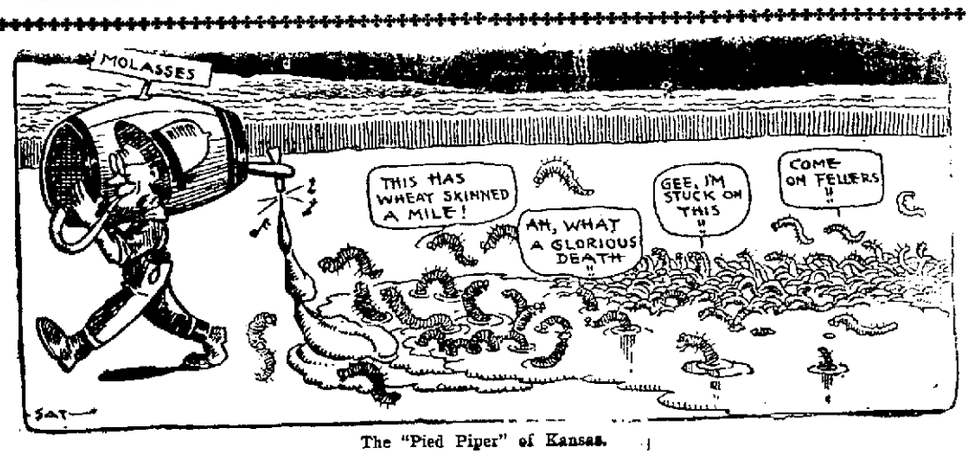
Terre Haute, Ind., July 7.—September 22 has been selected by the Modern Woodmen as the date for their annual "log rolling" in this city. Many visitors are expected to be here. There are 583 camps of the order in the state, with a membership of 45,000. The uniformed rank, known as the Foresters, has a membership of about 1,200. Prizes to the amount of $1,000 will be offered for competitive drills by the Foresters, the local companies being barred from participation. A. R. Talbott, of Omaha, head consul of the order; James McNamara, of Rock Island, Ill., head clerk, John D. Volz, of Indianapolis, head orator, are among the notables of the order who are expected to be here. At a meeting of representatives of fraternal organizations of the city steps were taken to make "fraternal week" of the occasion, with days set apart for each of the participants. John E. Budd is chairman; E. H. Clifford, secretary, and C. M. Trout, treasurer, of the entertainment committee.

The Young Women's Christian association possesses a world membership of 650,000.

Feature Parade on Boys' Day

All boys like to dress up. The annual Feature Parade will be held on Boys' Day, Wednesday, July 14. Special prizes will be awarded the most worthy costumes. Wear Indian, cowboy or policemen suits or any costume you wish. If mother has not time to design a new suit just wear the one you wore last year or that brother wore the year before. You will be just as welcome as though you had a brand new outfit. The object of Boys' Day and of the Feature Parade is good fun and a jolly time. July 7, 8, 12

KANSAS ATTACKS AND DEFEATS ARMY WORM WITH MOLASSES.



The "Pied Piper" of Kansas.

(By C. A. Clay.)

Nickerson, Kas., July 6.—A busy little worm, with his brother and cousin and a few million more relatives, nearly bluffed the Kansas farmer out of his 300,000,000 bushel wheat harvest this year. The k. f. had to work to save his crop and of all things a Kansas farmer detests, he dislikes work the most. He much prefers to motor.

However, the worry is over. The wheat is o. k. once more and the harvest is beginning, bringing work and sore backs to thousands of green hands.

Molasses proved the undoing of the pesky worm and his countless relatives.

After the annual hail storms and near cyclones had destroyed the customary hundreds of acres, the Kansas farmer supposed his troubles were over. They were not. The unexpected came along in the form of the army worm—so called because, German-like, they charge in mass and in hosts and sweep a field of wheat clean from one side to the other.

It looked bad. But molasses proved as deadly to the army worms as chlorine gas does to the allies in Europe.

"We sure had a tough time of it," remarked farmer Newton today, as he motored into town. "I told my foreman (get that? "my foreman") "I told my foreman he jest had to rig up some scheme to counter attack the doggone critters. I be goldern if I wus gonna lose the crop at that stage. So he and one of them experts from the agricultural college got together and thunk out molasses. That's what we used for the most part in fightin' the worms. An' it done its work o. k. Sometimes I think them agricultural fellers are dern near intelligent."

Kansas farmers used hogsheads, barrels, kegs and buckets of molasses and syrup in their successful campaign to stop the advance of the army worm. It is difficult to buy a quart of molasses in the short grass country today. The army worm got it all.

The "agricultural feller" discovered that the army worm had a sweet tooth. He would leave wheat any day for molasses. The experts advised that bran and Paris green be added to the molasses to make the sweet meat more tempting. The mixture was spread broadcast through the wheat fields. Attracted by the delicious smell the worms fell easy victims to the Paris green blend.

Many farmers dug ditches around fields untouched by the worms and dumped in molasses. The foolish worms, utterly regardless of the astounding loss of life, charged the standing grain and were caught fast in the sticky trenches. The slaughter was terrible. No barbed wire entanglements were used.

A farmer called up a small town merchant and told him to get four barrels of molasses ready for him that afternoon.

"What's the matter with you?" demanded the merchant, "are you nutty?"

"No," retorted the farmer, "but we have wormy nuts. Get that there molasses ready for me."

SAYS NATION ALONE CAN SOLVE PROBLEM

Federal Prohibition of the Liquor Traffic Urged by Patterson.

Atlantic City, N. J., July 8.—Former Governor Malcolm R. Patterson, of Tennessee, who was one of the speakers at today's session of the national Anti-Saloon League convention, urged that national prohibition was the proper way to deal with the liquor question.

"The case against the liquor traffic has been made out," he said. "The witnesses, who testify, conform to every legal requirement of credibility; they are intelligent, have the means of information and are willing to speak the truth. They are science, experience and religion.

"Science, without bias, cold, accurate, calculating, testifies that alcohol is a poison to the body.

"Experience comes, and sets before our view an inept, sullen, moaning, straggling, unhappy procession of victims; so long that it would almost reach across the continent; so sad that it would move a stone to pity. She shows the dry husks of hope, insanity and sudden death, disease, want, waste and bloody crime.

"Religion comes and delivers her testimony. She relates how hearts have been hardened to her eternal truths; she exhibits rents in the garment of justice and bloody smears, mercy fleeing before hate, passion in flame, and love with a broken wing.

"There has been no false testimony delivered; there has been no exaggeration, no contradiction among these witnesses."

Mr. Patterson discussed state rights. The duty of government, he said, was to surround the citizen with good environment, to dig no pitfalls in his path, to make it easy as possible for the citizen to do right, as hard as possible to do wrong.

"This is the highest attribute of sovereignty. The efforts of our government to suppress the lottery; to stamp out polygamy; to destroy human slavery; to prevent the use of narcotics; to eradicate the diseases of cattle; to preserve the public health; to give the people pure food, were all in harmony with the purpose of its creation, and to maintain the liquor traffic is a prostitution of its power.

"It is not surprising that the liquor traffic would seize upon state's rights for safety. In the past when a town or county proposed to outlaw the saloon, this cunning malefactor sought to stay the local sentiment by telling the people that it would favor state prohibition, when it knew that state action was remote or impossible.

"When the sentiment for state prohibition grew until it threatened to overwhelm the traffic it then sought delay until the government should act—and now when the tide has rushed on until it has reached the walls of the capitol—the traffic would sweep it back with the broom of state's rights.

"Stripped of all technicality—the question is a broadly national one—and the government alone can solve it. If a lottery conducted in only one state is a proper subject for national authority—and the sale of narcotics which affect a comparatively small number of the people, who will deny the same authority over the liquor traffic?

"The doctrine of state's rights as a defense to human wrong and the violation of the conscience of civilization was buried forever under the apple tree at Appomatox."

People will be glad to know that oidionycosis, which has been discovered in California, is a disease related to coccidioidal granuloma.

EMBROIDERY For Dress And Home Decoration
Made simple for every woman at practically no cost by the
FORT WAYNE SENTINEL

FOR barely cost of wrapping and handling this paper is able to offer its women readers this record-breaking embroidery bargain. Every woman knows the price of embroidery patterns. They are ten cents the world over—some times more—never less. Here, as part of our extraordinary service to patrons, you may obtain for a mere pittance a complete outfit of more than 450 of the very latest fancy work designs, set of hardwood embroidery hoops, gold-tipped bodkin, highly polished bone stiletto, one full package highest grade embroidery needles (Assorted Sizes) and a fascinating instruction booklet giving full instructions for making all artistic stitches.

LATEST DESIGNS FROM WORLD'S GREAT STYLE CENTERS

Tested for Style

All designs in World Famous Embroidery Outfit absolutely new and exclusive. Each one tested for its style and passed as correct by expert and authoritative analysts of woman's dress and decorative art. These patterns are far ahead of all other patterns obtainable. Get a set *now* and be up-to-date.

Several Patterns from Each Design

Designs transferred by new patented process—just a *rub of the thumb*—that's all. And each design transfers immediately to the fabric several times. The finest fabrics are unharmed by this new and delightful method. Old fashioned methods using water, hot iron, benzine and injurious fluids are crude and out-of-date and often spoil expensive materials.

Every design in this picture, and hundreds more can be made from *The World Famous* EMBROIDERY OUTFIT.

NINTH IS UNDOING OF THE CUBS AGAIN

Ainsworth Hurls Great Ball But the Steelmen Win.

Eads Myers' baseballers would be a lot farther up in the Central heap if the games were of eight innings' duration. But its the extra inning—the horrible ninth—that gets them. The Cubs lost in the ninth again yesterday, and kept up their record, too, by losing with one run.

Red Ainsworth hurled pretty classy ball for the Cubs, while Youngstown used Schletter for the Steelmen. The Cubs got one in the first. Smythie walking on Schletter's only pass in the game, Hartle beating out a boot, and Holderman smashing one to center for a single. Smyth scored.

Then in the fifth a walk and two singles produced a run for Youngstown and the game tied up till the ninth. It sure looked like overtime when that inning broke, but Ainsworth walked Thompson and he was sacrificed to second and then McAuley came across with a mighty wallop that broke up the game. Score:

Youngstown—	AB.	R.	BH.	PO.	A.	E.
Altenberg, cf.	4	0	1	4	0	0
Blount, rf.	4	0	2	2	0	0
Scheeren, lf.	4	0	0	0	0	0

Score by innings—

Youngstown	0	0	0	0	1	0	0	0	1	2
Fort Wayne	1	0	0	0	0	0	0	0	0	1

Summary: Two-base hit—Blount. Stolen base—Blount. Sacrifice hits — Sheehan, Brant, Siglin. Struck out By Ainsworth 6, by Schletter 4. Bases on balls off Ainsworth 2, off Schletter 1. Earned runs—Fort Wayne 1, Youngstown 2. Left on bases—Fort Wayne 7, Youngstown 7. Time of game 1:40. Umpire Shaw.

COSTS BOXER $10,000 TO ENTER ARENA.

TOM KENNEDY.

Los Angeles, July 8.—To begin with, it cost Tom Kennedy $10,000 to enter the profesional fight ring.

His father offered him that sum as a business nest egg to stay out of Indiana, but the former heavyweight boxing champ of the United States preferred the squared ring to any ventures in commercial lines.

Declaring he is in to stay, Kennedy is now training here to get into shape to meet Jim Coffey, the most talked of heavyweight outside of Jess Willard, preparatory to a challenge of the champion.

Having defeated Coffey once, Kennedy believes he can repeat the performance. He won the amateur heavyweight championship in 1908 and has defeated a number of hard battlers.

"Until recently I never took boxing seriously," he explained. "I considered it a joke when I won the amateur championship, for I figured I was lucky to get the title.

"My father did not want me to go into the professional ranks and offered to start me in a $10,000 business to keep me out. But I am in to stay and I am after big game."

Ora Woods, 2207 Foohey avenue, who was seriously injured when the motorcycle he was riding collided with a farmers' carriage on the Leo road, Tuesday night, is reported as improving. He is at Hope hospital.

Wayne circle, No. 45, Ladies of the G. A. R. will tender a reception to the various patriotic societies affiliated with the work of the veteran soldiers Friday evening. The reception will be given in the new meeting quarters on Calhoun street over App's shoestore.

A picnic will be given at Robison park Friday afternoon by the social circle of the Pythian Sisters.

Freddie Welsh's Wife Believes He Won.

While Freddie Welsh and Charlie White each claim the credit of outpointing each other in their recent New York fight, and while fight fans still are quarreling among themselves concerning it, Mrs. Welsh and Freddie, Jr., are perfectly sure that their champ won by a mile. On the occasion of Welsh's winning the championship, Mrs. Welsh traveled 6,000 miles with her twenty-day-old baby to be with him should he win or lose. At the recent fight she was there again, and so was the junior champ.

RUBE ROBBINS IS GIVEN HIS RELEASE

Red Hart of Old Buckeye League is New Pitcher Here.

Russell Robbins, last year strike-out king of the world, and who joined the local club early in the season amid a blaze of glory and a couple of cracker-jack wins, leaves today after a most miserable month. Robbins is a really wonderful pitcher, but a badly injured side has made it impossible for him to hold together through an entire game. He starts like wildfire and shows snatches of his splendid stuff through the game, but his side gets the best of him every little while and its then that the opposing teams get five or six in an inning. Good care may help him, and once he gets over his trouble he can come back into baseball as a wonder of the age.

Red Hart, late of the Buckeye league, and star pitcher with the Newark team, will come here today.

U. S. INSPECTION JULY 15.

Fate of Fort Wayne Militia Company Will Depend Upon Result.

The federal inspection of Company E, first provisional battalion, will be held on July 15, according to notice received Wednesday by Captain John E. Miller from the headquarters of the adjutant general.

The inspection will be made by a United States army officer. The local company now numbers the full complement of sixty-five men as required by the war department and the membership will probably reach seventy-five before the date set for the inspection.

In the event the company passes inspection the men will attend the state encampment and maneuvers at Fort Benjamin Harrison, Indianapolis. The company will be in camp one week, leaving here on Sunday, August 8, and returning Sunday, August 15.

THEY MUST BE SANITARY.

Saloon Free Lunches Now Attacked from New Quarter.

Indianapolis, Ind., July 8.—The saloon free lunch, though it survived the recent legislature, has been given a body blow by the state board of health, which has adopted a rule requiring that it be entirely sanitary. Investigations by health authorities reveal that sanitary free lunches are few and far between and, therefore, the requirement that they meet the approval of pure food inspectors is expected to have the same effect as if they were arbitrarily wiped out of existence.

HANS WAGNER SOON WILL SLIP BACKWARD

Poor old Honus! Sad the words, but all too true. John Henry Wagner, big league baseball hero for eighteen longs seasons, is standing on the brink. One little push—and over he goes. Forgotten? No, never!

Mind you, before we go any further with this story, we do not make the positive prediction that John Henry Wagner will not again bat .300 before he throws away his uniform and quits the game, says George E. McLinn in the Philadelphia Public Ledger.

Wagner has been a wonderful player; some folks declare that in all respects Honus has been the most extraordinary athlete who ever engaged in the national pastime. He has, at some time in his eighteen seasons of labor, been a leader in virtually every department of the game—batting, total base hits, extra base hits, stolen bases, runs and fielding. Yet, now that the veteran is slipping fast, these things are easily and quickly forgotten.

In baseball the crown of the hero wears seven league boots; one day it rests on the brow of a player in Boston; the next it may jump to St. Louis. Therefore, it is not because of his individual prowess in a department in one or several seasons that Honus will be remembered always.

What, then, is the one feature about the extraordinary career of the genial German which probably never will be surpassed and offhand? How has he established his superiority over the heroes of the diamond who have gone before, and, quite likely, over those who are to come?

John Henry Wagner batted in the .300 class for seventeen successive seasons. There is your answer.

They do say that consistency is a jewel; we will admit that without argument. But how often do you find it, and particularly in athletics? Nearly all contestants for honor in the sports world have their off seasons. They find one campaign when things simply will not "break right" for them. Their supply of "pep" appears exhausted, and they have to watch their average dwindling while they pray for a new supply.

But Wagner was unusually consistent; his pepper was stocked up for seventeen campaigns, and not once did he have to offer the excuse for an off season. This, above all else, makes the Dutchman the baseball marvel for all time.

Men who deal with baseball statistics differ about some of the old-timers, but as near as we can arrive at it, Wagner's batting average for the seventeen seasons, 1897 to 1913 inclusive, was about .344. His highest average was .380, compiled in 1900, and his lowest was an even .300 in 1913.

ELECTRO-TECHNIC PRIZES ANNOUNCED

Long List of Awards Put Up for Annual Field Day Events.

The following prizes will be awarded the winners in the events at the Electro-Technic club field day to be held next Saturday:

No. 1—100 yard dash: First, white sweater, Patterson-Fletcher company. Second, three months' ticket good any and every night at Colonial theater. Third, paper wardrobe, Wayne Paper Goods company.

No 2—100 yard dash for men over 50 years of age: First, one ton of coal, Home Supply company. Second, flag, Indiana Furniture company. Third, ash tray, George F. Miller drug store.

No. 3—25 yard potato race, for ladies: First, china tea set, M. F. Kaag. Second, three pairs silk hose, Wayne Knitting mills. Third, framed picture, Keil & Keil.

No. 4—Three-legged race, for men: First, pair bicycle tires, Brosius & Brosius. Second, safety razors, Brandt drug store and Dreier Drug company. Third, two phonograph records, Bert Duesler.

No. 5—100 football throwing for accuracy: First, leaded glass dome, Indiana Lighting company. Second, casting rod, Goeglein Hardware company. Third, casting rod, Seavey Hardware company.

No. 6—100 yard dash, for factory foremen: First, electric fan, Fort Wayne Electric works. Second, electric trouble lamp, Randall Auto company. Third, box cigars, Schneider Cigar company.

No. 7—50 yard dash, for heads of office departments: First, bathing suit, Shields Clothing company. Second, box cigars, Wayne Tobacco company. Third, paper wardrobe, Wayne Cigar Goods company.

No. 8—Mixed shoe contest, for boys: First, catching glove, C. E. Klein. Second, bicycle lamp, Wilkenson bicycle shop. Third, ball bat Wiegman & Gerardot.

No. 9—50 yard dash, for fat men 40 inches or over around waist: First, $5 worth groceries, Heine Grocery company. Second, shower bath spray, Miss Emanuel.

No. 10—50 yard dash, for ladies: First, three pairs silk hose, Wayne Knitting mills. Second, electric flatiron, Eugene Pauley. Third, hat, Mrs. Malloy.

No. 11—Peanut rolling contest, for company officials: First, straw hat, Tod's hat store. Second, box cigars, Cooney Bayer company. Third, paper wardrobe, Wayne Paper Goods company.

No. 12—220 yard dash: First, jewelry, Besse Jewelry company. Second, three months' ticket, good any and every night at Jefferson theater. Third, paper wardrobe, Wayne Paper Goods company.

No. 13—Baseball throwing, for ladies: First, silk umbrella, Wolf & Dessauer. Second, silver sugar bowl, Wayne Littlefield Jewelry company. Third, perfume, Miss Emanuel.

No. 14—50 yard sack race, for men: First, electric lantern, Trautman Sporting Goods company. Second, pair trousers, M. C. Feisinger.

No. 15—Relay race between departments, four men to a team: First, two boxes cigars, Al Hazzard and William Hirsche. Second, one box cigars, Kim Cigar company.

No. 16—Nail-driving contest, for ladies: First, framed picture, Pickard Furniture company. Second, silver spoon, Pfeiffer Hardware company. Third, pound box chocolates, Greek Candy Kitchen.

No. 17—Needle-threading contest, for men: First, two paper wardrobes, Wayne Paper Goods company. Second, safety razor with brush, Fort Wayne Hardware and Sporting Goods company.

No. 18—Automobile contest, running on one quart gasoline: First, portable lamp, Hattersley & Son. Second, auto goggles, Charles Meigs. Third, oversuit, M. C. Freisinger. Fourth, pliers, Stellhorn Hardware company.

No. 19—Single horseshoe pitching contest: First, hall clock, William Rastetter. Second, Dad's electric lamp, Jefferson Tire Shop.

No. 20—Double horseshoes pitching contest: First, flatiron and toaster, Fort Wayne Electric works. Second, two boxes cigars, W. J. Steckbeck, Auman Cigar company.

No. 21—Tug of war between firemen and factory teams (for championship Fort Wayne Electric works): First, box cigars, Ely Cigar company. Second, one dozen pairs canvas gloves, Union Manufacturing company. Third, silver loving cup, donor anonymous.

No. 22—Medicine ball contest between departments: First, six pairs silk hose, Wayne Knitting mills. Second, box cigars, Cooney Bayer.

No. 23—Finals for tennis championship: Electro-Technic loving cup.

A meeting of the James H. Smart school sewing class of the playgrounds, was held Thursday afternoon with Mrs. Mary Edson in charge.

DUCKY HOLMES WILL MANAGE DAYTON VETS

Compton to Be Retired From Management of Trailers.

Dayton, O., July 8.—Within the next few days, according to present plans, Howard E. "Ducky" Holmes, local boy, and present manager of the Saginaw club, will succeed Jack Compton as manager of the Dayton baseball club. The deal for Holmes, pending the closing of the South Michigan league race, has been on some time and it will likely be completed Thursday when Owner Wehner, of the local club, returns to this city. The South Michigan league went out of existence Wednesday.

Since the opening of the season the "Old Soldiers" have been a disappointment, and while various reasons for their failure have been given, it is known the owners have been anxious to make a change in the management for some time. Jack Compton was given the position of manager this season because of his long and loyal service to the Dayton club and because of his knowledge of baseball, but the owners have come to the conclusion that a change in leadership is necessary to bring the "Vets" out of the rut in which they have been since opening day.

About three weeks ago every effort was made to bring Johnny Nee back as manager, but the Erie club to whom he was loaned by the Dayton team for this season, refused to let him come and this plan had to be abandoned. Johnny after winning the pennant with the Old Soldiers last season, quit the game to enter other business, but he came back to baseball soon after the opening of the season and the Dayton club loaned him to Erie for the season, as they didn't want the ex-manager on the team, playing under another's leadership.

"Ducky" Holmes is a Dayton boy, who has had considerable major and minor league experience. At various times he has played with South Atlantic clubs, Louisville, Indianapolis, Montreal, St. Louis Nationals and various Central league teams. In 1913 he and Louis Moosbrugger, of this city, purchased the South Michigan league franchise at Saginaw, and last year Holmes' team won the championship. This year the club made a good showing, but rain and poor attendance made such inroads on the finances that the club owners of the Michigan circuit voted to quit.

If Holmes comes here, and it is practically certain he will soon be on the job, it is likely he will bring several players from the Saginaw team, whom it is believed will strengthen the local aggregation.

MUFFLED DRUMS FOR FOUR LITTLE LEAGUES

Southern Michigan Dead—Three-Eye Sinking—Funeral Notes.

Jackson, Mich., July 8.—The Southern Michigan association, for years rated as about the fastest Class C league in organized baseball, passed out of existence Wednesday with the announcement by President James Frank that it has grounded on financial rocks and will not finish the present season.

The decision not to start the second half of the season came as the culmination of a series of reverses suffered during the first month of play due chiefly to unusually bad weather conditions that cut deep into the attendance figures.

Battle Creek, Bay City and Flint were especially hard hit during the first half of the season and the league proposed to change the name of the Flint team to the "Travelers" and keep it on the road entirely. It was thought that the league would then be able to finish the season but late Tuesday evening President Frank received word from the Battle Creek club that expected financial assistance had not materialized and that the team was through.

Since its organization in 1906 with the cities of Mt. Clemens, Kalamazoo, Tecumseh, Jackson, Battle Creek and Saginaw in line, the Southern Michigan association has weathered many storms and gained an enviable reputation for sending players to higher baseball society. It is said that it sent up more players who made good in the majors and in the minors than in any other circuit of its class in the country.

With Monday's games at Phoenix and El Paso the Rio Grande Baseball association, organized two months ago, suspended because of lack of support. Phoenix, Tucson, Albuquerque and El Paso were the cities in the league.

The Bi-State league of Wisconsin and Illinois is gasping for breath and is said to stand little show of going through the season, Elgin and Aurora giving up after Monday's games.

A special meeting of the club owners of the Three-I baseball league has been called for today noon at Bloomington. Dubuque has surrendered its franchise to the league and it is said at least two other cities are ready to quit. Bad weather and lack of attendance is given as the cause.

Boys' Day Wednesday July 14th.

The annual Boys' Day will be held at Robison Park on Wednesday, July 14th. Five cent street car fare for both boys and girls from any part of Fort Wayne. The fare will be five cents for the return trip with transfer from the court house corner to your city home.

GOODRICH STEAMSHIP LINES

MRS. SLATON SAYS SHE 'TOTED' A GUN

When Georgia's Executive Was in Peril His Wife Guarded Him.

New York, July 8.—How peril made a "gun toter" of a governor's wife; how the woman accustomed to every luxury that beauty and position can command suddenly found herself learning the lesson of the pioneer wife, to "stand by and keep a stiff upper lip"; how she even went smiling to the dentist every morning during the riots that her husband might not suspect she was frightened—this is the story of Sarah Slaton.

It sounded like a chapter out of an Indian massacre, this tale of men skulking in the woods and a wife following her husband about with a gun. It sounded doubly impossible as one sat in the Waldorf-Astoria and gazed at the aristocratic, modishly gowned wife of John M. Slaton, whose last act as governor of Georgia was to commute Leo Frank's death sentence.

"I was not entirely unprepared for what happened," she said, shrinking from the melodramatic. "My husband had warned me when he told me that he was going to save Frank that it would probably mean an attempt on his life. It was 3 o'clock in the morning when he came to my room. 'Dear, I am going to save this man,' he said, 'but I want to tell you, before anyone, what it will mean to us. We will have to give up my political career, and they may try to kill me.'

"Of course, I told him he was doing just right, that I did not care a scrap for social power at the expense of what he thought was right."

NEW 'BACK TO NATURE' CULT FOUND IN OHIO

Ire of Farmers Aroused by Antics of the Unclad Faddists.

Martins Ferry, O., July 8.—Primordial man never had anything on the new "back to nature" cult recently organized here, which, in the efforts of its members to ape prehistoric conditions, has aroused the ire of farmers, their wives and wealthy suburban residents near this city.

The cult is composed of some of the most prominent young men in the city. For several weeks, the woods, mossy dells, green meadows and streams have been the rendezvous for its members, garbed only in the vestments nature gave them.

Judging by the antics of some of the cult, while going through the regenerating process, it is doubtful if prehistoric man had less care of conventions than have these products of modern civilization.

Owing to the boldness of the "cultists," indignant residents have made several complaints to the township officials, supplementing their condemnation with threats that unless something is done immediately they will take the law in their own hands.

What cure the fallists are striving for, or what purpose they have in view, no one has been able to learn.

DEATH LIST NO WSEVENTEEN.

Fifty Others Injured in Trolley Wreck at Queenstown.

Niagara Falls, Ont., July 8.—Seventeen persons were killed and fifty injured, some probably fatally, as the result of the trolley wreck on the slope of Queenstown Heights last night. Racing to catch a steamer for Toronto a special car of the International railroad, loaded with 121 passengers, left the rails on a sharp curve and plunged into a gulley fifteen feet below. The car struck a tree as it toppled over and was nearly cut in two. Of the dead nine are in the Toronto morgue and eight are in morgues here. All were residents of Toronto.

CONTINUES TO SINK.

Archbishop Quigley Can Hardly Survive the Day.

Rochester, N. Y., July 8.—At 1 o'clock Archbishop James Edward Quigley, of Chicago, continued to sink.

"It seems impossible for him to live throughout the day," said Rev. Redmond Quigley, the prelate's nephew.

For the past twenty-four hours the patient has been unable to retain nourishment of any kind. He has been unconscious since Tuesday night.

DEAD MAN MAY BE LAWSON.

Muskegon Police Suspect He Was Man Wanted at Delphi.

Muskegon, Mich., July 8.—The local police today were endeavoring to connect Everett C. Ellison, of Chicago, killed here last night while attempting to rob a restaurant, with Charles F. Lawson, wanted in Delphi, Ind., on a charge of killing John A. Scanlon, a night watchman. Ellison's alleged companion in last night's hold-up, Rulolph A. Satriani, is under arrest.

PICKS UP A LIVE WIRE.

Worthington Lad is Badly Burned Before Electrician Rescues.

Worthington, Ind., July 8.—A small son of W. C. McClaren picked up a live wire which was blown down by yesterday's storm. He was burned about the hands and feet before being rescued by W. E. Daniels, an electrician.

DRIVING ATTACK NEARER.

Carranza Forces Within Ten Miles of Mexico City.

Washington, July 8.—The Carranza forces have pushed their attack on the convention forces defending Mexico City up to within ten miles of the capital. Their military trains are operating that close to the city. State department dispatches from Vera Cruz today gave this report.

COMMISSIONERS GO AFOOT THROUGH MUD

Allen County Board Hits a Region Where Car is Useless.

Accustomed to Allen county's superb highways, County Commissioners Butt, Schwier and Black were compelled to submit to something different Thursday morning when they went down to the Adams county line to meet the board from that county to inspect the site of a culvert on the Holly road, a joint highway between the two counties. Something more than a mile from the place they purposed to visit they found the county line road a soft and unplumbed channel of mud and were compelled to abandon their sea-going automobile and make the rest of the journey afoot. The road had recently been put in repair by grading the soft dirt to the center and recent rains, especially that of Wednesday night, had put an embargo on gasoline traffic. They finally waded to the point desired and the desired change on the culvert was authorized.

Thursday afternoon the commissioners gave hearings on the Schultz road in Wayne township and the Drake road in Washington township.

NEWS OF THE COURTS.

The suit of Matthew Hildebrand vs. John Provines, growing out of a real estate deal in which fraud is alleged, is on trial before Judge Yaple and a jury in the superior court. The suit was brought here on a change of venue from the Huntington circuit court.

Receiver Jess Edison of the Minuet theater has been authorized by the superior court to issue receiver's certificates in order to pay the employes of the establishment.

The suit of Charles Hilker, et al., vs. Henry D. Hart, et al., has been dismissed from the superior court.

The will of the late Jennie Ferris has been filed for probate in the circuit court. She leaves her entire estate, real and personal, to her adopted daughter, Geneva Ferris, after making small bequests to two nephews. Frank R. Dulin is named as guardian for the beneficiary, who is a minor, and also executor of the estate.

The superior court has ordered James Noonan to pay $3 a week to his wife, Frances Noonan, who is suing for divorce, and entered a similar order for payment of $3 a week in the suit of Susie White vs. William White for divorce.

The last will and testament of the late Frederick Wursten, of Fort Wayne, has been filed for probate. The testator left his entire estate to his son, Fred T. Wursten, of Chicago, and named David H. Hogg executor.

The superior court has granted a divorce to Louise M. Kayser from Anthony Kayser, given her the custody of two minor children and an allowance of $4 a week for their support.

LICENSED TO WED.

John W. Bowers, stone road builder, 62, and Helena A. Pegg, 66.

20 KNOWN DEAD AT CINCINNATI ALONE

(Continued from Page 1).

known last night appears to be heavy, particularly in the resident sections of Clifton, Avondale and College Hill.

With one exception, that of five buildings at Sixth and Mound streets, no one locality appears to have suffered more than the other. According to reports this morning, however, it has been found that there are not many buildings in the city that have not suffered to some extent, damages to them ranging from a total collapse to a broken window pane.

Rescue Work Proceeding.

Rescue work was still proceeding early today, but it will be many hours before a full list of casualties is obtainable.

The plant of the Western Union Telegraph company on the fifteenth floor of the Ingalls building was prostrated. Windows were blown in, admitting the rain in such volume as to flood the office, rendering useless the dynamos and other equipment. A temporary panic ensued among the employes, but none was injured.

Several freight cars on the Pennsylvania railroad were overturned at Terrace park. Two of the cars contained valuable running horses. The animals stampeded and many of them were so badly injured that they had to be shot.

During the height of the storm the wind blew seventy miles an hour.

The Known Dead.

The known dead are:

James T. Allen, of the Ohio Humane society; Mrs. E. C. Cohen, Mrs. Rosa Tenenbaum, Charles Kline, Brad Williams, captain of the towboat Fulton; William Hempelman, a manufacturer; Irene Glatthaus, Philip Rizze, George Fagan, unidentified woman killed by falling tree; unidentified man killed in train wreck, caused by storm; unidentified negro killed by falling sign; unidentified woman and two unidentified men drowned by overturning shanty boat on Ohio river; eighteen deckhands and roustabouts drowned by capsizing of towboat Convoy. More than a score of other persons were injured, many seriously.

Race Horse Train Wrecked.

It was ascertained definitely today that a special train on the Pennsylvania carrying race horses from the recently ended meeting at Latonia to the eastern tracks was wrecked at Terrace park a short distance from this city.

Nine of what are considered the best horses that raced at the Latonia meeting were killed. It was also reported that two caretakers were killed and nineteen others injured, including several jockeys. The large racing stable of E. R. Bradley was on this train.

DEATH ROLL IS UNCHANGED.

St. Louis, July 8.—Reports today from the storm swept area of eastern Missouri and western Illinois, left the death roll at 7. Three persons who were reported missing at St. Charles, Mo., the largest town in the path of Wednesday's tornado, were found later to be safe.

Dawn disclosed that the damage done at St. Charles had been overestimated. While the tornado swept a section of the city eighteen blocks long by nine blocks wide, the damage, with the exception of the demolition of one church and the partial wrecking of another church, a factory, a hospital and a convent, was confined largely to the unroofing of houses and the uprooting of trees. Two hundred men were at work today building a temporary bridge for the Wabash railroad near Gilmore, Mo., the railway bridge having been swept away in yesterday's storm.

Wabash trains between Kansas City and St. Louis were routed over the Chicago, Burlington and Quincy line today between Mexico, Mo., and St. Louis. It is thought that the new bridge will be ready for use tomorrow. A summer camp at Mitchell, Ill., eleven miles north of here, was destroyed by the storm. The camp consisted of tents and cottages. No one was hurt there.

The storm in St. Charles county crossed into St. Louis county and demolished barns, scattered wheat shocks and uprooted trees. The town of St. Peters, near St. Charles, was almost demolished, but no one was seriously injured there.

Wabash Train Overturned.

Between Gilmore and Wentzville, a Wabash passenger train known as the Colorado limited, crossed the path of the storm and the first four coaches in the train were neatly plucked by the wind and laid to one side of the right of way.

Not a person was injured seriously in this accident. Those in the ditched cars ran back to the five passenger coaches left standing on the tracks; these were coupled to the tender and the train proceeded on its journey.

Two miles west of O'Fallon the wind lifted a buggy off the road, carried it with horse and three occupants through the air for 200 yards and then hurled it to the ground. Daniel Minor, the driver, escaped with a few bruises, but his wife and one child were killed.

Many Homes Demolished.

At Dardenne, Mo., the home of Thomas Flaherty was demolished and Mrs. Flaherty and their two children were killed. Fifty other homes in this town were reduced to splinters and piles of brick.

At Wejtzville, Mo., Mrs. Hermann Oberlind was killed, and at Gilmore the body of Frank Kunsel was found on the railroad station platform after the storm.

St. Charles, after a night of total darkness—the electric light plant having been put out of commission—today looked upon damage to the entire central portion of the city, including more than 100 residences.

Many Towns Isolated.

The property damage in St. Charles alone, is is believed, will aggregate nearly half a million dollars. The damage to the wheat in St. Charles and St. Louis counties is estimated at more than $100,000. A dozen towns in these counties were isolated last night, as miles upon miles of telephone and telegraph wires were on the ground a tangled mass. From St. Charles the tornado swerved across the Missouri and Mississippi rivers into Illinois. There it branched out sending cloudbursts to Rock Island and to Mounds, near Cairo, in the extreme southern part. The business sections of both these towns were flooded.

INDIANA GETS SHARE OF IT

(Continued from Page 1).

age will be over $250,000. All the large buildings of the city, including the court house, high school and Commercial hotel were partly wrecked.

FLOOD MENACES TERRE HAUTE.

Heavy Rainfall Sends Wabash River on Big Rampage.

Terre Haute, Ind., July 8.—Predictions were made by the local United States weather bureau this morning that the Wabash river would reach the flood stage as the result of the heavy rainfall in the Wabash valley last night. At 9 o'clock this morning the stage was 12.3 feet, a rise of 10.3 feet in twelve hours. The weather station reported 3.71 inches of rainfall, the heaviest ever recorded here. From 5 o'clock yesterday afternoon until 6:15 o'clock two and one-half inches of rain fell.

Street car service was hampered and telephone lines were put out of commission by the electrical storm which came with the rain. Many street cars were stopped when lightning killed the motors. Many cellars in homes about the city were filled with water when the sewers became flooded.

Farmers around Terre Haute have reported serious losses in their crops on account of the storm. In several cases crops of wheat standing shocked in the fields were washed away. A number of families were forced to abandon their homes near West Terre Haute on account of the rising waters.

LEAVE FOR SEATTLE.

Representatives From Local Lodge to Attend Shrine Convocation.

The four representatives named some time ago by Mizpah temple, A. A. O. N. M. Shrine, are on their way to Seattle, Wash., to attend the annual convocation at that place. E. H. Merritt left at noon Thursday; C. C. Schlatter left early Thursday morning and Walter Cook and M. S. Mahurin left Wednesday afternoon.

RUSSIANS ARE NOW STRONGER

(Continued from Page 1).

cording to the official reports seem to be finding themselves in some difficulty.

The much discussed campaign in the west has not yet developed though reports of a big movement of troops to that front are persistent. These forces must be new formations unless the great offensive on the east is to cease. For to withdraw troops from Poland and Galicia now would be to leave unfinished what Field Marshal von Mackensen set out to accomplish, unless the clearing of Galicia of Russians was the sole aim, and this is considered hardly probable.

The Berlin claim that the Germans have re-taken trenches near Ypres, Belgium, recently seized by the British, is not confirmed from British sources. At several points in France the Germans have been attacking violently but the only appreciable loss conceded by the French is in the St. Mihiel district. The French admit they have lost a strip of trenches measuring 700 yards. The German official statement more than doubles this distance.

Letting the Turks attack with resultant heavy loss and exhaustion, has been the recent role of the British operating against the Dardanelles. Official dispatches heretofore spoke of the fearlessness and valor of the Turks but Gen. Sir Ian Hamilton's report received yesterday said for the first time that the Turks were showing no disposition to attack.

HAND GRENADE FIGHTING.

French Driven Out After Temporary Success, Says Berlin.

Berlin, July 8.—The official statement given out today by the German army headquarters said:

"In the western theater of war: West of Souchez the French succeeded in penetrating our outer trenches over a width of 800 yards. They were driven out again by our counter attack. A second attack made by the enemy broke down under our fire. Hand grenade fighting still goes on for possession of a small section of trench in which the French still are established.

Enemy attacks on the positions which we had captured to the west of Apremont lasted throughout the day and night without any success. The number of prisoners was increased by three officers and 400 men.

"On the entire western front lively artillery battles are in progress.

"An enemy attack from the direction of Kovno was repulsed with heavy losses to the enemy.

"At Stegna, northeast of Przasnyz, a few Russian trenches were taken and retained

"Enemy advances in the region of Strzegowo and Starosreby, northeast and east of Raconz, were unsuccessful. Attempts made by our opponents to take away hill 95, to the east of Dolowatka, which we captured yesterday, failed.

"In the southeastern theater: There is no change in the situation of the German troops standing between the Dniester and the upper Vistula.

"To the west of the Upper Vistula a number of enemy positions were taken by storm."

SOISSONS IS BOMBARDED.

French Also Report Infantry Attacks of Much Violence.

Paris, July 8.—(2:35 p. m.)—The French war office this afternoon gave out a statement on the progress of hostilities as follows:

"In the region to the north of Arras there were las tevening and last night several infantry actions of considerable violence. Between Angres and Souchez, to the north of the road running from Bethune to Arras, a German attack, preceded by a very heavy bombardment, was completely repulsed. At a point to the north of the railroad station of Souchez we delivered an attack which made it possible for us to draw nearer to the village. We took possession of a line of German trenches after having put an end to all the defenders thereof by the use of hand grenades and bombs. After this we advanced beyond these trenches. We made some prisoners and captured a cannon.

"The town of Soissons has been bombarded.

"In the Argonne infantry fighting and cannonading lasted all night. At daybreak, in the region of 'Marie Therese,' the Germans made an endeavor to come out from their trenches, but they were driven back.

"Between the Meuse and the Moselle last night saw much fighting. In the forest of Apremont and in the forest of Le Pretre there was cannonading, rifle fire and the throwing of bombs, but with two exceptions no infantry engagements. These exceptions were at Faye-en-Haye and the forest of Le Pretre, where two attacks on the part of the enemy were checked by us."

Carnival tonight; extra fine cabaret. Hof Brau.

UNDERWOOD STAYS WITH ERIE.

President F. D. Underwood, of the Erie railroad, denied last night that he intends to take the place of President Thomas Shaughnessy, of the Canadian Pacific while Sir Thomas is in the government service.

"I am not going to the Canadian Pacific in any capacity whatsoever; I am going to stay with the Erie until it pays a dividend. This rumor is embarrassing and there is no truth in it."

JOHN D. IS SEVENTY-SIX.

Mr. Rockefeller Celebrates Birthday at Pocantico Hills.

New York, July 8.—John D. Rockefeller celebrated today the 76th anniversary of his birth on his estate at Pocantico Hills, Tarrytown, N. Y. He had intended to go to Forest Hills, his home in Cleveland, for the anniversary, but changed his plans within a few days. If the weather permitted, Mr. Rockefeller expected to take a round of golf on his own links, with his children and grandchildren, and spend a quiet day with his family and friends.

Carnival tonight; extra fine cabaret. Hof Brau.

The social circle of Pythian Sisters will picnic at Robison park Friday afternoon.

WINONA REVELS IN ORCHESTRA COMIQUE

Casts Aside Customary Dignity and Enjoys Musical Salmagundi.

Winona Lake, Ind., July 8.—The people of Winona laid aside their customary dignity on Wednesday evening when the Orchestra Comique gave its entertainment. Laughter and applause was freely interspersed with the numbers of this program, which was a veritable musical salmagundi. Nothing like it has ever been seen at Winona. Miss Dolly Randolph, the promoter of the entertainment, dropped into the park on Monday evening, and before she was here an hour she had called together a cast of characters representing about fifty of Winona's cleverest people. The selections by the full orchestra were startling as well as musical. Prof. Chenery, manager of the sacred opera, Egypta, was chief assistant to Miss Randolph. He was well provided with monkey wrenches, saws, hammers, nails, oil cans and other utensils, required to keep the complicated machinery in good working order.

Miss Helen Lyon and James Heaton rendered a duo for tuba and bassoon. Miss Lyon's helicon, made from thirty or forty feet of lawn hose, and Jim Heaton's bassoon, improvised from a bicycle pump, produced exquisite music.

Miss Claire Hatfield executed Silver Threads Among the Gold on a double bass viol, constructed from a clothes basket, broom, dust pan and a liberal quantity of wool twine. Three Blind Mice, specially arranged for the Winona event held the audience spell bound.

Henry Backemeyer's saxaphone spasm set the audience wild. He was recalled twice. Mr. Backemeyer is a new man at Winona, but he suddenly gained an enviable position of eminence in his brilliant debut last evening.

Paul Roberts drew some marvelous tones from his slide trombone erstwhile an adjustable hat rack, in one of the Park Row boarding houses. Miss Frances Toy perpetrated the A B C book stunt. Winona's popular citizens were freely toasted during this performance. Jim Heaton, Dr. Dickey, Gilworth, Chenery, Claycombe, the Bethany Girls, Dr. Lugenbeel, Billy Sunday, Uncle Excell and others were mercilessly run through the poetical sausage grinder, while the audience testified its appreciation in vociferous applause.

But the climax of the whole affair came when Mrs. Lincoln Dickey appeared in her Italian harp rhapsody. She astonished her hearers as she swept reel after reel of matchless chords from her clothes rack of a thousand tow strings. In the pandemonium which accompanied her closing strains, however, the prima donna was overcome with excitement and fell in a fainting fit. The prompt application of Chenery's restoratives brought her to consciousness and she received her beautiful bouquet of assorted vegetables with becoming grace.

Miss Randolph, who is a real for sure musician, played two fine selections on the violin between the two parts of the program. The Orchestra Comique made a hit beyond question, and the 1915 program was ushered in with a tremendous whirl, by its presence. The entire program with all its unique paraphernalia is fully protected by copyright.

DR. JAMES B. M'EVOY DIES VERY SUDDENLY

(Continued from Page 1).

Peru when he was quite young, where he received his early education in the Catholic school of that city. Following his graduation from the college at Sandwick, Ont., he entered the old Medical college of this city, graduating from that institution twenty years ago.

Immediately following his graduation he became interne at the Indiana state school for feeble-minded youth and later served as a member of the faculty of the local Medical college.

The following year he opened an office above the Miller drugstore, Lafayette and Wallace streets, and continued in the same office until his death. In the practice of his profession, in which he was highly successful, he became widely known and made a host of friends.

The deceased was a member of St. Patrick's Catholic church, of the Holy Name society of the same congregation and also of the Knights of Columbus.

He was married to Miss Jessie Poynter, of Cloverdale, Ind., June 11, 1903. She survives him as do three children, Paul, Poynter and Maurice. The mother, Mrs. Mary A. McEvoy, of Kalamazoo, and the following brothers and sisters also survive: Mrs. Roy Bollinger, Miss Madaline McEvoy and Dr. Francis McEvoy, all of Kalamazoo.

Funeral services Friday morning at 11 o'clock at St. Patrick's Catholic church.

The remains will be sent to Kalamazoo for burial.

IS IT AN ANSWER TO HOLT'S DIRE THREAT?

(Continued from Page 1).

to his wife in Dallas when he wrote that one of them should sink on July 7.

Further inquiry was conducted by the police today to discover what had become of the sixty pounds of dynamite missing from Holt's store of explosives hidden here. Although it appeared Holt had bought 40 per cent. dynamite, that found in his trunk was the 60 per cent. kind. This suggested a possibility that all his explosives had not been found.

Find No Accomplices.

Thus far the police authorities have not been able to discover that Holt had any accomplices in the making or placing of his bombs.

Police Commissioner Woods said the indications were that Holt was working alone.

Arrangements had been made to hold an inquest on Holt's suicide today. His identification as Erich Muenter, indicted in Cambridge, Mass., for the murder of his wife, was regarded by the authorities as complete. J. P. Morgan, who was shot by Holt, had so far recovered yesterday as to be able to walk about his house at Glencove, and his family hoped that today the financier would be able to go out doors for the first time since he was shot.

IN THE CHURCHES

AN AUTOMOBILE TOUR.

Teachers of Ohio Lutheran Synod Will Make a Trip About City.

In place of the devotional services which was to mark the close of the annual session of the Lutheran teachers of the Ohio synod, an automobile trip around the city has been planned. The visiting delegates will be given an opportunity of seeing the many pretty spots of Fort Wayne. The pastor who was to deliver the sermon Thursday evening was unable to come, therefore the change.

Thursday morning the teachers continued the discussion of subjects pertaining to the parochial schools. Prof. L. Totzke and Prof. H. M. Wagenbauer, both of Detroit, conducted a class, giving the delegates an opportunity of witnessing the demonstration.

* * *

Return From Camp Lakeside.

All but thirteen of the forty girls who spent their Fourth of July vacation at Camp Lakeside, the summer resort for the local Y. W. C. A., have returned and all report having had a fine time. While there they enjoyed a hayrack ride, a wiener roast, out door picnic and other sports common at the lakes.

* * *

Give Banquet to Mrs. Donnan.

The members of the bible class at the First Presbyterian Sunday school are giving a banquet this evening in honor of Mrs. A. E. Donnan, who has taught the class with such marked success. The banquet is to be given at the church. Mrs. Donnan leaves the city soon.

* * *

First Versus Southside Church.

Thursday evening, July 8, the Men's Bible class of the First Baptist church will debate on an important question of the day with the Men's class of the Southside church. The event will be given at the First church beginning at 8 o'clock.

* * *

The Woman's Missionary society of the First Presbyterian church meets Friday in the class rooms of the church.

FUNERAL NOTICES.

Schwier.—Funeral services for William F. Schwier will be held Friday afternoon at 2 o'clock at the residence, 534 East Jefferson street, and at 2:30 o'clock at St. Paul's Lutheran church. Rev. Jacob Miller officiating. Interment at Concordia.

Foltz.—Funeral services for Samuel C. Foltz will be held Saturday afternoon at 2 o'clock at the residence, 330 Montgomery street. Interment at Lindenwood.

Siemon.—Funeral services for Charles E. Siemon will be held Friday afternoon at the residence, 2710 Gay street, at 2 o'clock. Services will be private. Interment at Lindenwood.

Sol A. Wood went to Indianapolis Thursday morning to attend the annual meeting of the state bar association.

Carnival tonight; extra fine cabaret. Hof Brau.

New Assistant at St. Mary's Church

REV. GEORGE HASSER.

Rev. George Hasser, just appointed by Rt. Rev. Bishop Alerding as assistant to Rt. Rev. Mgr. J. H. Oechtering, rector of St. Mary's Catholic church, arrived in the city Wednesday evening to begin his new duties.

Rev. Father Hasser, whose home is at Fowler, was ordained to the priesthood by Rt. Rev. Bishop Alerding on June 18. He is a graduate of St. Meinrad's.

The married ladies of St. Peter's Catholic church will give a pedro party in the school hall Friday afternoon.

HOLD UP LETTING OF CONTRACT

Fort Wayne Electric Works Opens Bids for Building.

Although sealed bids were received and opened yesterday the officials of the Fort Wayne Electric works state that the contract for the new building will not be awarded at once, but that a further consultation with the architects will be necessary before the matter is definitely settled.

The building is a large new store house to be erected on ground recently leased from the Wabash railroad. The old storehouse probably will be abandoned. It is a ramshackle frame affair with a tin coating, and is none the better for age nor wear.

NEW BOOKS AT LIBRARY.

Important Additions to Business and Municipal Department.

The following books were added to the collection in the business and municipal department of the public library during the month of June:

Harris, R. S., Practical Banking.

BLOW TO RAILROAD OFFICIALS.

Their Good Friend and Adviser Charles J. Murphy Locked Up.

Charles J. Murphy, a member of the Indiana public service commission, was arrested yesterday charged with violating the city traffic ordinances. The arrest was made in Indianapolis by a traffic officer, and is said to have grown out of the refusal of Murphy to obey the instructions of the policeman relative to the manner in which he crossed the street. Murphy was sent to police headquarters in a patrol wagon, according to report, and was facing the lockup when Judge James E. Deery, of the city court, went to the rescue and allowed him to go on his own recognizance.

ANNIVERSARY OF FAMOUS WRECK.

The heavy rains of the past few days and the delay to traffic on many of the roads hereabouts recalls a similar experience in the month of July, 1892. The Wabash twenty-three years ago had one of its worst wrecks, due to heavy rain. The entire force of operating chiefs of the eastern division at Peru, with the exception of Roadmaster A. B. Adams, was drowned in a culvert over Kentner's Creek near Kellar's station (now known as Rich Valley). The creek had been swollen out of its banks and had washed the bridge away. The Wabash officials fearing bad track at several points had sent out a special train from Peru to feel the way over several bad spots. Engine 174, then brand new and built by Wabash mechanics, was sent out in the storm and was pushing several empty flat cars ahead of it as a feeler. At Kentner's creek the cars ran into the washout but gave no warning. The engine piled in on top and all of the officials who were riding in the cab of the engine were drowned. Roadmaster Adams had been in the engine cab which he found too crowded, and he went back to the caboose and consequently escaped death.

LONG IN SERVICE.

Michael J. McGrath, Batavia, N. Y., yesterday was retired on a pension by the New York Central railroad. He was in the service 53 years and never lost a day through illness. It is estimated that he ran a pusher engine 277,500 miles. He was baggageman at Batavia when President Lincoln's body was taken to Illinois. Besides his New York Central pension he will get one from the Brotherhood of Locomotive Engineers.

WABASH PAY DAY.

Paymaster George E. Francisco, pilot of the Wabash joy cart, will arrive in the city Saturday morning and for an hour or two will dispense their semi-monthly stipends to the employes here.

INDUSTRIAL NOTES

W. C. Slater, of the Bass Foundry and Machine company, is at Cleveland on business.

A. B. Zuber has returned to work at the Pennsylvania boiler shop after being off duty with a severely bruised shoulder.

W. H. Miller, of the Pennsylvania company machine shop had a hand badly cut yesterday when a heavy frame came down on it.

The following officers have been named by the Typographical Apprentice club: W. Daley was named president; R. McCreary, vice president; J. Teusaint, secretary, and R. Motter was re-elected sergeant-at-arms.

At a meeting of the stockholders in the new Union Co-operative store the management announced that the first three days had totalled $2,687. This is a great deal more than was expected and the stock-holders are delighted with the results.

NEW RULES TO COST AN ENORMOUS SUM

Recommendations Made for the Safe Handling of Electricity.

To comply with the recommendations that have been made by the National Electrical Safety code through the bureau of standards will cost the Fort Wayne and Northern Indiana Traction company thousands of dollars.

J. J. Brennan, superintendent of transportation of the company, was at Indianapolis, Thursday, meeting with a committee representing the Central Electric Railway association, which is working in conjunction with the bureau, for a modification of the rules that have already been proposed.

All rooms or spaces in which electricity supply equipment is installed shall comply with the following requirements: "They shall be used for no hazardous process except production of a supply of electrical energy. They should be free from inflammable gas and flyings; indoor stations should be dry and well ventilated. In out-door stations in wet tunnels or subways all live parts of equipment should be enclosed in tight metal cases or otherwise properly protected. Floors shall be level and afford secure footings."

Many of the rules are put in the mandatory form by use of "shall," while others intended as strong recommendations "should" is used to indicate that fact.

The purpose of the new rules is to provide for the safe handling of electricity.

Samuel W. Greenland, general manager of the Fort Wayne and Northern Indiana Traction company, left Thursday morning, accompanied by Mrs. Greenland and two children, for Gun lake, near Shelbyville, Mich. Mr. Greenland expects to return Friday, while his family will remain for the remainder of the summer.

WOMAN SPURNS $300 OFFER FOR HUSBAND

Chicago, July 8.—Mrs. Orsando offered me $500 if I would let her have my husband. I wouldn't do it."

Mrs. Anna Haslik, of 1922 South Morgan street, who appeared yesterday in the Maxwell street court to prosecute Mrs. Elizabeth Orsando, a widow, who lives at 549 West Eighteenth street, made this charge. Her son, John, 7 years old, was with her.

"John and I want him," she told the judge. "He is my boy's father, and I'm not going to give him up for any woman, or for money."

"I never offered her $500," said Mrs. Orsando, "he isn't worth it."

Mrs. Orsando was found guilty of disorderly conduct and fined $10 and costs.

British Columbia has 57,608 students in its schools and colleges.

FEATURES THAT DISTINGUISH Harrison Hill

Convenient Location Harrison Hill is the heart of the NEW South Wayne. Due south on Calhoun street, the principal thoroughfare of the city; fifteen minutes' ride on the car line which goes direct to Harrison Hill. Just two blocks from the New South Side School site. Fronts on the north on Rudisill Boulevard, part of the "around the city boulevard system."

High Ground Standing on Harrison Hill you can look over the city to the north and over the rolling country to the south. Harrison Hill is 35 to 50 feet above the level of the sidewalk around the court house.

Modern Platting Harrison Hill is platted along twentieth century lines, taking into account modern conditions of life. The streets are planned for motor traffic rather than horse drawn vehicles, with wide, sweeping curves and long distances between cross streets. The lots are planned for the kind of homes we build today with sufficient variety in size to take care of various sized houses. There is more space devoted to playgrounds and parks in Harrison Hill than in any other addition in the city.

Improvements All Installed Work on these improvements is now in progress. They include asphaltic concrete paving, concrete sidewalks, ornamental lighting system, trees, shrubbery and ornamental entrances; all these besides the absolutely necesary improvements such as sewers, water, gas, etc.

Restrictions That Protect You The building restrictions on Harrison Hill are the kind that bring the right kind of people into the neighborhood, folks you will like to have live near you. There will be no "cheap" houses in Harrison Hill; every house will be a HOME in the best sense of the word, and the owners will be people that CARE, people that will keep their homes up. You will be proud to say, "I live in Harrison Hill."

WHAT gives value to city home property? People, nothing in the world but people. Without people city property would be worth nothing.

What brings people to city property?

Improvements, nothing in the world but improvements. Without sewers, water, lights, walks, etc., city property would not be livable.

What increases the value of city property above the ordinary values?

Restrictions, nothing in the world but restrictions. For restrictions bring the right kind of people to the neighborhood; it is restrictions that mark the difference between South Wayne and the Rolling Mill district.

Harrison Hill will have them all. Harrison Hill will have all improvements, so that people CAN live there; Harrison Hill will be restricted so that the best people WILL live there.

Real proof is the fact that at this date six houses are already started in Harrison Hill.

Buy where people live, where the right kind of people live, and you are getting home property of real value, of constantly increasing value.

BUY, BUILD And LIVE IN HARRISON HILL

TO RECEIVE BIDS FOR CEMENT WALKS

Board of Works Will Open Proposals for Heavy Batch of Work.

At its regular meeting Thursday night the board of works will open bids for the construction of a big batch of cement sidewalks and for the construction of four local sewers. The work for which proposals will be received is as follows:

Sidewalks—Lewis street, north side, Francis to Anthony, and south side, Ohio to Anthony; Oliver street, east side, Thayer to Eckart; Bowser avenue, west side, McKee to Eckart; Bolton avenue, west side, Horace to Creighton, and west side, Pontiac to Colerick; Reed street, west side, Pontiac to Colerick, and east side, point 66 feet south of north line of Hough's outlot No. 6 to Colerick; Winter street, west side, between the same points; Melita street, south side, Harrison to Hoagland; Bass street, both sides, Hoagland to Fairfield; Hoagland avenue, east side, Packard to Organ; Webster street, both sides, Darrow to Rudisill; Gumpper avenue, both sides, Calhoun to Webster; Nelson street, both sides, Washington to Jefferson; Boone street, both sides, Cherry to Watkins; High street, south side, west end of present walk to G. R. & I. railroad; Schilling avenue, east side, High to Sinclair; Third street, both sides, St. Mary's to Runion.

Sewers—In alley west of Nelson street, from alley north of Guthrie, south on Guthrie and on Thompson avenue to Huestis avenue; in alley between Alexander and Abbott streets, frm Eckart street north; in alley between Wells and Cass streets, from Jacobs avenue to State boulevard; in alley between Wayne and Washington streets, from Garden street west.

POSTPONE BOULEVARD PAVING.

After discussing the matter at its meeting Wednesday afternoon the board of park commissioners definitely reached a conclusion to postpone the paving of Rudisill boulevard from Calhoun street west until next year, and decided to do no more than grade that thoroughfare this year. The board approved the primary assessment roll for the grading, parking and draining of Anthony boulevard from the Maumee river to State boulevard and fixed Aug. 3 as the date for the final hearing. Bids were received from the Fort Wayne Oil and Supply company and the Goulds Manufacturing company for furnishing and installing a pump to supply water for the Lakeside park and lagoons. The bids were referred to Park Engineer A. K. Hofer.

WILL FILE AFFIDAVITS.

A drastic policy to enforce the regulations for clean milk will be at once inaugurated by the city health department. Affidavits will be filed against all dairymen who deliver milk found to contain visible dirt. Complaints to the board are frequent that dirty milk is served to consumers. Warnings have been many, but prosecutions few. The order will be reversed.

THE BIRTH RECORD.

CHICAGO GRAIN AND PROVISIONS.

Chicago, July 8.—Storms throughout the Ohio valley resulted today in general commission house buying of July wheat. Other options which were at first relatively weak responded soon to the strength of July. Opening prices, which ranged from ⅛c to 1⅜c up, were followed by the market steadying at a moderate advance all around above last night's level.

The close was steady at 1@1⅛c to 1⅝@1¾c above last night.

Corn hardened with wheat. After opening ⅜@½c to ⅝c higher, prices made some slight additional gains. Fear that storm damage had been serious gave independent firmness to oats. July shorts covered freely.

The close was steady at 1c to 1⅝c net advance.

Lower prices for hogs carried down provisions. Pork, especially, was weak.

Range of Prices for the Day.
Chicago, July 8, 1915.

Wheat	Opening.	High.	Low.	Close.
July	1.08¾	1.10¾	1.08½	1.09¼

SLIDEE, GLIDEE, HOPPEE—MELICAN TANGO GOOD LIKE MELICAN TRADE.

New York, July 8.—China sent a bunch of bankers and business men to the United States to pick up a few "get-rich-quick" hints. They came. They saw—Jawn D. and "Yim" Hill and some other magnates, but they also saw the Castles, Al Joleon, et al, and they are going back to China to tell the folks about the "hoppee, slidee, pushee, jumpee foxee trottee" the Americans do.

George Wung-Lung, an amusement manager in China, says he'll bring a Broadway dancing team back to Hong Kong's gay white way to teach the orient how to tango.

And maybe the commission will not forget to report what the bankers told them about trade conditions in America.

THE DAY ON WALL STREET.

New York, July 8.—Liquidation was resumed today at the opening, all parts of the list recording declines. Louisville and Nashville, St. Paul, Canadian Pacific and Southern Pacific, yesterday's weakest features, lost one to two points in the initial dealings. Chicago and Northwestern fell to 118, the lowest price in years. Missouri Pacific at 4¼ made a new low, and secondary railways, as well as industrials, declined fractions. U. S. Steel was the most steady leader, soon recovering its moderate decline. Trading was active but in small volume. Rallies were quite general before the end of the first half hour.

The rally carried some stocks well above yesterday's close but was followed by renewed selling of Southern railroad shares, L. & N. and Southern railway preferred making new low records. On the second rebound the market became listless, with narrow price changes. Among the high priced specialties American Cotton product was conspicuous for a further gain of 6½ points. Sales of Japanese 4½ per cent. bonds bearing the German stamp suggested liquidation by Berlin.

Publication of the government crop report showing unfavorable conditions in corn caused further recessions in the final hour. The closing was heavy.

THE WEATHER.

OFFICIAL FORECASTS.

Forecast till 7 p. m. Friday:
For Fort Wayne and vicinity: Tonight and Friday fair; warmer Friday.
For Indiana: Tonight and Friday fair; rising temperature Friday.
For Ohio: Fair tonight and Friday.
For Lower Michigan: Fair tonight and Friday; rising temperature Friday, and in south portion tonight.

WEATHER CONDITIONS.

The weather has been generally fair in the western sections, although showers have occurred in localities on the north Pacific coast and in Montana and northern Wyoming. Local showers have also occurred in the east gulf states and in northern Florida. In connection with the northeastward movement of the western storm to western Pennsylvania rains have occurred in the central Mississippi and Ohio valleys and in the southern portion of the lake region, with heavy amounts at many stations. At Indianapolis the fall was 4.22 inches. Temperatures are practically normal in the various sections of the country, and during the last 24 hours no marked change in temperature has occurred.

Fair weather is indicated for this vicinity tonight and Friday, with higher temperature Friday.

BEES INVADE A HOTEL.

Guests at Elwood Proceed to Hive Swarming Visitors.

Elwood, Ind., July 8.—Guests of the Alpine hotel here were badly frightened when a swarm of bees invaded the hotel, apparently with the idea of taking possession. With dishpans and other devices the guests and attaches of the house formed a noise-making brigade and settled the bees on shrubbery in the hotel yard. The bees were hived.

NOTICE TO NON-RESIDENTS.

DEPARTMENT OF PUBLIC PARKS.
OFFICE OF THE BOARD OF PARK COMMISSIONERS OF THE CITY OF FORT WAYNE, INDIANA.
Fort Wayne, Indiana, July 7, 1915.

The following persons, whose names hereinafter follow, believed to be non-residents of the City of Fort Wayne, and of the State of Indiana, or being persons whose residence is unknown, and all other non-residents owning real estate within the special park district of said city, as established by Boulevard Improvement Resolution Number Nine (9), will take notice that said Board has approved the primary assessment roll showing the preliminary assessment of benefits for improving Anthony Boulevard, within its limits, from the Maumee River to State Boulevard, as authorized by Boulevard Improvement Resolution Number Nine (9), adopted by said Board October 17th, 1914.

That said Board has fixed Tuesday, August 3rd, 1915, at 4:00 o'clock P. M., as the date on which remonstrances will be received and heard at the office of said Board, against the amount of benefit assessed. The following persons, whose residence is unknown, or who are non-residents, followed by the addition or sub-division in which their property is situated, and the number of the lot, outlot or block, and the amount of benefits assessed, are hereby notified of said proceedings, to-wit:

Heine, William, Forest Park Add., Lots 1, 2 and 3, Block 21 .... $80.76
Homan, Irvin, Anthony Boulevard Place, Lot 68 .... 25.70
Parish, Raleigh C., Anthony Boulevard Place, Lot 91 .... 31.82
Salzbrenner, Eva K., Forest Park Add., Lot 11, Block 21 .... 26.92
Sautter, Fred W. & Louise, Anthony Boulevard Place, Lots 23, 24 and 25 .... 91.79

Said assessment roll, showing said prima facie assessment of benefits, with the names of owners and description of property, is on file and may be seen at the office of the Board of Park Commissioners of said city.

DAVID N. FOSTER,
LOUIS FOX,
LOUIS DORN,
ABE ACKERMAN,
Board of Park Commissioners of the City of Fort Wayne, Indiana.
Attest: CHARLES J. STEISS,
Secretary.

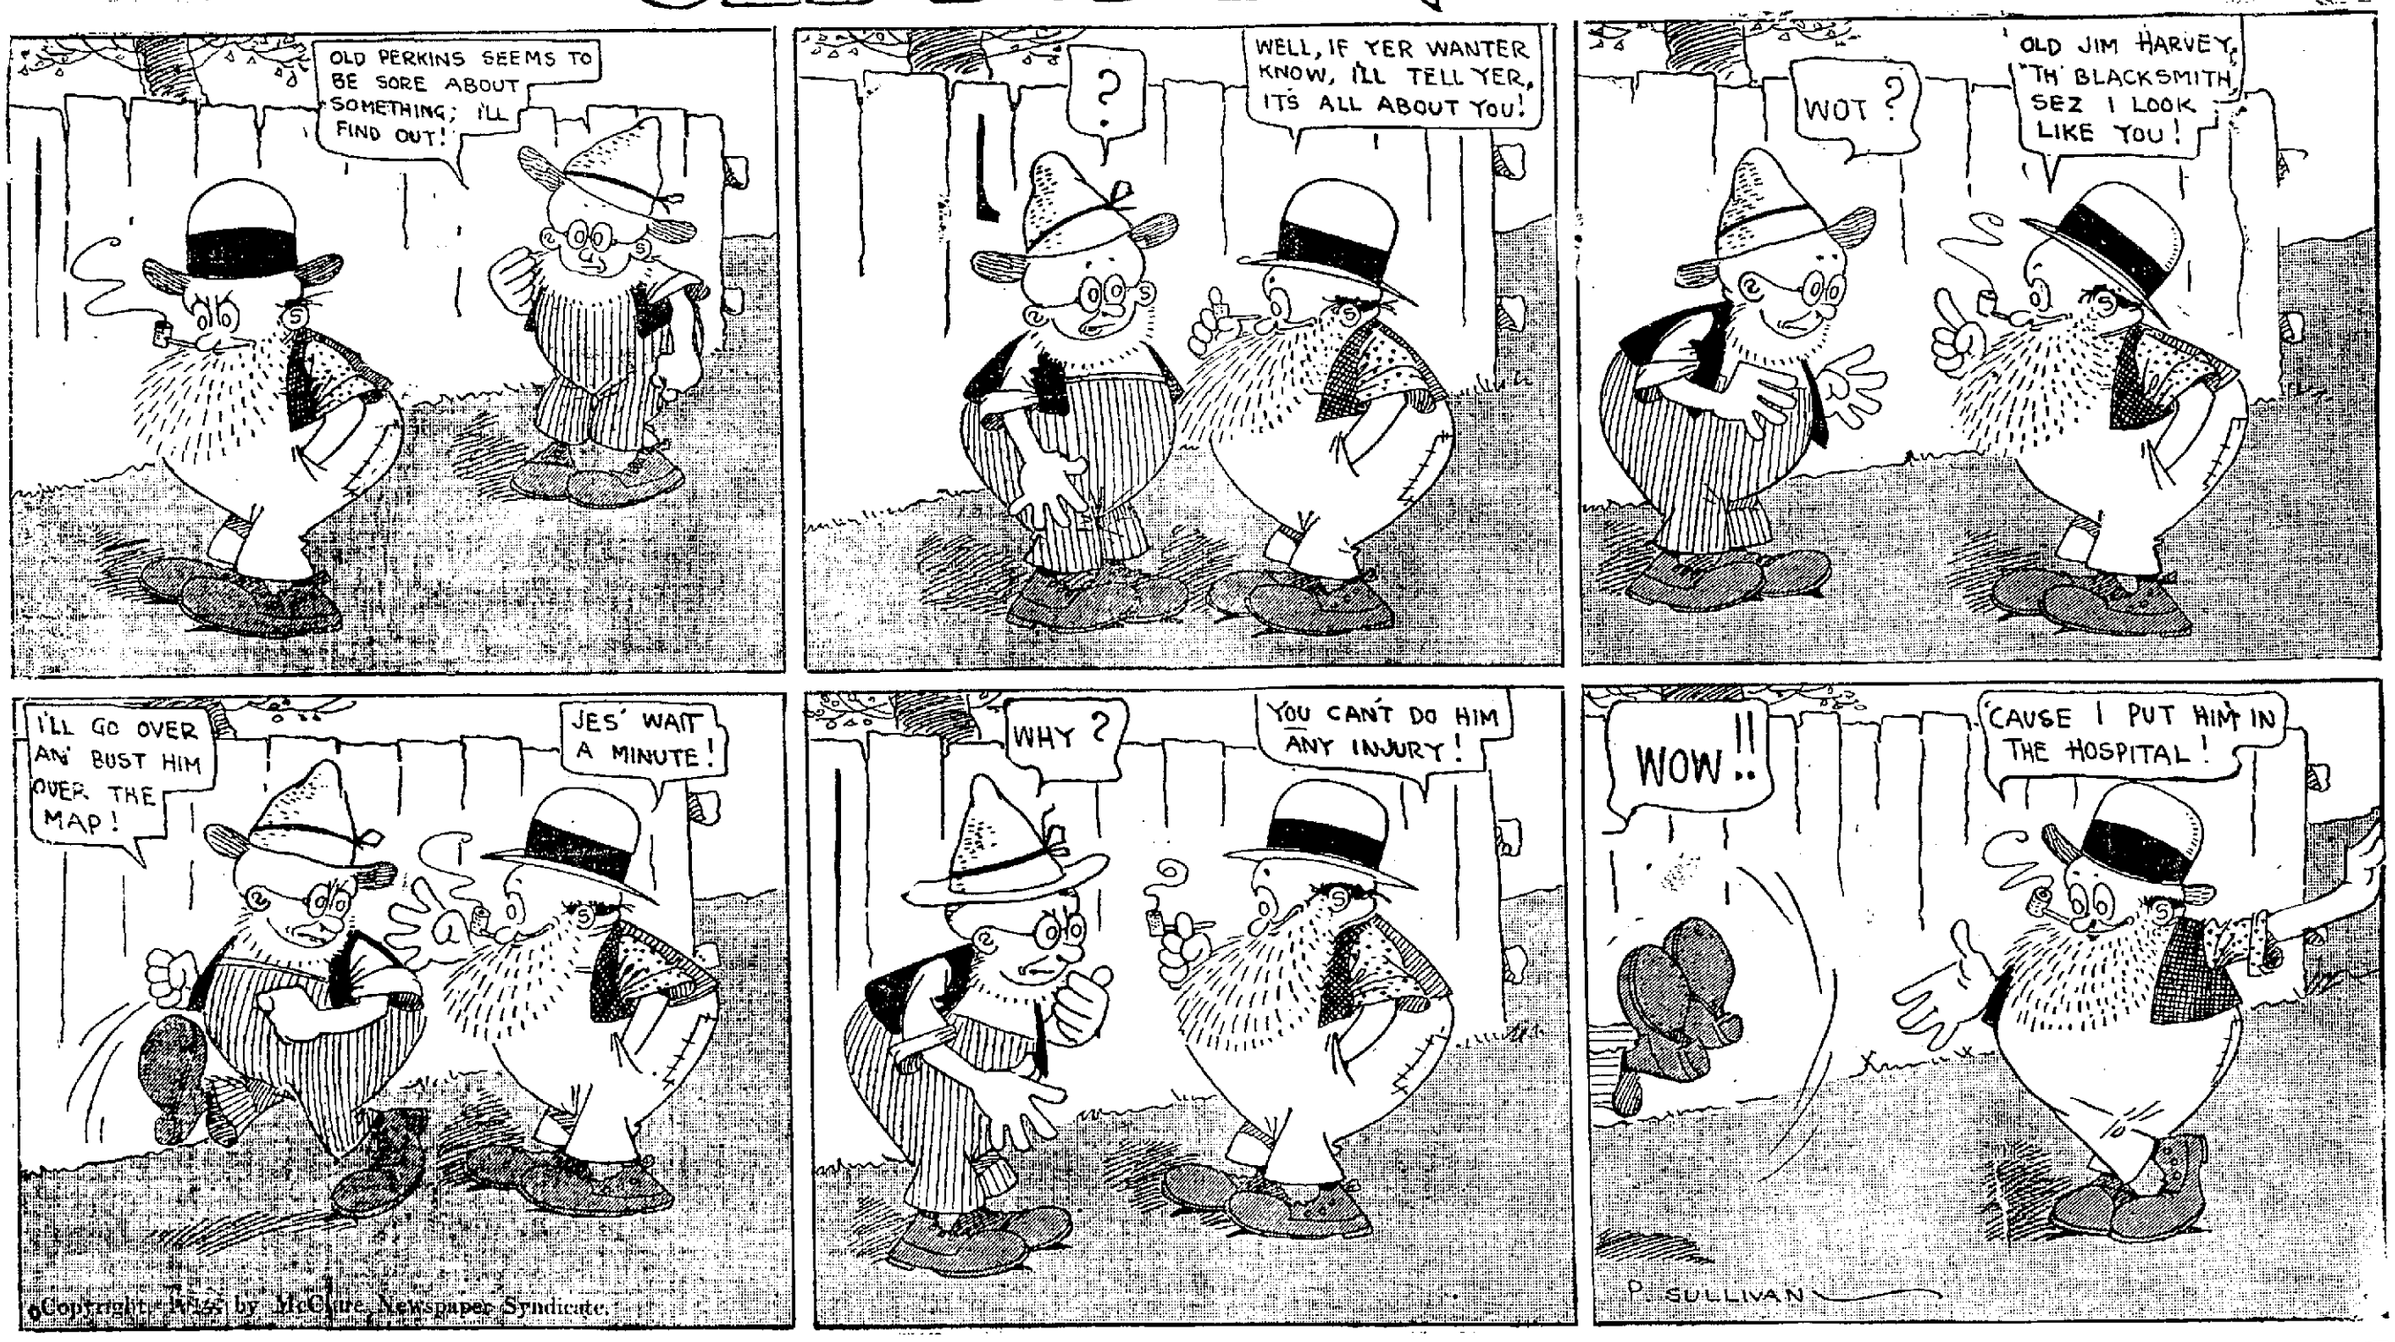
"OLD POP PERKINS"



FORD EXPERT TO TELL HIS MEN HOW TO EAT

Will Establish Department of Dietetics in Detroit Hospital.

Detroit, July 8.—"Eat only when hungry, and then eat less than you feel you need. Try this for a week and I'll guarantee you'll feel much healthier."—Henry Ford.

Firmly convinced that people consume three times as much food as they should and that gluttony causes brain sluggishness and a "booze" appetite, Mr. Ford, who has shown approval of the theories of Major General W. C. Gorgas, has directed Dr. James E. Mead to establish in the new Ford General hospital a department of dietetics, the object of which will be to teach the public to eat less and how to eat.

"We agree that too much food causes men to be sluggish of brain and abnormal of appetite," said Dr. Mead in discussing the new department and explaining Mr. Ford's ideas regarding the dietetic department. "Many of the best authorities blame a great deal of the passion for liquor upon gluttony.

"The department of dietetics will be one of our means of prevention of illness, which, we agree, is better than cure. While we are prepared to cure cases of addiction to drugs and to liquor, we prefer to prevent them."

To Teach How to Eat.

Mr. Ford's hospital plans, in substance, are as follows:

New department in public hospital to teach people how to eat.

People to have benefit of expert dietician.

Less eating is expected to prevent cases of alcoholism.

One thousand private rooms for the middle class to be provided at new hospital, the charge for a sick man to be $2 a day, including room, board and nurse attendance.

Nurses to work in three shifts; no nurse to work more than eight hours a day.

New buildings at hospital to be built around a garden.

Lake to be made in front of hospital.

The department is in line with Mr. Ford's propaganda looking toward efficiency of men. The many thousands of Ford employes will be taught to subsist on less food and it is believed fully a million dollars can be saved by the employes in this manner.

This work will not be confined to his employes. Any who will learn are welcome to all the benefits of the discoveries made by his staff of physicians.

Hanging Day May Develop Into Public Picnic to See Five Wretches Pay Penalty for Crimes

Mississippi Gallows to Be Worked Overtime While Girls and Boys, Mothers With Babes in Their Arms Stand by to Watch Death Writhings of Hangman's Victims.

(By Frederick E. Hamlin.)

New Orleans, La., July 8.—A storm of protest is going up all over Mississippi and other parts of the country over "hangman's day," August 6, in this state.

On that day five murderers will pay the death penalty, two of them are white men. The others are negroes. On August 5 another negro will be hanged.

Six hangings in two days in Mississippi and every one will be a holiday event!

The executions will be in broad daylight, there will be no limit on the number of persons to attend and anyone can witness the gruesome events.

Scratch of Pen Will Save.

The scratch of a pen in the hands of Gov. Earl Brewer, of Jackson, Miss., can save all these men.

Strong appeals are being prepared by friends and relatives of the condemned men to have him commute the sentences to life imprisonment, their main argument being that the wholesale executions will be as much of a stain on the history of Mississippi as the hanging of Leo M. Frank would have been on Georgia.

The two white men scheduled to die on the gallows are S. L. Johnson, convicted of the murder of a man named A. E. Brewer in July, 1913, and J. Tabor, civil war veteran, convicted of murdering his daughter-in-law. The negroes are: Bunyan Walker, convicted slayer of Tom Scales in Jefferson county, September, 1914; Peter Bolen and H. Sealed, slayers of Will Taylor in Oktibbeha county, October, 1914.

The man who will hang August 5 is Will Pellmore, negro, who was convicted of killing his cousin, Elsie Pellmore, and wounding two other relatives. The execution will be staged in Port Gibson, Miss.

So barbarous have been many of the recent lynchings and so strongly has mob spirit ruled at public executions that a wave of sentiment against "hangings" already is being felt in this part of the country.

Take the public executions at Bay Springs, Miss., and Aberdeen, Miss.

Excursions to See Men Hanged.

You would have thought the towns were holding a county fair or street carnival instead of hangings. People came from every direction. From Laurel, Miss., a dozen miles or so from Bay Springs, an excursion train was run. It carried nearly 1,000 persons.

The negro in the case was Mose Johnson. He had held up and robbed a lumber company pay car, shot and killed the paymaster and wounded two other white men. Posses searched and searched. A deputy sheriff stumbled over him in the woods near the scene of the crime. He had buried $2,000 and was digging up some of it "fo' gin."

That night in the Bay Springs jail, Sheriff C. Jones and twenty deputies stood guard.

Where five men will be hanged! Scene at a public execution at Bay Springs, Miss. The crowd was as jovial as if at a picnic. Note the woman with a baby in her arms standing in the foreground.

At midnight a mob came from Laurel and demanded that the negro be surrendered.

The sheriff told the mob to "come and get him."

After an hour's wait, he sent out a messenger with a note that read like this:

"Say, I'm getting tired of waiting. I want to go to bed, and if you fellows are going to get Mose, you'd better hurry up."

The sheriff bluffed 'em out.

A week later, after a fair trial the negro was condemned to death.

A scaffold was erected in the court house yard and the board of supervisors of the county ordered a public execution.

Seven thousand men, women and children, some babies, were witnesses.

Just a week after the Bay Springs case, the morbid got another "treat" at Aberdeen, Miss. A negro murderer, condemned to death fell in a faint two days before the day of his execution.

Braces were built on the scaffold to hold his unconscious form while the trap was set and sprung.

More than 5,000 persons saw that horror.

Some of the recent lynchings and even executions in Louisiana and Mississippi have been revolting.

There is one in particular. It occurred at St. James, La., across the river from Gramercy, La., on May 8, 1914, and the revolting details have never before been published.

The negro in the case, Sylvester Washington, shot and killed a deputy sheriff at Gramercy and escaped to the woods across the river.

The next afternoon a mob cornered the fugitive hiding under a corn crib on a plantation.

A pitched battle followed. When the fugitive's ammunition gave out, someone in the mob crawled to the crib and set it afire.

Crowd Has No Mercy.

The negro came from his hiding place and everyone took a shot for luck!

The body was burned and the mob dispersed. That evening, several Gramercy men and boys in an automobile went to St. James, exhumed the bullet-riddled body. A rope was tied around the feet and the other end to the rear of the auto.

Through St. James, onto the ferry and through the streets of Gramercy, a town of 8,000, the gruesome procession went at high speed.

Torn to shreds, the corpse finally was buried on the river bank.

The Gramercy horror was almost duplicated to the most minute detail a little later at Slidell, La., not more than fifty miles from Gramercy.

A more startling and perhaps revolting evidence of how mobs work was shown in Shreveport, La., where five negroes were lynched during December.

In the investigation by state and parish officials of the wholesale lynchings, Dr. A. Herold, parish coroner, swore that Dr. A. D. Hatcher, of Flournoy, and J. M. Mays, a police juror of Greenwood, and two deputy sheriffs were in the mobs.

It was also brought out that Miss Bee Alexander, a manicurist, rode in the "murder auto" that took one of the victims from the Shreveport jail.

On the witness stand, she said she saw preparations for burning the negro at the stake, but, sickening, turned away as the flames flared up.

IS BUILDING NEW HOME.

Work Has Been Begun on William F. Moellering's $12,000 Residence.

Work has been begun on the new residence of William F. Moellering, who now resides at 323 East Washington street, which will cost in the neighborhood of $12,600. The plans were drawn by Griffith & Fair and the general contract has been awarded to Fred Boester. Max Irmischer is doing the mason work. The new beautiful house will be situated at 315 East Washington street.

The building will be a ten room house built of brick, tile roof and stone trimmings and a basement under the entire structure.

The Turner ladies will give a pedro party Friday afternoon in Turner hall.

It's to be a Furniture Christmas this year—Therefore buy that Christmas Present now—at Foster's. You can buy a nice white iron crib for the baby, making a deposit of 50c now, 60c in August, 70c in September, 80c in October, 90c in November, and the last deposit, $1.00, in December, or you can reverse the deposits.
